*Decision Status:* **ARC provided input on conceptual renderings for a new gymnasium structure to house a regulation size basketball court to replace smaller gym/court, Applicant to return to meeting with full application**

*Motion:* Conte *Second:* Hein Vote: 6-0 (voting: Hein, Conte, Boldt, Cohen, Contadino, Krueger)

**ARC found the proposed gymnasium structure looks very large, heavy and too much like a butler building. The committee pointed to the adjacent building and the use of smaller façade elements which reduces the appearance of the massing. ARC was concerned that the new building breaks up the existing colonnade. ARC does not find the stair towers successful. ARC recommends introducing natural light into the new gymnasium. Trees and landscaping should be incorporated to anchor the new structure and the possibility of incorporating a flat green roof was suggested. The logo shown on the renderings looks very large, does not appear to meet Building Zone Regulations and any signage/logo will require ARC review.**
