Board of Selectmen Meeting
Friday, July 17, 2015
10:00 a.m.
Town Hall Meeting Room

AGENDA

1. Welcome and Pledge of Allegiance

2. Approval of Minutes
   a. Board of Selectmen Regular Meeting on June 11, 2015
   b. Board of Selectmen Special Meeting on June 19, 2015
   c. Board of Selectmen Special Meeting on June 29, 2015

3. First Selectman’s Updates – Peter J. Tesei

4. Old Business

5. New Business
   a. Greenwich Police Department – Veteran’s Day March – November 11, 2015
   b. Greenwich 375th Anniversary update – Davidde Strackbein, Chairman

6. Appointments and Nominations

7. Executive Session
   a. Pending Workers’ Compensation Claim
   b. Pending Tax Appeals

8. Adjourn
Town of Greenwich
Board of Selectmen Meeting
June 11, 2015
10:00 a.m.
Town Hall Meeting Room

Draft Minutes

1. **The meeting opened at 10:31 a.m. with the Pledge of Allegiance.**
   a. Attendance:
      i. First Selectman Peter J. Tesei – Present
      ii. Selectman John F. Toner – Present
      iii. Selectman Drew Marzullo – Present

2. **Approval of Minutes**
   a. Minutes of Regular Board of Selectmen meeting held on 5-28-2015 were reviewed and approved as presented without objection.
   b. Minutes of Special Board of Selectmen meeting held on 6-5-2015 were reviewed and approved as presented without objection.

3. **First Selectman’s Update**
   a. The Representative Town Meeting (RTM) met on June 8, and at that meeting, they voted not to overturn the Planning and Zoning Commission’s Municipal Improvement request for the Greenwich Housing Authority to rebuild and renovate Armstrong Court. This action is a testament to the worthiness of the project, since the facility is currently on an at-risk list at the State level. If not renovated, it could jeopardize funding from the State.
   b. The Planning and Zoning Commission acted favorably on changes to regulations that will allow for moderate income dwelling units to be created throughout designated zones, primarily through transit corridors. The First Selectman applauded Mary Ellen LeBien and the Commission for their work.
   c. The First Selectman attended the AVID end of the year celebration on June 3. AVID is a program started by the Greenwich Alliance for Education to help students whose parents did not attend college succeed and attend college. The program has grown exponentially over the last few years and is a great example of how private and public sectors can work together to provide opportunities that may not have been available otherwise to a group of students.
   d. The first annual Greenwich International Film Festival opening night took place June 5. This event brought positive attention to the community and helped spread recognition about Greenwich as a cultural and artistic center. The First Selectman applauded the founders, and mentioned that they would like to hold this event again next year.
   e. On June 10, there was a recognition ceremony for Stuart Adelberg, who was president and CEO of the United Way of Greenwich and did great work identifying and solving the needs of the community. Mr. Adelberg is now retiring to head up the Habitat for Humanity.
   f. On June 2 the fourth and final meeting of the Fire Services Panel was held with members of the Board of Estimation and Taxation (BET), the Fire Department, the Volunteer Fire Department, heads of the Fire union, RTM
representatives, and former First Selectman Jim Lash to discuss the Northwest Fire Station and increased staffing. It was a more informal setting to converse with the BET and clarify certain positions on what has been accomplished in the last ten years and what still needs to be done. There was excellent dialogue and feedback that will be assimilated along with information that is not currently available and will be brought forth as a request for the 2016-2017 budget.

There was an Eversource Energy meeting on June 9 to update on the Central Greenwich substation and line project. Representatives reviewed many of the concerns the Town put forth through Planning and Zoning, which were focused on validating project need, looking at substation façade and location, potential impact to Kinsman Lane, and which, if any, material changes would have to be made in and around the Cos Cob substation. The Town Planner, Conservation Director, IWWA director, Superintendent of Parks and Trees, and Commissioner of Public Works were all in attendance. Eversource will be submitting their application to the Connecticut sitting council on June 26. A public information meeting will be held afterwards on July 15 at Town Hall.

On the morning of June 6, the Philippine Independence Day flag raising ceremony will be held at Town Hall.

June 18 is Greenwich High School graduation. The First Selectman congratulated the graduates on their hard work and accomplishments.

This afternoon, June 11, there will be a meeting of the First Selectman’s Youth Commission. The salvation of the Safe Rides program is the Commission’s biggest victory so far. They are now contemplating future objectives with which to kick off when the new school year starts in September.

On June 16 there will be a meeting of the First Selectman’s Advisory Committee for People with Disabilities. This committee helps research and advocate on behalf of the disabled community. Rita Azrelaynt, the Parking Services Director, will be the guest speaker and will discuss parking and handicap accessibility in town.

A public meeting of the New Lebanon Building Committee will take place on June 18 at 11:30 a.m. The first meeting is for organizational purposes and was called by the First Selectman. At this meeting, the Committee will elect a chairperson, vice chairperson, and a clerk to take minutes, and also begin creating a schedule of meetings.

There are pedestrian safety concerns on Almira Drive, a road in the Glenville-Pemberwick section that cuts through from the Post Road to King Street near many of the office parks. Jim Michel, Chief Engineer, met and discussed with residents, and many options were proposed. One is to move the bus stop back to its prior location on Hawthorne Street South. Another suggestion was to turn Almira Drive into a one-way street, so traffic would be diverted toward the wider Moshier Street. Speed bumps were also considered, but that would negatively impact Emergency Service vehicles. Residents would like to see stop signs put in the middle of Almira Drive, but that would be against State traffic warrants. Constructing a sidewalk was proposed, but it would not serve much of a purpose, because the sidewalk would not lead to anywhere safe. Putting up speed limit signs are an attainable option.
4. **Old Business**
   a. Request for Municipal Improvement Status for New Lebanon Elementary School
      i. Dana Sanchez, a New Lebanon parent, handed out a chart that explains the pros and cons of each proposed site that was passed out at the last Board of Education (BOE) meeting.
      ii. Oscar Rodriguez, a New Lebanon parent and member of the Friends of Byram Schubert Library and the Byram Neighborhood Association (BNA), wanted to refute the perception that the Byram community is against Scheme B. The BNA wants to ensure that the community specifications are incorporated into the decision making process. The specifications include the preservation of a green space, a building with good proportions and safety, and a process that would minimize the impact to current students. Scheme D, although in accordance with many of those requests, is not in line with all of them. Therefore, there is not as large a rift between the BNA and the New Lebanon community as was believed. Also, the BNA has collected 400 signatures in support of Scheme B.
      iii. Selectman Marzullo confirmed with Mr. Rodriguez that the BNA does not endorse either site. The BNA desires all of the sites to be objectively viewed so the best one is chosen.
      iv. First Selectman Tesi reminded everyone that the Board of Selectmen (BOS) only can vote yes or no to the proposal the BOE recommends. They do not make the decision on their own.

5. **New Business**
   a. Request for Temporary Road Closure – St. Roch Feast
      i. Jackie Budkins, stated that the feast plan was the same as it has been for the past few years.
      ii. John Toner motioned to approve the request for temporary road closure for August 12-15 during the hours prescribed, as presented. Drew Marzullo seconded. The motion passed unanimously at 11:06 a.m.

   b. Department of Parking Services – Request to Amend Chapter 14, Article 5, Schedule II of the Traffic Ordinance – Limited Parking
      i. Rita Azrelyant, the Director of Parking Services, has been reviewing many of the various actions that relate to residential parking and snow route designations to ensure actions are compliant with the municipal code. Today, she is before the BOS to amend the limited parking section and attempt to bring the signs, Town Charter, and parking code into accordance with each other.
      ii. Ms. Azrelyant removed Brook Crossway from the packet because residents on that road still have divided opinions, so she needs to confer more with them and reach a consensus.
      iii. Tony Pratico, a Fairview Terrance resident, spoke about the proposed parking restriction changes. He was an originator of the petition that first resulted in parking signs being placed in this area to combat the fact that Blind Brook High School students and people going to the athletic fields were parking on all of the adjacent streets. According to Mr. Pratico, parking was restricted on Fairview Terrace from 9:00 a.m. to 9:00 p.m. Originally, Nedley Lane was also 9:00 a.m. to 9:00 p.m.
p.m., but it was changed to 11:00 a.m. to 2:00 p.m. Brook Crossway was 11:00 a.m. to 2:00 p.m., and Walker Court was 11:00 a.m. to 2:00 p.m., but the signs have disappeared on that street. He stated that a 9:00 a.m. to 9:00 p.m. parking restriction is best, because it deals with both the issue of student parking and the issue of overflow parking from the athletic field.

iv. Ms. Azrelvnt clarified that Fairview Terrace had an 11:00 a.m. to 2:00 p.m. restriction that was changed to 9:00 a.m. to 9:00 p.m. in 2006. The motion today is to reaffirm the 9:00 a.m. to 9:00 p.m. on Monday through Sunday parking restriction.

v. John Toner motioned to reaffirm the 9:00 a.m. to 9:00 p.m. Monday through Sunday parking restriction on Fairview Terrace. Drew Marzullo seconded. The motion passed unanimously at 11:24 a.m.

vi. John Toner motioned to codify the 11:00 a.m. to 2:00 p.m. Monday through Friday parking restriction on Nedley Lane. Drew Marzullo seconded. The motion passed unanimously at 11:24 a.m.

Department of Parking Services – Request to Amend Chapter 14, Article 5, Schedule XXI of the Traffic Ordinances – Snow Emergency Streets

i. Ms. Azrelvnt requests to add Spring Street to the snow emergency route schedule.

ii. John Toner motioned to amend the snow emergency route schedule by adding Spring Street. Drew Marzullo seconded. The motion passed unanimously at 11:25 a.m.

6. Appointments and Nominations

Peter Tesei placed the nomination of Carol Burns for appointment as a regular member of the Commission on Aging for a term expiring March 31, 2016. John Toner seconded. The motion passed unanimously at 11:33 a.m.

7. Executive Session

John Toner motioned to enter into executive session to discuss a pending claim and two pending tax appeals against the Town. Drew Marzullo seconded. The motion passed unanimously at 11:34 a.m.

Present in Executive Session were: Wayne Fox (Town Attorney), Gene McLaughlin (Assistant Town Attorney), Fred D’Arango (Assistant Town Attorney), Bob Lichtenfeld (BOE Human Resources Director), Barbara O’Neill (BOE Chairman), David Walko (Housemaster of Greenwich High School Clark House), Mary Forde (Director of Pupil Personnel Services/Special Education), Dr. William McKersie (Superintendent of Greenwich Public Schools), and Michael Rosen (Executive Assistant to the First Selectman).

John Toner motioned to enter into public session at 1:55 p.m. Drew Marzullo seconded. The motion passed unanimously.

Drew Marzullo motioned to approve the settlement of Docket No. HBB CV 12-6027307, 40 Sound View, LLC v. Town of Greenwich, as presented, with a credit of $10,690 to be applied against future tax payments. John Toner seconded. The motion passed unanimously at 1:56 p.m.
Drew Marzullo motioned to approve the settlement of Docket No. HHB CV 12-6027308, *56 Sound View, LLC v. Town of Greenwich*, as presented, with a credit of $8,315 to be applied against future tax payments. John Toner seconded. The motion passed unanimously at 1:57 p.m.

Drew Marzullo motioned to approve the settlement of Docket No. HHB CV 12-6027309, *Harvey Wagner v. Town of Greenwich*, as presented, with a credit of $8,315 to be applied against future tax payments. John Toner seconded. The motion passed unanimously at 1:57 p.m.

Drew Marzullo motioned to approve the settlement of Docket No. HHB CV 12-6027310, *Konstantine G. Wells v. Town of Greenwich*, as presented, with a credit of $8,315 to be applied against future tax payments. John Toner seconded. The motion passed unanimously at 1:57 p.m.

John Toner motioned to approve the settlement of Docket No. FST CV 14-6022158S, *McGuinn v. Town of Greenwich*, as presented, with a credit of $8,366 to be applied against future tax payments. Drew Marzullo seconded. The motion passed unanimously at 1:58 p.m.

John Toner motioned to adjourn at 1:59 p.m. Drew Marzullo seconded. The motion passed unanimously.

There will be a Special meeting of the Board of Selectmen on Friday, June 19, 2015 at 2:00 p.m. in the Cone Conference Room.

The next regular meeting of the Board of Selectmen will be on Friday, July 17, 2015 at 10:00 a.m. in the Town Hall Meeting Room.
Town of Greenwich
Board of Selectmen Meeting
June 19, 2015
2:00 p.m.
Town Hall Meeting Room

Draft Minutes

1. The meeting opened at 2:02 p.m. with the Pledge of Allegiance.
   a. Attendance:
      i. First Selectman Peter J. Tesei – Present
      ii. Selectman John F. Toner – Present
      iii. Selectman Drew Marzullo – Present

2. Old Business: Request for Municipal Improvement (MI) Status for New Lebanon Elementary School
   a. Barbara O'Neil, Chairman of the Board of Education, presented a brief history of the process to date. Initially, Site D was off the table, because the Byram community did not want to dislocate the children. There was also concern about Site B from the community about using the open space to build the new school. So, the Board of Education presented Site C to the Board of Selectmen, which was voted down. As such, the Board of Education reconvened and voted 6-2 in favor of presenting Site B to the Board of Selectmen. That is what the purpose of today's meeting is – to hear and decide upon Site B.

   b. Peter Gisolfi and Michael Tribe, architects, went over the Site B plan in full. They reiterated that items such as handicap spaces, turning radii, and one way driveways are all adjustments that can be made at a later time. Their diagram is just being used at this time to show the footprint and general location of the new New Lebanon Elementary School.

   c. Drew Marzullo asked about the gas pipeline that is suspected to exist near New Lebanon Avenue and Wessels Place. Ron Matten answered that he estimates that is where the gas line is, and that it would be possible to relocate that gas line if need be. This is not a major obstacle. Mr. Matten expects to receive the exact data for this within the next 3 weeks. The best case scenario it that the gas line exists outside of the new building footprint.

   d. Katie DeLuca, Town Planner, stated that an A-2 survey is an “existing conditions survey,” and is just one piece of many of the engineering plans required for preliminary site plan review. An A-2 survey shows the boundaries of property lines, all easements, the footprints of the structures, and a topographic survey.

   e. Drew Marzullo asked how difficult it would be to build a field in a ravine. Peter Gisolfi responded that it can be done, and that his firm has done this a lot. There are costs, though, for cutting, filling, and retaining walls.

   f. The Parks Department has looked at the playtime hours of the field over the past 2 years, using their RecTrac software of games and activities. In 2013, the field had 573 hours of play, and in 2014, it had 682 hours of play.

   g. John Toner motioned to further discuss the request for Municipal Improvement (MI) Status for New Lebanon Elementary School for Site B. Drew Marzullo seconded. The motion passed unanimously at 2:43 p.m.
      i. John Toner stated that Site B does not address the needs of the community at large. Plan B will perpetuate the unfortunate divisions that have arisen in
the community, and change the dynamic of Byram that will not be reversed in the foreseeable future.

ii. Peter Tesei is concerned about balance. He looks at Byram in terms of a campus, with the library, the green space, where the school sits, and the undeveloped woods. Plan B would change the character of the neighborhood and exacerbate traffic concerns. He is continually focused on how the school currently is in the best location possible. He is not prepared to support Site B today.

iii. Drew Marzullo agrees with two colleagues. He would like the Board of Education to bring Site D before the Board of Selectmen. His concerns are regarding the possible changing landscape, the ball field, and issues on traffic and construction. He noted the offensive tone of some of the emails the Board of Selectmen has received, implying that the BOS has not been involved with this process. Drew Marzullo said that every decision the BOS makes is with safety in mind. He is not supporting Plan B as well.

iv. With all three Selectmen opposing, the motion to consider the referral of Scheme B for the New Lebanon Elementary School for MI status failed 0-3-0 at 2:50 p.m. The Selectmen request that the Board of Education fully evaluate Plan D.

t. Peter van Shaik, a Byram parent, asks why the Board of Selectmen chose to abandon Plan B even though the architects believe Site B to be a good site. Peter Tesei responded that given his familiarity with this neighborhood and this issue, he does not believe Plan B is the best location to situate the new structure. The current site is known, and will deliver the finest education to the Byram children.

i. Chris von Keyserling stated that the Town of Greenwich has a system in place to deal with this issue. The Board of Education is in a position far beyond its expertise or jurisdiction.

j. Joe Pecora asks if the Board of Education comes back before the Board of Selectmen in a timely manner with a “B-ish location,” and can show that the field proposed is even better than the current field, is a modified Plan B possible. Mr. Tesei responded that it is up to the Board of Education to choose which plan to present next to the Board of Selectmen.

3. Appointments and Nominations

Peter Tesei placed the nomination of Jake Allen for appointment as a regular member of the New Lebanon Elementary School Building Committee. John Toner seconded. The motion passed unanimously at 3:03 p.m.

4. Executive Session

Peter Tesei motioned to enter into executive session to discuss a pending claim and a matter of pending litigation against the Town. Drew Marzullo seconded. The motion passed unanimously at 3:05 p.m.

Present in Executive Session were: Wayne Fox (Town Attorney), Aamina Ahmad (Assistant Town Attorney), Ben Branyan (Town Administrator), and Michael Rosen (Executive Assistant to the First Selectman).

John Toner motioned to enter into public session at 3:25 p.m. Drew Marzullo seconded. The motion passed unanimously.
On advice of counsel, John Toner motioned to grant authority to the Town Attorney to settle the case of Nicholas LeRose v. Town of Greenwich for $40,000. Drew Marzullo seconded. The motion passed unanimously at 3:26 p.m.

John Toner motioned to adjourn at 3:26 p.m. Drew Marzullo seconded. The motion passed unanimously.

The next regular meeting of the Board of Selectmen will be on Friday, July 17, 2015 at 10:00 a.m. in the Town Hall Meeting Room.
Town of Greenwich
Board of Selectmen Meeting
June 29, 2015
7:00 p.m.
Town Hall Meeting Room

Draft Minutes

1. The meeting opened at 7:05 p.m. with the Pledge of Allegiance.
   a. Attendance:
      i. First Selectman Peter J. Tesen – Present
      ii. Selectman John F. Toner – Present
      iii. Selectman Drew Marzullo – Present

2. Old Business: Request for Municipal Improvement (MI) Status for New Lebanon Elementary School
   a. The First Selectman began with a history of the New Lebanon Elementary School MI process to-date. The purpose of tonight's meeting is to hear and decide upon Site D.
   b. Michael Tribe, architect from Peter Gisolfi Associates, presented Scheme D. Outdoor activities are encouraged under this plan with the inclusion of two fields. This plan meets the concerns expressed, and provides a first-rate elementary educational facility for the residents of Byram.
   c. Peter Tesen added that he has heard from residents regarding a potential Plan E site option at the Byram School. He clarified that in 1979, an MI was approved for the dedication of 12.52 acres of open space around the Byram School to be parkland. Under Connecticut General Statute 7-131N, the Town would have to replace this parkland elsewhere in the community if it was reutilized. However, there is a deed restriction on the existing New Lebanon School site that it be used for educational purposes only.
   d. Drew Marzullo asked if Plan D meets all of the educational specifications. Dr. McKersie, Superintendent of Greenwich Public Schools, confirmed that it does.
   e. John Toner agrees with Peter Tesen, and said that Plan D looks like a very workable and good plan.
   f. Charlee Tufts, Director of Greenwich Emergency Medical Services, researched the last 2-3 years of GEMS events at the New Lebanon School, and found there to be only two incidents. There was no problem with accessibility in either event. There are also defibrillators in all of the schools and trained personnel in all of the schools. She is comfortable from an EMS point of view that GEMS has easy access and egress. Ms. Tufts also added that there is no parking problem for an ambulance.
   g. Greenwich Fire Chief Peter Siecienski said there are no concerns from the Fire Department with regards to the New Lebanon School facility. Schools are regulated by the fire life safety code more than any other occupancy in the life safety code. It is critical to protect the student body at all costs, and remove students from the school in an emergency. Panic hardware is incorporated into all school facilities.
   h. Greenwich Police Deputy Chief Mark Marino and Sgt. Mark Zuccerella, added that in consultation with the Chief and command staff, Captain Berry works closely with the Board of Education (BOE) on security related issues. The Police Department does not see any disadvantage with the current location and plan. They have worked closely with the BOE for quite some time to develop security plans for all schools, and will continue to work with them in the design plan as Scheme D moves forward.
John Toner motioned to approve the request for municipal improvement status for the New Lebanon Elementary School, Scheme D, as presented. Drew Marzullo seconded. The motion passed unanimously at 7:28 p.m.

j. The next step will be to put forward Plan D before the Planning and Zoning Commission.

3. New Business: Board of Education – Request for Municipal Improvement Status for the Placement of Modular Classrooms at the Western Middle School

This item of New Business will be tabled until the BOE is ready to present the request for municipal improvement status for the placement of modular classrooms at the Western Middle School.

Drew Marzullo motioned to adjourn at 7:29 p.m. John Toner seconded. The motion passed unanimously.

The next regular meeting of the Board of Selectmen will be on Friday, July 17, 2015 at 10:00 a.m. in the Town Hall Meeting Room.

Veterans Day March 2014
Special Event Planning for the Town of Greenwich

- Obtain a Special Events Permit Application from Parks and Recreation.
- Obtain signatures from every Town Department required on the Special Events Permit before bringing the permit to the Police Department.
- After Police Department approval bring the permit back to Parks and Recreation.
- If a road closure is required an approval must be obtained from the Board of Selectmen during one of their regular monthly meetings. This is a separate approval for the closure of the road and does not guarantee the approval of the event.
- If a road closure is necessary a traffic plan must be approved by the Police Department’s Traffic Section prior to getting on the agenda for the Board of Selectmen meeting.

Town Hall
First Selectman Peter Tesei
Town of Greenwich

Dear Peter,

Thank you for inviting me to participate in the Selectmen's meeting on Friday, July 17th to present an update on the 375th anniversary activities and to also present the proposal to mount a plaque on Greenwich Point as part of the 375th Anniversary of Founders Day in 2015.

Please find attached a proof of the proposed plaque to be installed in the huge boulder on the Bluff to commemorate the Founding of Greenwich on July 18, 1640, and in particular, the purchase of today's Greenwich Point by Elizabeth Winthrop Feake, which was described as "Elizabeth Neck" in the 1640 deed.

Please email your approval of the proof and your approval to present this proposal at the Friday, July 17th Selectmen's meeting at Town Hall.

******************************************************************************

For Friday's meeting:
To recap the extraordinary amount of time and dedication of the volunteers throughout the Town of Greenwich who have participated in the creation of the Greenwich 375th Anniversary series of Neighborhood Tours, I have invited each of them to speak for one minute (of the 15 minutes allowed) about their "Neighborhood" as a result of their research on its development over the span of its 375 year history.

This Saturday, July 18th, the Founders Day celebration at Innis Arden Cottage, which will begin at 9:00 a.m., is to include, in part, the Boy Scouts, a reading of the original deed, your reading of the resolution to commemorate the 375th Founders Day and your remarks, as well as remarks by CT State Representative Fred Camillo, and by Selectman John Toner, both of whom requested to speak (and to also take the Founders Day bus tour at 10:00 a.m. following the ceremony). Ct. State Representative Livvy Floren has also accepted the invitation to attend the ceremony, but she will not be speaking or taking the tour. Music will be provided by a brass quintet from the Greenwich Symphony Orchestra.

If you have questions, suggestions, or comments regarding any of the above, please do not hesitate to call or email. I do need your approval of the attached proof as soon as possible.

Best regards,
Davidde
