If you cannot participate in the Zoom meeting, please send comments to jacyaln.pruitt@greenwichct.org.

MEETING AGENDA

- **Amend and update Planning & Zoning regulations.** Propose new, or expanded, submission requirements related to energy efficiency and clean energy, e.g.; embed CE/EE private sector incentives into P&Z rules. EMAC will coordinate with P&Z in Phase 2.
- **Amend the Town’s capital planning process.** Embed energy usage, energy cost and emissions reduction metrics and planning into municipal capital planning.
- **Disseminate and embed energy efficiency and clean energy opportunities** in all departments such that energy use and greenhouse gas reduction are considered in Town decisions broadly. For example, explore clean energy and emissions targets. Everything from paper to cement has energy implications! In particular, the procurement manual should include clean energy targets for goods and services purchased by the Town.

The Town complies with all applicable federal and state laws regarding non-discrimination, equal opportunity, affirmative action, and providing reasonable accommodations for persons with disabilities. If you require an accommodation to participate, please contact the Commissioner of Human Services at 203-622-3800 or demetria.nelson@greenwichct.org as soon as possible in advance of the event.
