   Upon a motion duly made by Ms. Krumeich, seconded by Mr. Duus, the Committee voted 4-0-0 to approve the Minutes of the September 24, 2018 Meeting as amended.

2. Update/review Contract #6668 Town of Greenwich and Health Dimensions Group (HDG)
   - Report of conference call of Monday, October 1, 2018 with HDG - Mr. Duus commented that HDG consultants expressed the need to receive financial information from PKF O’Connor Davies’ Audit report to complete their Operations report.

   - Report of conference call at 9:00 AM, Wednesday, October 10, 2018 with HDG – Mr. Duus provided the list of TNW comparables being studied for differences in total staffing levels, staffing costs, star-ratings, software, ownership structure, business status as not-for-profit vs. for profit and if other facilities might be added to HDG’s list.

3. Continue discussion of the Nathaniel Witherell Business Models suggested in the Committee Report
   - Mr. Norton asked if the Committee would be willing to be flexible about the consulting projects’ proposed deadlines of November 30 and consider “stopping the clock” so that both projects could be completed appropriately. He asked if a draft of the financials would be adequate to deliver to the team selected to negotiate new TNW employee contracts or if the Committee preferred providing the team with completed final reports.
Ms. Oberlander recommended hiring outside counsel to investigate and determine ownership of the multiple properties making up TNW’s campus.

4. Update/review Contract #6740 Town of Greenwich and PKF O’Conner Davies
   - Presentation by Thomas Marien, Partner PKF O’Connor Davies - Mr. Marien provided an outline of his proposed approach to examine TNW issues for discussion. He informed the Committee that the following items were needed to define management costs: details of TNW’s trial balance, job costing and reconciliation with Town audit statements; inclusion of a new line-item, Medicaid Reserve; continuing pursuit of clarification from the state of CT of TNW’s “Credit Balance” on retro compensation and allowable Medicaid expenses; recording of details of TNW debt; review of encumbrances; and, details of billing and receivables.

   Mr. Marien estimated that with the above information, a first draft of his report could be prepared for October 18th. Ms. Hess asked for a preview of the draft to reconcile it with information originally provided as project background material, to prepare questions for this Sub-Committee’s next meeting on Tuesday, October 16 at 1:30 PM.
