[THE SIGN SUBCOMMITTEE MEETING FOR FEBRUARY 1, 2016 HAS BEEN CANCELLED]

ARCHITECTURAL REVIEW SIGN SUB-COMMITTEE
FINAL AGENDA
Monday, February 1, 2016
Cone Room
10:30 AM
Greenwich Town Hall
Second Floor
101 Field Point Road, Greenwich, CT

NOTICE TO APPLICANTS
Applicants or their representatives must be present at the meeting for which their item is scheduled. If unable to attend, the applicant must submit a written request for continuance prior to the meeting. Please record all recommended revisions to your design that are requested by the Architectural Review Committee during your public hearing.

If an application is “approved as submitted” and no revisions are required, plans may be picked up by the applicant at the Planning and Zoning Department. These plans will not be available any sooner than 9:00 am on the Friday following the meeting.

If an application requires revisions the Committee may review subsequent revisions via email in order to expedite the process for the applicant. The applicant will be told at the meeting if this option is available to them. These revisions can be emailed to: ctyminski@greenwichct.org. The Committee will review these revisions and comments and/or conditions will be emailed back to the applicant.

Once revisions are approved, three new final design plan sets must be submitted that incorporate the required changes to the design. No Sign plans will be accepted that are smaller than 11” x 17” in size. Exterior Alteration plans must be full size and scalable. Planning and Zoning Staff will stamp the revised and approved drawings on Fridays from 9:00 -11:00 AM. If you need to schedule an alternative time to have your revised drawings stamped, please contact staff at: ctyminski@greenwichct.org.

Occasionally the Committee will request that subsequent revisions be reviewed at a future meeting. You will be scheduled for another meeting once revised plans are received by the Planning and Zoning department. Plans must be received at least three weeks prior to a meeting date to be scheduled for a particular meeting.

To complete the permitting process the applicant must apply to the Zoning Department for a zoning permit and to the Building Division of the Department of Public Works for a building permit. No sign shall be erected, relocated or altered until a building permit has been issued per Section 6-175 of the Building Zone Regulations. Applicants are requested to contact the Building Division for building permit requirements.

Please note that any changes to approved plans will require additional Architectural Review Committee review and must return to a meeting.
