The following appeals were heard:

APPEAL No. PLZE20210007

Appeal of Paradigm 44-48 WPA LLC, 44-48 West Putnam Avenue, Greenwich for a variance of floor area ratio to permit alterations to an existing building lot located in the CGBR zone.

It was RESOLVED that said appeal be granted on the following grounds:

The Board finds, after due consideration, there is hardship due to the location of the structure on the lot, having been constructed prior to zoning regulation, the topography of the lot, and the changes in the regulations which cause the lower level to now be considered a story and include the floor area of the lower level to be calculated as part of the floor area ratio. Accordingly, the requested variance of floor area ratio as provided by Sections 6-203 and 6-205 of the Building Zone Regulations is granted.

The Board further finds that this relief can be granted without detriment to the public welfare or impairment to the integrity of the regulations.

Mr. Vecchiolla made a motion to approve the appeal which was seconded by Mr. Rogozinski. Messrs. Delmhorst, Vecchiolla, Rogozinski and Mr. Sullivan voted in favor of the motion. Ms. Kirkpatrick voted against.

Board Members seated for this appeal were: Patricia Kirkpatrick, Arthur Delmhorst, Ken Rogozinski, Wayne Sullivan and John Vecchiolla.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

After due consideration, the Board finds there is hardship due to the lot's size combined with the location of the existing house and topography. Therefore, the requested variance of rear yard setback is granted from sections 6-203 and 6-205.

The Board further finds that this relief can be granted without detriment to the public welfare or impairment to the integrity of the regulations.
