**DEPARTMENT OF PUBLIC WORKS
ENGINEERING DIVISION**

MEMORANDUM

TO: Board of Selectmen

FROM: Frank W. Petise, P.E., Senior Civil Engineer

A handwritten signature in black ink, appearing to read "FWP", is written over the name of the sender.

DATE: January 28, 2016

**RE: Rehabilitation of Bridge No. 056-044 Brookridge Drive over East Brothers
Brook
Town Project No. 12-30**

**AGENDA ITEM FOR BOARD OF SELECTMEN COMMITTEE – ROAD
CLOSURE AND DETOUR**

Attached for review by the Board of Selectmen is the proposed detour for the Rehabilitation of Bridge No. 056-044, which carries Brookridge Drive over the East Brothers Brook. The project involves replacing the existing superstructure in its entirety. The proposed superstructure replacement will consist of removing the existing concrete deck, steel girders and masonry parapets. The existing members will be replaced with seven (7) prestressed concrete deck units placed on the existing masonry abutments. There will be new cast in place concrete parapets with stone masonry facing utilizing the existing stones. The new superstructure will maintain the existing hydraulic opening, the existing roadway profile, and the existing roadway cross section.

The existing bridge was built in 1923 and reconstructed in 1956. The bridge has an approximate span length of 15' and a curb to curb width of 25.3'. The existing structure consists of a cast-in-place concrete deck and steel stringers on stone masonry abutments and concrete footings. The existing stone masonry parapets do not meet Federal Highway (FHWA) and Connecticut Department of Transportation (CTDOT) safety standards for crash protection. The bridge was inspected in the June 2012 and at that time the bridge condition was noted as Poor (4 on a scale of 1 to 9). The proposed

parapets will meet FHWA and CTDOT standards and at this time additional maintenance will also be performed to the bridge as described above.

The construction is estimated at \$400,000. The project was designed by Alfred Benesch & Company of Glastonbury, CT. The project is scheduled to begin in April 2016 and last approximately 4 months. The road will be closed to traffic for the duration of the project. The length of the detour will be approximately 1.5 miles and will utilize Route 1, Old Post Road, Stanwich Road and Fairfield Road as shown on the attached "Detour Plan".

The Engineering Division will notify nearby residents of the project commencement and activities through press releases and notifications, as well as on the "Road Closures" link on the Town of Greenwich website: <http://www.greenwichct.org/PublicWorks/PublicWorks.asp>

CC: Amy Siebert, Commissioner of Public Works
James W. Michel, Deputy Commissioner of Public Works
Joseph Roberto, Highway Superintendent
Melissa Evans, Traffic Operations Coordinator
Chief Jim Heavey, Greenwich Police Department
Capt. Pamela Gustovich, Greenwich Police Department
Sgt. John Slusarz, Greenwich Police Department
Peter Sicienski, Greenwich Fire Department
Robert Kick, Greenwich Fire Department
Joe Soto, Greenwich Emergency Medical Service
Janice Holko-Domiziano, Board of Education

**The Town of Greenwich Resolution Adopting
2016-2021 South Western Region Natural Hazard Mitigation Plan Update**

WHEREAS, the Town of Greenwich Board of Selectman recognizes the threats that natural hazards pose to people and property within the Town of Greenwich; and

WHEREAS, the Town of Greenwich, in collaboration with the Western Connecticut Council of Governments (WESTCOG), has prepared a multi-hazard mitigation plan, hereby known as the 2016-2021 South Western Region Natural Hazard Mitigation Plan Update in accordance with the Disaster Mitigation Act of 2000; and

WHEREAS, the 2016-2021 South Western Region Natural Hazard Mitigation Plan Update has identified mitigation goals and actions to reduce or eliminate long-term risk to people and property from the impacts of future hazards and disasters that affect the Town of Greenwich and the region; and

WHEREAS, public and committee meetings were held between August 14, 2013 and October 8, 2015 regarding development and review of the 2016-2021 South Western Region Natural Hazard Mitigation Plan Update; and

WHEREAS, the Federal Emergency Management Agency/Department Homeland Security has approved the 2016-2021 South Western Region Natural Hazard Mitigation Plan Update, on condition of local adoption, enabling the Town of Greenwich to apply for Hazard Mitigation Grant funding; and

WHEREAS, adoption by the Town of Greenwich Board of Selectmen demonstrates their commitment to hazard mitigation and achieving the goals outlined in the Town of Greenwich's section of the 2016-2021 South Western Region Natural Hazard Mitigation Plan Update.

NOW THEREFORE, BE IT RESOLVED, that the Town of Greenwich Board of Selectmen hereby adopts the 2016-2021 South Western Region Natural Hazard Mitigation Plan Update.

Adopted this _____ day of _____, 2015 by the Board of Selectman of Greenwich, Connecticut

First Selectman

IN WITNESS WHEREOF, the undersigned has affixed his/her signature and the corporate seal of the Town of Greenwich this _____ day of _____, 2016.

Town Clerk

Name of Chief Elected Official: Peter J. Tesei, First Selectman
