BET COMMITTEE & LIAISON REPORTS

Audit Committee - Arthur Norton
Mr. Norton reported the Audit Committee met January 10. All current members, James Campbell, William Finger, and Jeffrey Ramer attended as well as Robert Stone, Leslie Tarkington, Peter Mynarski, Christopher DeMeo, Reinhardt Lange, and Lloyd Hubbs.

The Committee reviewed the Audit Committee resolution for construction projects referred to the Budget Committee by the full BET at its December, 2007 meeting. The Audit Committee discussed language changes to recommend to the Budget Committee. The vote was 4-0.

Discussion of the internal audit of the town waste disposal and recycling operation was deferred to the Committee’s March meeting.

The uncollectible accounts receivable policy was reviewed. This policy has existed since July, 1989, and the Committee voted 4-0 to add a provision for returned checks. The Comptroller was instructed to prepare each April an annual report with a list of all monies charged off during the preceding twelve months, which the Committee will present to the BET. This action was approved 4-0. The revised policy was distributed at the BET meeting.

The Committee will continue to discuss lease and operating agreement terms monthly until all such documents are retrieved and placed in the custody of the Town Treasurer per the Charter.

*Human Resources Committee - Leslie Tarkington*

Ms. Tarkington reported the Human Resources Committee met January 16. Returning member, Ms. Barton and new members Mr. Mason and Mr. Kelly were present as well as Mr. Mynarski, Ms. Kast, and First Selectman Tesei.

Ms. Kast provided a brief overview for the new members of the HR Department Training and Policy Manual Budgets. There have been no M/C Pay Plan Committee meetings since mid-December, and the BOE has submitted all requested information for its M/C Pay Plan Employees.

Mr. Tesei updated the Committee on personnel issues and discussed the HR Vacancy Report.

*Investment Advisory Committee - Arthur Norton*

Mr. Norton reported the Investment Advisory Committee met January 14, 2008. Attendees included Bill Finger, Kathleen Murphy, Town Treasurer, and Peter Mynarski.

The Committee discussed its asset allocation recommendation to the OPEB Ad Hoc Committee, and to the OPEB Board subsequent to the January 1, 2008 effective date of the OPEB Trust. The OPEB account asset allocation was 50% equity and 50% fixed income. The creation of a trust allows implementation of a higher discount rate, and investment of assets per the prudent man rule. It is the committee’s unanimous recommendation that the OPEB Trust assets be allocated 65% equity and 35% fixed income.

Also, the Committee discussed the town’s use of the Connecticut Short Term Income Fund (STIF). At its meeting December 6, 2007 the Committee recommended that the balances held in this Fund be reduced to minimum amounts to retain the accounts, and that this be completed by December 31, 2007. It was recommended further that the Town Treasurer activate successor accounts per the State Banking Department approved list to receive proceeds from Town tax proceeds and other monies. The Committee has reviewed the activity to date, and it is satisfied that its instructions have been followed.
**Glenville School Building Committee - Arthur Norton**

Turner Construction Company has been retained as construction manager, and in that capacity has sought bids for the subcontracting work on the project. At the conclusion of the January, 2008 meeting eighteen of the twenty subcontract bids have been awarded by the Building Committee. Architectural woodwork and roofing/waterproofing remain open. Roofing is complex, as the issue of on-site renewable energy and its distribution is being considered. A system to use solar photovoltaic (PV) and CT state grant incentives for installation are being analyzed. No decision has been made, and the committee is seeking Town advice. Proceeding with the PV system will impact the contingency balance.

**OPEB Ad Hoc Committee - Robert Stone**

At its January 10, 2008 meeting, The Ad-Hoc OPEB Committee nominated three members to the OPEB Board: Arthur Norton, Larry Simon and Robert Stone, for terms spelled out in the resolution to be taken up under New Business.

The Committee also referred to this Board’s Investment Committee the question of outlining investment allocations to be executed by the OPEB Trust.

**Nathaniel Witherell Building Committee - Leslie Tarkington**

Ms. Tarkington reported that the purchasing department, with substantial input from Nathaniel Witherell staff, Witherell Town Building Committee members, and Witherell Board members, issued the RFP for architectural services for Project Renew Witherell on December 21.

The detailed RFP information book was requested by and sent to 32 architectural firms. On January 9, an optional pre-proposal meeting and tour at Witherell was attended by 16 architectural firms, and purchasing will issue a fourth addendum to respond to their questions.

Bids are due no later than January 30. There will be a two step selection process. The Building Committee will select approximately 5 firms. It reserves the right to select fewer or more firms. The firms will then be requested to submit not more than two design concepts. The firms will have four weeks to submit the Phase II requirements. Architect contract signing would be expected in April.

**Hamilton Avenue Building Committee - Stephen Walko**

Mr. Walko reported that as a result of the heat being turned on, URS has given a completion date of May 22, although there is still an issue of manpower.

Mr. Walko stated that beginning next month, all committee reports should be given to the Comptroller by the Thursday prior to the regular meeting to be included in the board packets.

**COMPTROLLER’S REPORT**

Mr. Mynarski presented the Comptroller’s report to the board.

In response to Mr. Finger, Mr. Mynarski gave a breakdown of the FEMA reimbursement to the town. At Mr. Mynarski’s request, Mr. Hubbs explained that $800,000 was submitted in damages, $503,000 was approved for reimbursement, and FEMA reimburses 75% of the cost of damages, including overtime and clean-up.
A resolution to refinance bonds that funded sewer construction on the Milbrook and North Mianus projects will be brought before the BET in February, then to the RTM in March.

Upon a motion by Mr. Stone, seconded by Mr. Simon, the board voted 12-0-0 to approve the Comptroller’s Report.

**ACCEPTANCE OF TREASURER’S REPORT SHOWING INVESTMENT PORTFOLIO ACTIVITY FOR THE PERIODS OF DECEMBER 1, 2007-DECEMBER 31, 2007**

Mr. Mynarski presented the treasurer’s report to the board.
