

**Town of Greenwich
Flood and Erosion Control Board
February 15, 2018 Workshop Minutes
2:00 pm – Cone Room, Town Hall, Greenwich, Connecticut**

Those attending: Edward Schmeltz, Aubrey Mead, Jr., John Stankunas, Peter Finkbeiner, Robert Cenci (alt.),

Town staff present: James Michel, Dawn Zimmerman, Gabriella Circosta Cohee and Cindy Baumann, CDM Smith

Public Attendees: Daniel Abaroa, Elena Cantavero

The following summarizes the items discussed at the recent Flood & Erosion Control Board (the Board) Workshop held at the Town Hall on Thursday, February 15, 2018.

A workshop was held prior to the regularly scheduled meeting to review with the Board the project listed on their Group 1 Emergency Access Priority Project List as Strickland Brook Diversion Culverts. A public information meeting is scheduled for March 1, 2018 at Cos Cob School. J. Michel and C. Baumann presented the draft presentation to obtain feedback from the board prior to the meeting. The presentation included many alternatives that have been explored and is intended to elicit feedback from the public on their observations during prior flood events and opinions of the proposed alternatives.
