Approval of February 2, 2016 Meeting Minutes

Upon a motion by Mr. Ferdinand, seconded by Mr. Pellegrino, the Board voted 3-0 to approve February 2, 2016 Meeting Minutes as amended.

Review Performance of Trust

Ms. Murphy distributed the February 2016 OPEB Investment Performance report and related materials. She asked the Board to review the revised Bloomberg reporting format and make additional recommendations for its customization to OPEB’s needs. Mr. Pellegrino offered to join Ms. Murphy during an upcoming meeting with the Bloomberg representative to customize the format further.

Ms. Murphy commented on February’s market conditions affecting both the Equity and Fixed Income portfolio returns. Performance was behind their benchmarks; the total portfolio decline for February was $90,000 or -0.45%. She added that the portfolio’s weighting was 67.4% Equity and 32.6% Fixed Income. The percentage of each investment sector was reviewed. Mr. Pellegrino proposed that a strategy for each sector be discussed.

The Board discussed how the Bloomberg reports should be reorganized so that funds were grouped according to their sectors, with benchmarks added for each sector. In reviewing the Attribution Report, it recommended that Bloomberg’s formatting be questioned so that it was clearer whether the basis of reporting was calendar or fiscal year.

Discussion of investment strategy, including sector weightings, and review selected funds for consideration (equity and fixed income)

The Board reviewed the overweighting in the financial, healthcare and technology sectors and whether setting a dollar range or percentage guideline could be a strategy for making changes in allocations between monthly meetings. Mr. Stricker asked for suggestions on how to approach “between-meeting-changes” within FOI restrictions. Mr. Pellegrino proposed re-balancing the portfolio up to 60%/40% mix (i.e. back to the benchmark) by selling down up to 7% of its position in the S&P 500 Index SPDR (SPY).
The discussion moved on to possible opportunities for investing, and hi-yield bonds or an aggregate bond index were considered. Mr. Ferdinand asked if preferred stocks might also be considered in an EFT.

Upon a motion by Mr. Pellegrino, seconded by Mr. Ferdinand, the Board voted to sell up to the amount of the S&P 500 SPDR (SPY) that would rebalance the portfolio to a 60/40 mix and move the proceeds of the sale into Vanguard Total Bond Fund (TVBTLX). The vote was 3-0 to approve the motion.

Upon a motion by Mr. Stricker, seconded by Mr. Ferdinand, the Board voted to delegate the timing of the transaction to Mr. Pellegrino. The vote was 3-0 to approve the motion.
