The following summarizes the items discussed at the recent Flood & Erosion Control Board (the Board) meeting held in the DPW Chimblo Conference Room of Town Hall and virtually via Zoom. The discussion has been grouped based on the topics identified in the meeting agenda.

### **Call to Order and Administrative Matters**

The meeting was called to order at 3:18 PM. The meeting minutes from the September 2022 and December 2022 meetings were approved.

### **Capital Projects Update**

Projects that DPW is currently working on:

- Windsor Road @ Valley Road drainage- currently in design.
- Pemberwick Park Drainage- in design- going into final design
- Harding Road Drainage- construction to start in spring 2023
- Byram River – Army Corps of Engineers is looking to move forward on design. The design is now 100% federally funded. As of now, construction will be 50% federal 50% local funding.

Upcoming Projects DPW is requesting funding for in next year's budget:

- North Street Culvert- working on design now. Requesting construction funding in 2023-2024 budget.
- Fairfield Road Culverts- Requesting design funding in 2023-2024 budget.

## **New Business**

Donna suggested we work on some public outreach for residents

Aubrey discussed creating some “flood zone area” maps for the areas that may have flooding issues. Jim said he will discuss with Amy and suggested coordinating with Beth Evans, the new Director of Environmental Affairs.

## **Old Business**

- The Board of Ethics document will be reviewed by Jim and Amy and discussed at the next meeting.

## **Public Comment**

- No public comment

The next FECB meeting will be held on May 11, 2023.

The meeting was adjourned at 3:58 PM.
