

Meeting Notice of the Board of Parks and Recreation of the Town of Greenwich

**Wednesday, March 29, 2023, 6:30 p.m.**

**Meeting Minutes**

**Attendees (in person):** Matt McCarty, Tracy Freedman, Dan Carlsen, Nancy Chapin, Linda Bruno, Joseph Siciliano and Scott Johnson

**Attendees (via Zoom):** Greg Kramer, Sue Bodson, Vivian Wu, Matt Popp, Sue Baker and EPJ

- Call to order at 6:35 p.m.
- Approval of February 22, 2023 Minutes
  - Motion by Nancy Chapin, seconded by Tracy Freedman 7-0-0
- Director's Report Joe Siciliano
  - Golf Course opening
  - Rink Closed
  - Special events
  - Field projects
  - Budget
  - Spring programming
  - OnePass
- Chairman's Report Scott Johnson
  - Park tours
  - Non-resident beach
  - Field allocation policy
  - Scott Johnson gave a presentation on the potential submission of Bruce Park as a Town Historic District. This included a listing of the various statutes and regulations relating to the Department of Parks and Recreation, Tree Warden and Board of Parks and Recreation. It further included description of State Statutes on historic districts, including what is involved in the issuance of certificates of appropriateness. This is based on a meeting attended by Scott Johnson with Patrick Larow, Town Attorney, Barbara Snellberger, Steve Bishop and Anne Young.
- Sub-Committee Updates:
  - Eastern Greenwich Civic Center Scott Johnson
    - o Basic interiors-fundraising
  
  - Parks and Trees Nancy Chapin
    - o RFP – Pomerance/Tuchman
    - o Friends of Binney

- Helen Binney Kitchel clean up
- Pollinator pathway
- Bank erosion
- P&R Foundation-Annual Meeting- Separate detailed Minutes filed with Foundation Records      Scott Johnson
  - Disbursements
  - SOS
  - Bylaws
  - Fundraising
- New Business
  - Presentation-potential pilot program-beach access-Greenwich Students      Sue Baker
  - Field use dispute
- Public Comment
- Unfinished Business
- Adjourn-motion by Tracy Freedman, seconded by Matt McCarty 6-0-0

The Town complies with all applicable federal and state laws regarding non-discrimination, equal opportunity, affirmative action, and providing reasonable accommodations for persons with disabilities.

If you require an accommodation to participate, please contact the Commissioner of Human Services at 203-622-3800 or [demetria.nelson@greenwichct.org](mailto:demetria.nelson@greenwichct.org) as soon as possible in advance of the event.

1

00:00:03.030 --> 00:00:09.090

Daniel Carlsen: Okay, we'll start. So this is this is the March 20 ninth, regular meeting, and

2

00:00:10.530 --> 00:00:12.230

Daniel Carlsen: I I just just like to crack.

3

00:00:12.710 --> 00:00:18.440

Daniel Carlsen: This, I think is our first hybrid meeting isn't it. But we might be able to administrative challenge.

4

00:00:23.140 --> 00:00:28.930

Daniel Carlsen: Wow! So remote board members that are in the

5

00:00:28.940 --> 00:00:31.430

Daniel Carlsen: Oh. 2 bots, and

6

00:00:32.110 --> 00:00:34.300

Daniel Carlsen: and that Pop.

7

00:00:36.170 --> 00:00:38.850

Daniel Carlsen: Yeah, thanks for attending. I know you have another meeting.

8

00:00:39.140 --> 00:00:40.590

Matt Popp: Yes, correct thanks.

9

00:00:40.600 --> 00:00:43.560

Daniel Carlsen: What's okay. So we're called order.

10

00:00:44.010 --> 00:00:53.600

Daniel Carlsen: I was going to try to have a very quick foundation meeting after this. Those things.

11

00:00:54.750 --> 00:00:57.800

Daniel Carlsen: but we may not be able to fit it in. I'll just talk to everyone.

12

00:00:58.150 --> 00:00:59.170

Daniel Carlsen: anyway, so

13

00:00:59.340 --> 00:01:03.550

Daniel Carlsen: let's somebody make a motion to approve the February 20 s.

14

00:01:03.740 --> 00:01:09.680

Daniel Carlsen: It is 1 s. Okay. So Tracy Second: so on favor.

15

00:01:12.680 --> 00:01:16.410

Daniel Carlsen: Okay. So unanimity on that.

16

00:01:18.160 --> 00:01:19.300

Matt Popp: Let me start.

17

00:01:19.800 --> 00:01:21.760

Daniel Carlsen: Is anybody

18

00:01:22.490 --> 00:01:27.440

Daniel Carlsen: dying to go down to the you, too? So I would like to.

19

00:01:29.250 --> 00:01:32.200

Daniel Carlsen: Well, I mean it's.

20

00:01:32.820 --> 00:01:36.480

Daniel Carlsen: And I would assume that right off the back. They're gonna be

21

00:01:36.620 --> 00:01:43.960

Daniel Carlsen: the the largest block of speakers. Yeah. we're gonna have. Some people people started up somebody back in the budget.

22

00:01:44.150 --> 00:01:57.600

Daniel Carlsen: and I did a David and I worked on the and did the email with the demo. So we we went back and look at what they just in our budget, and asked for several reinstatements too. But that won't get addressed until next Tuesday.

23

00:01:59.470 --> 00:02:03.440

Daniel Carlsen: We we, the ones that were most critical, is it? We really need this

24

00:02:03.730 --> 00:02:04.380

so.

25

00:02:05.000 --> 00:02:09.460

Daniel Carlsen: But we're not going to go out and speak about it, because we sent all of those 2 to be team into that

26

00:02:10.410 --> 00:02:12.390

our own nice.

27

00:02:12.990 --> 00:02:13.700

Daniel Carlsen: Just a

28

00:02:22.470 --> 00:02:27.820

Daniel Carlsen: really, I think both of me how to jump into it. One is

29

00:02:28.120 --> 00:02:31.100

Daniel Carlsen: at least as far as I know it is 19,

30

00:02:31.650 --> 00:02:33.540

Daniel Carlsen: so we should put on

31

00:02:33.550 --> 00:02:38.050

Daniel Carlsen: possible.

32

00:02:39.570 --> 00:02:41.160

Daniel Carlsen: It's your construction cost.

33

00:02:41.580 --> 00:02:46.400

Daniel Carlsen: So they're not going to give us another advance for interiors

34

00:02:46.970 --> 00:02:51.370

Daniel Carlsen: 2. We don't know what percentage for private fundraising

35

00:02:53.150 --> 00:02:55.680

Daniel Carlsen: challenge to that because we have a building that

36

00:02:57.050 --> 00:03:02.770

Daniel Carlsen: with a large private donor, and that would say, we're not gonna finish the building unless you get more private.

37

00:03:03.480 --> 00:03:09.930

Daniel Carlsen: Okay, which you know we've always been trying to. These are all for comments, and I haven't seen it

38

00:03:13.690 --> 00:03:15.750

Daniel Carlsen: so you can hear right.

39

00:03:16.260 --> 00:03:22.830

Daniel Carlsen: and I can take that personally because we've been doing.

40

00:03:28.160 --> 00:03:29.060

Daniel Carlsen: Oh, my!

41

00:03:29.390 --> 00:03:30.080

Remember.

42

00:03:30.820 --> 00:03:33.460

Daniel Carlsen: it is called

43

00:03:35.780 --> 00:03:37.590

Daniel Carlsen: this this condition

44

00:03:38.300 --> 00:03:41.510

Daniel Carlsen: the other one

45

00:03:41.800 --> 00:03:46.340

Daniel Carlsen: in the Junior leopard.

46

00:03:46.690 --> 00:03:48.100

Daniel Carlsen: And now we're doing

47

00:03:48.140 --> 00:03:51.350

Daniel Carlsen: the requisition for a filter.

48

00:03:52.250 --> 00:03:52.830

you know.

49

00:03:53.150 --> 00:03:54.250

Daniel Carlsen: Okay.

50

00:03:54.970 --> 00:03:56.150

sue bakernnnnnnbbnnnnjnn: due course.

51

00:03:56.160 --> 00:04:03.300

Daniel Carlsen: Wanted to only approve half of the cost to provide for a filter for our pool, which means, if we don't have it.

52

00:04:03.430 --> 00:04:06.910

Daniel Carlsen: you know. Why, like the

53

00:04:07.560 --> 00:04:16.860

Daniel Carlsen: So that's my personal frustration on that. So i'll go down there and embarrass myself. But you know it. It doesn't do much to promote part.

54

00:04:17.070 --> 00:04:24.460

Daniel Carlsen: We got a partnership with the G. They're very. It raised the 2 point the down, put in 7. Okay.

55

00:04:24.800 --> 00:04:30.260

Daniel Carlsen: And we want to show our partners in the town that we can maintain that top notch facility.

56

00:04:30.300 --> 00:04:34.120

Daniel Carlsen: So it's a \$50,000.

57

00:04:34.710 --> 00:04:36.360

Daniel Carlsen: The pool was 5 years old.

58

00:04:36.850 --> 00:04:39.320

Daniel Carlsen: This will be the sixth season.

59

00:04:39.370 --> 00:04:45.030

Daniel Carlsen: and we the company that manages for us. I did technically the

60

00:04:45.500 --> 00:04:47.480

Daniel Carlsen: that you need to think about.

61

00:04:48.690 --> 00:04:53.300

Daniel Carlsen: If we don't want to get to the crisis zone, where it's not.

62

00:04:54.140 --> 00:04:59.880

Daniel Carlsen: You know it's all the things that we're supposed to be doing planning anticipation, you know.

63

00:04:59.940 --> 00:05:03.520

Daniel Carlsen: and like that's a bad home of our partners to say that you know

64

00:05:03.570 --> 00:05:09.630

Daniel Carlsen: they

65

00:05:09.650 --> 00:05:10.910

Daniel Carlsen: in donation.

66

00:05:11.150 --> 00:05:15.660

Daniel Carlsen: Can you imagine going to a donor to be a significant matter?

67

00:05:16.110 --> 00:05:23.340

Daniel Carlsen: And she says, Well, i'm interested in getting through this. But how in those projects?

68

00:05:23.530 --> 00:05:24.180

Daniel Carlsen: Okay.

69

00:05:24.340 --> 00:05:28.740

Daniel Carlsen: Joe and I worked hard with the Cohen's and in their contract

70

00:05:28.760 --> 00:05:36.690

Daniel Carlsen: this condition that the or they can pull their funding future funding at any time.

71

00:05:37.720 --> 00:05:44.290

Daniel Carlsen: Now they just gave the second only powers right? So we have 2 million dollars for the.

72

00:05:44.550 --> 00:05:54.300

Daniel Carlsen: But there is this because there is a condition in the funding section that says, If the town's 3 recent stops funding the project, they have schools or fails

73

00:05:54.370 --> 00:05:58.120

Daniel Carlsen: that they have a right to take the.

74

00:05:58.510 --> 00:06:06.520

Daniel Carlsen: and they do that to protect themselves. And I don't blame them. But at the end of the day. We're almost as a home stretch here, I mean. So they're trying a whole.

75

00:06:07.600 --> 00:06:12.780

Daniel Carlsen: Go out and make some more money for the internal finishings.

76

00:06:13.700 --> 00:06:20.220

Daniel Carlsen: and we'll release the money. I think they're going to appropriate the money to the condition to release it at that point

77

00:06:20.470 --> 00:06:27.140

Daniel Carlsen: which will be the discussion. How much effort did you put into this? What would you.

78

00:06:28.180 --> 00:06:29.510

Daniel Carlsen: when that gets out?

79

00:06:29.630 --> 00:06:35.540

Daniel Carlsen: The the the funding, the people that funded the the

80

00:06:36.710 --> 00:06:38.560

Daniel Carlsen: There's every discussion of

81

00:06:38.590 --> 00:06:48.370

Daniel Carlsen: that's subject to the of the funds, and we are 2 million dollars in towns. They are gave us 2 million. Now my sense is kind of a new trick.

82

00:06:49.430 --> 00:06:54.470

Daniel Carlsen: and I I haven't heard before, and I know we were right before we got Code here

83

00:06:54.720 --> 00:06:57.730

Daniel Carlsen: I got a call I, a a member of

84

00:06:57.880 --> 00:07:03.160

Daniel Carlsen: on the building committee

85

00:07:03.510 --> 00:07:08.600

Daniel Carlsen: for all of the basic instruction funds on a certain percent of of gifts.

86

00:07:08.800 --> 00:07:10.290

Daniel Carlsen: Do you think that will work?

87

00:07:10.600 --> 00:07:21.650

Daniel Carlsen: So we're you guys, all we have a green flag. so you can now do that to us, because we

88

00:07:22.060 --> 00:07:30.700

Daniel Carlsen: 2 make sure this is something that is good with. And they said they were good with. We made them attend all our meetings. So it's.

89

00:07:30.740 --> 00:07:42.200

Daniel Carlsen: It's really not fair. I don't think it's, but I think I think it's highly embarrassing. That that goes that round. And when I think everybody's attention has been good research people.

90

00:07:42.530 --> 00:07:44.300

Daniel Carlsen: opportunities to fund

91

00:07:44.470 --> 00:07:48.590

Daniel Carlsen: they knew about the finishing. This is not a surprise

92

00:07:49.300 --> 00:07:57.030

Daniel Carlsen: when we propose the construction, we said, there's a construction phase which is X amount of dollars. and then there's a building finished

93

00:07:57.110 --> 00:07:58.050

Daniel Carlsen: based.

94

00:08:00.010 --> 00:08:09.950

Daniel Carlsen: You know. The estimates have a little cloudy because of the economy to Covid, and, you know, supply. But at the end of the day every 2 different categories that were identified day One.

95

00:08:10.150 --> 00:08:12.410

Daniel Carlsen: Okay, we're not going to ask for the finishes right

96

00:08:12.790 --> 00:08:17.700

Daniel Carlsen: because it just holds up. You know. You're talking about a 1,000,008 for the finishes

97

00:08:17.730 --> 00:08:30.460

Daniel Carlsen: it. Just that. Just finds that money for 2 or 3 years where we're doing the construction, and the town can be using that money somewhere else. But at the time when we need to finish his money we need the money. I mean, that's basically what's gonna happen. Another

98

00:08:30.540 --> 00:08:31.610

Daniel Carlsen: component.

99

00:08:31.630 --> 00:08:34.539

Daniel Carlsen: Yeah, if you do like is

100

00:08:34.840 --> 00:08:43.120

Daniel Carlsen: solar panels. This is designed for 500 solar panels. We have to go back to the to get that

101

00:08:43.880 --> 00:08:44.970

Daniel Carlsen: process.

102

00:08:45.090 --> 00:08:49.270

Daniel Carlsen: There's some question about how to do it.

103

00:08:49.990 --> 00:08:52.780

Daniel Carlsen: That's part of the need to make this a sustainable building.

104

00:08:53.510 --> 00:08:58.270

Daniel Carlsen: So I I wrote to this Sustainability Committee and the Energy Committee

105

00:08:58.600 --> 00:08:59.680

Daniel Carlsen: from Janet

106

00:09:00.260 --> 00:09:07.980

Daniel Carlsen: to kind of help us push that agenda so. So you had Quite so your hand up. I think i'll like you as far.

107

00:09:07.990 --> 00:09:22.270

Sue Bodson: Yes, I do. Can you hear me? Yes, you know I i'm glad that you brought up the Junior League effort, and I see Susie on the zoom here as a a attending.

108

00:09:22.410 --> 00:09:29.370

Sue Bodson: You know, a public private partnership is an excellent tool.

109

00:09:29.700 --> 00:09:34.030

Sue Bodson: and one that i'm really proud that we were part of.

110

00:09:34.100 --> 00:09:42.710

Sue Bodson: but it is built on trust. It's a collaboration. It's built on trust, and we, my word, is very important to me, and

111

00:09:42.900 --> 00:09:53.060

Sue Bodson: we can't in good faith. Go and ask people to donate to a project that we're getting mixed signals about it, moving forward properly.

112

00:09:53.090 --> 00:10:07.250

Sue Bodson: And as Joe pointed out, we're very clear about the timeline in terms of financially what was what needed to happen, and what we would like to fund raise for are not necessities.

113

00:10:07.270 --> 00:10:19.860

Sue Bodson: Okay, that that's that's not what that what the conversation should be about. So I think there's a great opportunity for the Finance Board to send the right signal to potential donors

114

00:10:19.910 --> 00:10:23.240

Sue Bodson: to the Eastern Corner Civic Center by.

115

00:10:23.360 --> 00:10:30.960

Sue Bodson: you know, supporting the ask for the filter for the pool that will send the right message to potential donors.

116

00:10:32.730 --> 00:10:44.590

Daniel Carlsen: There was a when they it was. There was a split vote on that for the to be to Republicans to be t Democratic team members. So I don't know when we got just caught up in that. But it was like, Well.

117

00:10:44.640 --> 00:10:51.660

Daniel Carlsen: you know, we yeah professional estimate from a Commercial Pool company who's been working with the pool for 5 years.

118

00:10:51.850 --> 00:10:57.540

Daniel Carlsen: So let me just down this guy, if you need to filter our new system or parts for the new system.

119

00:10:57.960 --> 00:11:00.630

Daniel Carlsen: you know it seems very logical, and

120

00:11:00.770 --> 00:11:07.430

Daniel Carlsen: It's a \$50,000. Ask, you know, in a 450 half 1 million, or budget. It's like nothing

121

00:11:07.470 --> 00:11:09.590

Daniel Carlsen: so, and it and

122

00:11:09.830 --> 00:11:11.650

Daniel Carlsen: what's happened in those is.

123

00:11:12.090 --> 00:11:20.130

Daniel Carlsen: When we had the old pool with bar we were estimating, but we we had around in that. We had about 30,000 participants that use the beach pool

124

00:11:20.470 --> 00:11:23.940

Daniel Carlsen: soon as we put the new.

125

00:11:25.010 --> 00:11:26.990

Daniel Carlsen: You're using the beach pool.

126

00:11:27.150 --> 00:11:29.270

Daniel Carlsen: So in the polls you use to check. Okay.

127

00:11:29.520 --> 00:11:35.030

Daniel Carlsen: the beach is still the same beats that we have there for 50 years. But the pool is a new attraction. So

128

00:11:35.310 --> 00:11:42.850

Daniel Carlsen: so it's. You know where you see it. About 6,000 560,000people a year use the beach pool facility with the majority.

129

00:11:43.690 --> 00:11:45.180

Daniel Carlsen: So let me just

130  
00:11:46.810 --> 00:11:47.720  
in the room, though.

131  
00:11:47.930 --> 00:11:51.690  
Daniel Carlsen: is the selective choice to be on the foundation it has been.

132  
00:11:52.770 --> 00:11:55.330  
Daniel Carlsen: Are you

133  
00:11:56.010 --> 00:11:58.010  
Daniel Carlsen: just to make you feel a little better?

134  
00:11:58.710 --> 00:12:01.930  
Daniel Carlsen: Your component in the foundation, which is

135  
00:12:01.980 --> 00:12:07.330  
Daniel Carlsen: the same, are straight. significant mine. I it might be

136  
00:12:07.780 --> 00:12:11.810  
Daniel Carlsen: I haven't it was \$50,000. I didn't admit it.

137  
00:12:12.650 --> 00:12:13.240  
and

138  
00:12:14.280 --> 00:12:15.170  
Daniel Carlsen: so

139  
00:12:22.340 --> 00:12:27.090  
Daniel Carlsen: so in contrast other stuff that we do for state.

140  
00:12:27.560 --> 00:12:31.520  
Daniel Carlsen: you know.

141  
00:12:31.730 --> 00:12:35.010  
Daniel Carlsen: for fireworks.

142  
00:12:35.330 --> 00:12:39.690  
Daniel Carlsen: scholarship, that kind of stuff. That's what we do with it.

143  
00:12:39.770 --> 00:12:47.540  
Daniel Carlsen: It is relevant to you. So that's great news which is, make sure you know that. Yeah.

144  
00:12:47.790 --> 00:12:49.510  
Daniel Carlsen: you are. You are a safer now.

145  
00:12:50.120 --> 00:12:53.480  
Daniel Carlsen: all right. So sorry we're completely screwed up the agenda.

146  
00:12:56.170 --> 00:13:09.630  
Daniel Carlsen: So I want you to. One is your sure, and and I'm just going to give you some programmatic updates so that we're working on. And so just we'll. We'll go to the golf course on March 20.

147  
00:13:10.010 --> 00:13:22.530  
Daniel Carlsen: It's a little start by the wise. So Chili, you know. Put some in some rain and stuff, but it's open the driving range. This is is good Sunday. You have to be really

148  
00:13:22.590 --> 00:13:29.950  
Daniel Carlsen: so. We did 200 rounds on Sunday at the golf, and in a lot of private race. So the weather is good. People showing up

149  
00:13:30.010 --> 00:13:40.140  
Daniel Carlsen: Restaurant at the golf course is also open, so they're you know. We just kind of crawl into the opening phase, and the weather pretty much stays going on for another couple of weeks.

150  
00:13:40.520 --> 00:13:44.400  
Daniel Carlsen: But we we are open and ready for this role.

151  
00:13:44.470 --> 00:13:55.790  
Daniel Carlsen: Couple of other things on the other side the rink is total. So we last skating was last last weekend, you know, relatively good season, without too many issues.

152  
00:13:55.820 --> 00:13:59.950  
Daniel Carlsen: We're in the process of doing the meltdown of this.

153  
00:14:00.030 --> 00:14:04.750  
Daniel Carlsen: and we're the we'll by the middle of April we'll have the artificial surface down

154  
00:14:05.040 --> 00:14:07.240  
Daniel Carlsen: and available. So

155  
00:14:07.290 --> 00:14:12.640  
Daniel Carlsen: we we have a couple of groups that have been pretty consistent about using the artificial surface indoors

156  
00:14:12.730 --> 00:14:19.080  
Daniel Carlsen: for clinics and a few other things. And when the weather is so

157  
00:14:19.290 --> 00:14:32.950  
Daniel Carlsen: because you have it's always guaranteed. You can as something. Yeah. So people are we. We get all that going huge. Ask for summer events. The summer events are rolling in, whether they're special events that we oversee is manage

158

172

00:15:39.150 --> 00:15:45.730

Daniel Carlsen: just a major field of improvements. So you'll be meeting at least

173

00:15:46.130 --> 00:15:48.340

Daniel Carlsen: upper half of my mute complete.

174

00:15:48.750 --> 00:15:53.990

Daniel Carlsen: Improve it. We ready will be putting in a 50 70 diamond with some

175

00:15:54.150 --> 00:16:04.410

Daniel Carlsen: new backstop reorientation of the field. Some dug out, some, you know, dug out for that age, group irrigation system, or some netting along the houses on

176

00:16:04.450 --> 00:16:09.760

Daniel Carlsen: on the backside of already there, so that we don't go through the house with the

177

00:16:09.770 --> 00:16:16.510

Daniel Carlsen: stuff like that, and we don't, do we condition to feel so that we could have a better rectangle that it's going to be a little.

178

00:16:16.730 --> 00:16:19.410

Daniel Carlsen: so it'll be kind of a 2 and one type of thing.

179

00:16:19.490 --> 00:16:24.650

Daniel Carlsen: but we have the I have the draft drawings for that. We're just kind of tweaking them

180

00:16:24.750 --> 00:16:27.160

Daniel Carlsen: kind of come up, and we have to talk about time.

181

00:16:28.790 --> 00:16:31.290

Daniel Carlsen: so because that will take.

182

00:16:31.320 --> 00:16:40.620

Daniel Carlsen: We have the money to do, and then we have the money to do one project, the need to prove our next allocation, which in July we'll have the money to do both.

183

00:16:41.850 --> 00:16:45.650

Daniel Carlsen: So he never kind of plays out. And

184

00:16:46.860 --> 00:16:53.250

Daniel Carlsen: you know all this this weekend people first will kick off a lot of the spring field programs.

185

00:16:53.420 --> 00:17:02.710

Daniel Carlsen: So you know that we don't pull more on the field assignments, and it's just filtering through those right now. A lot of people know what they're to expect. But

186

00:17:02.740 --> 00:17:08.770

Daniel Carlsen: yes, he has. He has not issued any field permits yet, but some of that practice activity will start

187

00:17:09.200 --> 00:17:10.079

Daniel Carlsen: as you Probably

188

00:17:11.030 --> 00:17:17.280

Daniel Carlsen: so. Those are some of the real highlights of going on the one card one pass

189

00:17:17.400 --> 00:17:24.670

Daniel Carlsen: it's turned out to be relatively not an issue. I mean rolling out a program like that where we're talking about. You know

190

00:17:24.790 --> 00:17:31.700

Daniel Carlsen: 20,000 households 40,000. There's always a few stags, but they've been minimal.

191

00:17:31.760 --> 00:17:35.960

Daniel Carlsen: and basically because people have to really understand the process a little bit.

192

00:17:36.290 --> 00:17:38.270

Daniel Carlsen: But it's worked out. Okay.

193

00:17:38.340 --> 00:17:50.620

Daniel Carlsen: we're seeing some groups for the other programs that we've included in the one past like golf, and this is up they seem to be. I almost up to the same levels they were last year.

194

00:17:50.620 --> 00:17:59.150

Daniel Carlsen: You know those those have individual cards, so we're not. We haven't lost too many customers, or maybe customers should just let lagging and apply.

195

00:17:59.350 --> 00:18:04.760

Daniel Carlsen: But we gotta try to do some little comparison to see if we've actually picked up some people that never signed up for that.

196

00:18:05.250 --> 00:18:14.900

Daniel Carlsen: because it's all in one place at one time, so maybe the it's the convenience of having an application that you can just check this one. Check this one. You get everything you need.

197

00:18:15.110 --> 00:18:18.030

Daniel Carlsen: We'll see if that actually was in the marketing of

198

00:18:18.320 --> 00:18:34.880

Daniel Carlsen: the whole project and stuff so. But as far as that gets to me, you know, again watches it daily. I just get a little, but I think it's in good shape, and it's moving quite nicely. Yeah, it's definitely going well. So April first as well, too, is when summer registration starts. So that's going to be a big

199

00:18:34.880 --> 00:18:47.740

Daniel Carlsen: driver for resident verification for everybody who hasn't registered yet, or verified their residency to do so. They can get their kids registered in the in the summer program, so so it'll be a big day on a lot of different fronts on this.

200

00:18:48.520 --> 00:19:08.460

Daniel Carlsen: getting all prepared for that. And then towards the next few months there there was kind of a low for registration. That kind of always happens in March or so. So we sent out some targeted emails to people, remind them that they need to register. So they're ready to go and they can. They can have a verified address and are free to register rather than doing that all on one day. So

201

00:19:08.460 --> 00:19:15.060

Daniel Carlsen: so it's gonna be a lot of work going forward. We kind of start our busy season April on, or in terms of registration as well, too, so

202

00:19:15.240 --> 00:19:18.020

Daniel Carlsen: it's been a lot of good for so far, but a lot of a lot more.

203

00:19:20.410 --> 00:19:25.360

Daniel Carlsen: Okay. So you know, we we just right in the hunt. It's starting all of this, and

204

00:19:25.450 --> 00:19:32.920

Daniel Carlsen: you know we. We've been through this many times, and it's a little chaotic in the beginning, and as people start to give any settle in, it's better.

205

00:19:32.940 --> 00:19:39.100

Daniel Carlsen: And but we we you know it's it's. This is the beginning of the next 6 weeks or 8 weeks that we

206

00:19:40.930 --> 00:19:41.600

Daniel Carlsen: that will be.

207

00:19:44.250 --> 00:19:46.360

Daniel Carlsen: But so so far, so good.

208

00:19:47.500 --> 00:19:50.160

Daniel Carlsen: That's pretty much some of the program stuff.

209

00:19:51.400 --> 00:19:58.530

Daniel Carlsen: This really, you know, we're really not a whole lot to talk on. The bigger picture we're trying to execute some capital projects. So

210

00:19:58.830 --> 00:20:09.680

Daniel Carlsen: we're trying to be cautious of the money that was taken from our capital budget last year and put in our operating budget, because when it sat in the capital application we were able to carry over to the next this year

211

00:20:09.860 --> 00:20:18.290

Daniel Carlsen: and some of the money we're not able to do that now. So we have to kind of proceed with pressing on a priority basis to make sure some of that work gets done.

212

00:20:18.330 --> 00:20:19.290

Daniel Carlsen: otherwise it might be

213

00:20:19.320 --> 00:20:19.950

last

214

00:20:20.280 --> 00:20:21.370

Daniel Carlsen: 30. So

215

00:20:21.540 --> 00:20:22.920

Daniel Carlsen: but we're very cautious to that

216

00:20:22.950 --> 00:20:33.280

Daniel Carlsen: again. It's part of about meeting with all the divisions about their finances and their budget. He's doing a pro formal budget to the end of the

217

00:20:33.510 --> 00:20:39.240

Daniel Carlsen: it. Kind of a spin down budget. Yeah, to show what they did last year. What they have this year what they're going to feel what they have

218

00:20:39.570 --> 00:20:40.200

to.

219

00:20:40.410 --> 00:20:45.890

Daniel Carlsen: because, you know, unfortunately, the budget ends during the highest point, the June and July.

220

00:20:46.140 --> 00:20:51.920

Daniel Carlsen: you know we we much rather have a January budget, but it's not the way it works. So we have to do some

221

00:20:51.990 --> 00:20:55.980

Daniel Carlsen: some projections again, working on those with the staff to make sure that we don't

222

00:20:56.240 --> 00:21:01.170

Daniel Carlsen: over span. We have a plan to kind of compensate for. but we need to get that

223

00:21:05.020 --> 00:21:05.920

Daniel Carlsen: all right.

224

00:21:06.570 --> 00:21:15.670

Daniel Carlsen: There are some routine field maintenance moved into the operate. Yeah. And then the capital is just for these like.

225

00:21:15.730 --> 00:21:33.990

Daniel Carlsen: But you're good with the field maintenance in the yeah. I mean to Jim Jim. I have a lot of room that they are not. No, I mean the whole budget for feel maintenance. Just \$300,000. We have only surfaces that usually not a problem of spending that. But we just have the you have to think about it differently, because

226

00:21:34.040 --> 00:21:44.790

Daniel Carlsen: if something is delayed because of whether or something gets delayed because of the availability of contractor or materials, the money will in the past to get carried over to the next year.

227

00:21:45.050 --> 00:21:47.310

Daniel Carlsen: In this application

228

00:21:49.620 --> 00:21:51.420

Daniel Carlsen: we have to kind of watch it in

229

00:21:51.990 --> 00:21:57.800

Daniel Carlsen: becomes a little bit better on the planning size to make sure it gets by July by 2 by 2,

230

00:21:58.840 --> 00:22:00.320

Daniel Carlsen: working on all that

231

00:22:00.860 --> 00:22:05.630

Daniel Carlsen: you you can see. You have to talk about

232

00:22:08.080 --> 00:22:11.370

Daniel Carlsen: one question. I had to point

233

00:22:13.070 --> 00:22:16.510

Daniel Carlsen: what construction is going to be continuing.

234

00:22:22.640 --> 00:22:34.020

Daniel Carlsen: I think, and Brian's not on the call, but we have one more little section of the far end of the causeway where it goes off to that mansion road there that that there will be no interruption to some of us.

235

00:22:34.720 --> 00:22:39.690

Daniel Carlsen: But what if we're going to do that we we do it in next fall and completed

236

00:22:40.020 --> 00:22:43.960

Daniel Carlsen: but but 99, 90% of it's done.

237

00:22:44.090 --> 00:22:51.110

Daniel Carlsen: and there's some planting that has to be done, and then then there's a small little section that we need to address, but

238

00:22:51.130 --> 00:22:53.860

Daniel Carlsen: but we don't expect any traffic interruptions

239

00:22:54.330 --> 00:22:57.650

Daniel Carlsen: starting now into the into the

240

00:23:01.850 --> 00:23:04.780

Daniel Carlsen: Okay. So that is it, you know. Use.

241

00:23:05.740 --> 00:23:09.880

Daniel Carlsen: So let me jump with some of my stuff. Let me do the easy ones. First.

242

00:23:10.570 --> 00:23:11.860

Daniel Carlsen: First of all.

243

00:23:11.900 --> 00:23:19.890

Daniel Carlsen: Matt, you came up with the idea to maybe I think, need Nancy, and also to take some of the parks

244

00:23:20.420 --> 00:23:21.710

Daniel Carlsen: walking towards.

245

00:23:22.130 --> 00:23:25.890

Daniel Carlsen: and I kind of thought about spicing up a little bit with.

246

00:23:26.160 --> 00:23:31.320

Daniel Carlsen: We'll have a trivial contest with conservation to go out there, and I have a particular place I want to go to.

247

00:23:31.380 --> 00:23:35.820

Daniel Carlsen: Well, we have a contest and correct can do it. We're gonna identify trees.

248

00:23:36.060 --> 00:23:44.470

Daniel Carlsen: You can hear us. We challenge conservation.

249

00:23:44.650 --> 00:23:51.480

sue bakernnnnnnbbnnnnjnn: I hear you I

250

00:23:52.280 --> 00:23:57.030

Daniel Carlsen: It's a location that most of you don't know other than I think. Maybe, Nancy.

251

00:23:57.920 --> 00:24:04.080

Daniel Carlsen: it's secret. I don't want anybody to know about.

252

00:24:04.400 --> 00:24:13.560

Daniel Carlsen: Yeah, this is the second one for those Don't be the paper like like I do.

253

00:24:15.270 --> 00:24:29.760

Daniel Carlsen: never got out of State Environmental Committee. This proposal to have non residents have and expedite very inexpensive access to our to beaches, but basically it could be more than

254

00:24:29.890 --> 00:24:32.480

Daniel Carlsen: 50% of the rate that we pay for

255

00:24:32.830 --> 00:24:36.450

Daniel Carlsen: take passes for the residents. Anyway, I never got on committee.

256

00:24:37.140 --> 00:24:38.980

Daniel Carlsen: It's never been that committee.

257

00:24:39.340 --> 00:24:40.970

Daniel Carlsen: So

258

00:24:41.160 --> 00:24:44.690

Daniel Carlsen: that's something. I think we particularly worried that for those of us who care.

259

00:24:46.340 --> 00:24:48.660

Daniel Carlsen: I? I was kind of upset at.

260

00:24:50.930 --> 00:24:51.760

Daniel Carlsen: Yeah.

261

00:24:51.950 --> 00:24:59.340

Daniel Carlsen: It's just me personally that our field allocation policy was not transparent.

262

00:25:01.350 --> 00:25:06.590

Daniel Carlsen: I haven't been involved in the last couple of years in in prior years. I think, very transparent

263

00:25:06.780 --> 00:25:08.360

Daniel Carlsen: mostly, because

264

00:25:08.730 --> 00:25:13.790

Daniel Carlsen: whenever there's a complaint, they have an opportunity to have a meeting on it

265

00:25:14.330 --> 00:25:20.690

Daniel Carlsen: like the one that you guys just did. That's true. There's not something looking over the shoulder done more as possible, anyway.

266

00:25:21.090 --> 00:25:27.440

Daniel Carlsen: But the Field Committee has the ability to go through, Don. We always get questions.

267

00:25:27.450 --> 00:25:30.020

Daniel Carlsen: What's available to say.

268

00:25:30.500 --> 00:25:35.180

Daniel Carlsen: Hey, how come these guys didn't get a field for this applications and turned down

269

00:25:35.260 --> 00:25:41.180

Daniel Carlsen: so, anyway, I personally think it's a fairly transparent policy. I don't know how it could be otherwise.

270

00:25:41.490 --> 00:25:45.820

Daniel Carlsen: so i'll let contact

271

00:25:47.060 --> 00:25:50.740

Daniel Carlsen: all right. So now let me deal with well, actually one shout out.

272

00:25:52.770 --> 00:26:00.540

Daniel Carlsen: So there was a friends of Point planting that there's an invasive.

273

00:26:01.090 --> 00:26:02.060

the basis.

274

00:26:02.240 --> 00:26:07.630

Daniel Carlsen: And so we got some pictures of. and I like this pictures and some staffing. Alright.

275

00:26:08.060 --> 00:26:11.170

Daniel Carlsen: I know Darren was one of them.

276

00:26:11.970 --> 00:26:16.480

Daniel Carlsen: No one ever knows.

277

00:26:16.800 --> 00:26:25.600

Daniel Carlsen: I don't know who the other person

278

00:26:25.710 --> 00:26:30.370

Daniel Carlsen: you probably know this.

279

00:26:37.040 --> 00:26:39.440

Daniel Carlsen: Well, these poor guys were bending over time.

280

00:26:40.210 --> 00:26:55.050

Daniel Carlsen: and that's what they do for what they it was doom grass they were planting

281

00:26:55.240 --> 00:26:58.050

Daniel Carlsen: Spartan eruptus.

282

00:27:00.420 --> 00:27:04.810

Daniel Carlsen: But I to those guys, because if if if you or me

283

00:27:05.040 --> 00:27:15.020

Daniel Carlsen: not so much my wife and you don't like that, I' in the hospital next. So you know, because they don't know my test. This. Yeah, all right. So here's the more complicated one. I don't want to get into it too much.

284

00:27:16.690 --> 00:27:23.770

Daniel Carlsen: So there is a proposal to have Who's Park, the historic district.

285

00:27:24.470 --> 00:27:30.200

Daniel Carlsen: and it it was born by a a thought

286

00:27:30.600 --> 00:27:33.730

Daniel Carlsen: which will probably never have. I'm. Moving

287

00:27:33.920 --> 00:27:38.110

Daniel Carlsen: the parks and rent facility, and Roger Sherman

288

00:27:38.380 --> 00:27:39.680

Daniel Carlsen: into

289

00:27:40.000 --> 00:27:46.590

Daniel Carlsen: groups somewhere on the Indian and the Indian field side by that what we call the whole.

290

00:27:47.390 --> 00:27:58.640

Daniel Carlsen: And so some of the residents, somewhat understandably of me, Point complained. So, Fred, it's okay. Well, you know, we create a historic.

291

00:27:59.890 --> 00:28:03.300

Daniel Carlsen: That's a really complex question, and I

292

00:28:03.960 --> 00:28:08.390

Daniel Carlsen: have some background of this. So I attended the meeting, which was

293

00:28:17.410 --> 00:28:20.530

Daniel Carlsen: Nancy Steinberg, the new account attorney.

294

00:28:21.090 --> 00:28:25.490

Daniel Carlsen: and Steve, Bishop, chairman of the District Commission.

295

00:28:25.700 --> 00:28:36.770

Daniel Carlsen: and Annual, the Administrator. where we just talked about it. My And so one thing that I did is, I said, look

296

00:28:37.320 --> 00:28:40.900

Daniel Carlsen: without pinning on. Whether this is a good or bad idea

297

00:28:41.600 --> 00:28:45.160

Daniel Carlsen: it's called because the town charter has

298

00:28:45.670 --> 00:28:52.760

Daniel Carlsen: many of you know. Not all of you. 4 section, at least 4 sections, where I'll just recite them a little.

299

00:28:53.790 --> 00:29:01.760

Daniel Carlsen: The first one is that the parks are run, and it's supervised by

300

00:29:02.490 --> 00:29:06.280

Daniel Carlsen: as direct all of the parts.

301

00:29:07.550 --> 00:29:11.750

Daniel Carlsen: The second one is the department is basically charged with

302

00:29:12.050 --> 00:29:14.750

Daniel Carlsen: effectuating those plants meeting

303

00:29:15.040 --> 00:29:17.420

Daniel Carlsen: maintain

304

00:29:18.830 --> 00:29:21.290

Daniel Carlsen: the third one is us

305

00:29:23.140 --> 00:29:25.560

Daniel Carlsen: is the advisor to the first select one, that

306

00:29:25.590 --> 00:29:29.680

Daniel Carlsen: all of a sudden, the first, second. one policy

307

00:29:30.890 --> 00:29:38.840

Daniel Carlsen: regarding and plans regarding the use of the parks. And Nancy reminded me that there's also the

308

00:29:38.980 --> 00:29:43.560

Daniel Carlsen: regulation that part permits for using the parks

309

00:29:43.630 --> 00:29:51.390

Daniel Carlsen: process. But there's basically 15 sections that have to be signed off on. So what we do

310

00:29:51.600 --> 00:29:56.540

Daniel Carlsen: application for a Ferris wheel and in Bruce Park. As to the process.

311

00:29:57.100 --> 00:29:59.670

Daniel Carlsen: there's some program that makes makes sense

312

00:30:01.290 --> 00:30:04.640

Daniel Carlsen: it was tested. I think it's a good way with the

313

00:30:05.410 --> 00:30:07.040

Daniel Carlsen: So

314

00:30:09.000 --> 00:30:16.750

Daniel Carlsen: the last one, and maybe the most important one is Dr. Kramer. that he is the

315

00:30:17.180 --> 00:30:21.720

Daniel Carlsen: master of the landscape and trees.

316

00:30:22.370 --> 00:30:23.260

Hello.

317

00:30:24.190 --> 00:30:27.860

Daniel Carlsen: but also has this. You know. It's a specialist in that category.

318

00:30:28.340 --> 00:30:34.330

Daniel Carlsen: You must be partly by way of State statute.

319

00:30:34.960 --> 00:30:43.430

Daniel Carlsen: So that is his one of the things that's primary. Oh. oh. statutory obligations!

320

00:30:43.640 --> 00:30:48.540

Daniel Carlsen: So that it's really interesting when, if or if this is ever to become historic

321

00:30:49.670 --> 00:30:51.050

Daniel Carlsen: sort of districts

322

00:30:51.220 --> 00:30:55.160

Daniel Carlsen: by State statute, not by count regulation.

323

00:30:55.680 --> 00:30:56.790

Daniel Carlsen: regularly

324

00:30:57.090 --> 00:31:02.550

Daniel Carlsen: structures meaning buildings. and to start

325

00:31:04.000 --> 00:31:11.260

Daniel Carlsen: when there's a modification you start, build. You have to go for it for certification. Appropriate this, which means.

326

00:31:12.300 --> 00:31:14.880

Daniel Carlsen: Take the mosquito bar in theory.

327

00:31:15.030 --> 00:31:19.660

Daniel Carlsen: if there's to be a renovation. a mosquito bar what's the real day on it.

328

00:31:19.850 --> 00:31:27.300

Daniel Carlsen: It's, it's, it's, it's, it's the only building in the car.

329

00:31:27.820 --> 00:31:32.350

Daniel Carlsen: and it's the only

330

00:31:32.380 --> 00:31:36.150

Daniel Carlsen: so in theory. If we have to do a modification or animation of that

331

00:31:36.440 --> 00:31:39.590

Daniel Carlsen: it has to get a certificate.

332

00:31:39.680 --> 00:31:42.340

Daniel Carlsen: good right. and not evolution

333

00:31:42.580 --> 00:31:44.930

Daniel Carlsen: from this artistic commission.

334

00:31:45.700 --> 00:31:51.640

Daniel Carlsen: What's what's ironic about this? Is those are things that right now, because it's a

335

00:31:51.810 --> 00:31:54.040

Daniel Carlsen: regulated by

336

00:31:54.540 --> 00:32:00.680

Daniel Carlsen: where the challenge to this by comparison, is where I think there should be.

337

00:32:01.010 --> 00:32:10.720

Daniel Carlsen: This to point has at least 5, maybe 17 historic structures. So that, for example, if

338

00:32:10.820 --> 00:32:13.880

Daniel Carlsen: in the components of those building particular chives

339

00:32:13.920 --> 00:32:19.140

Daniel Carlsen: which, if you altered, it would have to be done right historically. This is

340

00:32:19.250 --> 00:32:21.720

Daniel Carlsen: wait. This is just me speak.

341

00:32:22.620 --> 00:32:28.200

Daniel Carlsen: I think that a facility like to point is is a way more appropriate one because

342

00:32:28.300 --> 00:32:29.920

Daniel Carlsen: there's a start structures.

343

00:32:30.390 --> 00:32:36.900

Daniel Carlsen: The store structure is at the roofs. There are some, I.

344

00:32:41.520 --> 00:32:45.580

Daniel Carlsen: So if those are to be modified

345

00:32:45.820 --> 00:32:47.180

Daniel Carlsen: architecture.

346

00:32:47.960 --> 00:32:50.920

Daniel Carlsen: The reason this is a little interesting is

347

00:32:51.130 --> 00:32:53.420

sue bakernnnnnbnnnnjnn: historic. District has also the

348

00:32:53.460 --> 00:32:57.890

Daniel Carlsen: Okay. So this thing was instigated by.

349

00:32:58.470 --> 00:33:08.320

Daniel Carlsen: They kind of wanted a a sounding board of of all this, you know. So we weren't even originally part of this, even though this is our primary jurisdiction.

350

00:33:08.350 --> 00:33:10.400

Daniel Carlsen: and I don't want to play.

351

00:33:12.170 --> 00:33:17.230

Daniel Carlsen: but it's certainly something that should be. It's Dr. Crane.

352

00:33:17.880 --> 00:33:22.850

Daniel Carlsen: because he's really the primary authority on landscaping.

353

00:33:23.030 --> 00:33:30.390

Daniel Carlsen: And, as most of you know. 2020 years ago

354

00:33:30.680 --> 00:33:36.060

Daniel Carlsen: talked about, this sort of

355

00:33:36.210 --> 00:33:38.010

Daniel Carlsen: might be a friend of law. But

356

00:33:39.660 --> 00:33:41.140

Daniel Carlsen: so

357

00:33:41.840 --> 00:33:42.640

in the

358

00:33:51.380 --> 00:33:53.620

Daniel Carlsen: But

359

00:33:53.890 --> 00:33:59.640

Daniel Carlsen: yeah, we we, we we budget for some money. We got more for the commitment to

360

00:33:59.680 --> 00:34:00.460

9,

361

00:34:03.350 --> 00:34:06.350

Daniel Carlsen: but anyway, it's part of the history of it which is notable.

362

00:34:06.560 --> 00:34:11.380

Daniel Carlsen: The current report which they're required to produce

363

00:34:11.710 --> 00:34:14.750

Daniel Carlsen: really close to most of the trees.

364

00:34:15.350 --> 00:34:20.199

Daniel Carlsen: and and there are some notable.

365

00:34:20.610 --> 00:34:21.400

Daniel Carlsen: Oh.

366

00:34:22.920 --> 00:34:25.139

Daniel Carlsen: what's interesting about this, Joe?

367

00:34:25.210 --> 00:34:31.889

Daniel Carlsen: I I couldn't remember. Fred, send me to a masterpiece. What we did is that back in

368

00:34:32.060 --> 00:34:47.929

Daniel Carlsen: a number of years ago or decided we have. I have some master plan. I found some of those master plan recommendations actually, today. you know, the board went through each part. We looked at the deeds that were restrictions that we got with the properties we looked at, and then we created like.

369

00:34:48.050 --> 00:35:01.200

Daniel Carlsen: I mean, I like a wish list of things that we like to see accomplished in that part or not account. I mean things that we might want to leave just exactly where they are things that you know could foster some improvement in the part, and some of it. Most of it was so

370

00:35:01.340 --> 00:35:10.090

Daniel Carlsen: so that we're not going to build a structure. But we're talking about, You know things like that 100 year old bridge that it's on the that's on a single that on the

371

00:35:10.110 --> 00:35:12.440

Daniel Carlsen: the side the small pound side. There.

372

00:35:12.960 --> 00:35:20.400

Daniel Carlsen: you know, there's a discussion about having to replace that bridge because it falls in the bridge of the category of bridges within the town as far as pay it goes.

373

00:35:20.490 --> 00:35:21.410

Daniel Carlsen: and

374

00:35:21.630 --> 00:35:33.210

Daniel Carlsen: it's about altering the bridge, so it doesn't it doesn't it doesn't have that historic value anymore. It'll have the same sort of look. But talking about changing that, and it's a 1 million dollars to do that, believe it or not.

375

00:35:33.350 --> 00:35:48.390

Daniel Carlsen: and nobody wants to bite them by fight off the number to say, if you you want to keep the story value in this bridge, it's a 1 million dollars to do it. It's a curved arch bridge. It takes a very unique kind of, you know. Masonry work to do this.

376

00:35:48.410 --> 00:35:53.420

Daniel Carlsen: You know it's a lot of discussion about how we could, how we could do this.

377

00:35:53.540 --> 00:35:56.650

Daniel Carlsen: But you know those, the types of features that they are the way that

378

00:35:57.530 --> 00:36:06.740

Daniel Carlsen: when you go there you get comfortable looking at that. If they put a Culver type region or something like that. you know, they can probably change the facade a little bit, so it looks like it.

379

00:36:06.840 --> 00:36:10.340

Daniel Carlsen: but it's not going to be the same. The same application

380

00:36:10.790 --> 00:36:13.490

Daniel Carlsen: Well, as Nancy knows it, Master plans to be valued.

381

00:36:13.930 --> 00:36:16.780

Daniel Carlsen: and we

382

00:36:17.960 --> 00:36:23.720

Daniel Carlsen: and we also have the open space plan, because these are also dedicated open spaces. So here's a challenge.

383

00:36:23.770 --> 00:36:26.370

Daniel Carlsen: How might I answer the question? But here's the challenge.

384

00:36:27.410 --> 00:36:31.600

Daniel Carlsen: The State legislation, historic district doesn't. Talk about it as well.

385

00:36:32.420 --> 00:36:35.920

Daniel Carlsen: It's not. It's not what they do. They're supposed to manage to store buildings.

386

00:36:37.660 --> 00:36:42.580

Daniel Carlsen: So if there was an application that would reduce open space.

387

00:36:42.680 --> 00:36:47.380

Daniel Carlsen: Any of our parks part of the historic district. or even

388

00:36:47.710 --> 00:36:51.250

Daniel Carlsen: in our master plans for the open space plans.

389

00:36:52.090 --> 00:36:58.750

Daniel Carlsen: is that the existing legislation make it as a tool to say No. So, my personal thing

390

00:36:58.830 --> 00:37:05.680

Daniel Carlsen: this is just me is if all of a sudden there's an application for another 5 iron horses

391

00:37:05.910 --> 00:37:14.760

Daniel Carlsen: in the middle of Yeah, I feel oh. paste all time, and that's something that would be within the jurisdiction as part of

392

00:37:17.070 --> 00:37:27.900

Daniel Carlsen: or challenging the character of the park. So some of the hardware park stuff is appropriate, some places and that other. But this is part of the review process. So

393

00:37:30.590 --> 00:37:35.130

Daniel Carlsen: at the end of the meeting I will say this. We're all talking about

394

00:37:35.180 --> 00:37:38.200

Daniel Carlsen: this, and this is where we have

395

00:37:38.560 --> 00:37:39.760

Daniel Carlsen: not to talk to

396

00:37:41.890 --> 00:37:44.950

Daniel Carlsen: French. Well, maybe we on a table the whole thing.

397

00:37:45.140 --> 00:37:52.650

Daniel Carlsen: He said, that after we all went to all this myself. I think

398

00:37:52.830 --> 00:37:56.490

Daniel Carlsen: in any event. the report has been done.

399

00:37:56.650 --> 00:38:07.910

Daniel Carlsen: and the sort of District Commission will probably submit this to me and Z. It has to be. I know a lot of these questions that come up.

400

00:38:08.780 --> 00:38:14.210

Daniel Carlsen: They probably just for now, today's discussion. They probably can also ask

401

00:38:17.670 --> 00:38:18.240

this particular.

402

00:38:18.480 --> 00:38:19.250

Daniel Carlsen: Okay.

403

00:38:21.650 --> 00:38:23.220

Daniel Carlsen: So enough on that.

404

00:38:26.500 --> 00:38:28.490

sue bakernnnnnnbbnnnnjnn: I have a question

405

00:38:28.500 --> 00:38:38.730

sue bakernnnnnnbbnnnnjnn: that do you think it's imperative to know, one way or another, whether any of the buildings, whether in the park or whatever, are part of the

406

00:38:38.740 --> 00:38:41.880

sue bakernnnnnnbbnnnnjnn: either the State or the national.

407

00:38:42.390 --> 00:38:48.680

sue bakernnnnnnbbnnnnjnn: his not in historic district, but a registry, because there's that

408

00:38:49.120 --> 00:38:52.030

sue bakernnnnnnbbnnnnjnn: that's separate from an historic district.

409

00:38:52.250 --> 00:39:05.150

sue bakernnnnnnbbnnnnjnn: and you can get buildings. And in the case of Todd's Point, it is done in the State and National Historic registry. If that were so.

410

00:39:05.380 --> 00:39:11.210

sue bakernnnnnnbbnnnnjnn: and you were talking about like oh, put make Todd's point in historic district. That would make it

411

00:39:11.590 --> 00:39:19.450

sue bakernnnnnnbbnnnnjnn: more. It more easily achieved, I think. But I could be wrong.

412

00:39:19.500 --> 00:39:21.870

Daniel Carlsen: It's a really good question. My My

413

00:39:22.210 --> 00:39:23.630

Daniel Carlsen: legal opinion

414

00:39:23.660 --> 00:39:28.990

Daniel Carlsen: is that a local historic district designation, like

415

00:39:30.960 --> 00:39:34.760

Daniel Carlsen: is a more highly regulated designation.

416

00:39:35.270 --> 00:39:39.960

sue bakernnnnnbbnnnjnn: Then certainly the National Register, that for people don't care too much.

417

00:39:40.590 --> 00:39:46.640

Daniel Carlsen: I also will challenge you if you go to the list. The State Historical Registry.

418

00:39:47.300 --> 00:39:51.380

Daniel Carlsen: I've never been able to find Toss Point on that registers. I don't think it ever

419

00:39:51.460 --> 00:39:52.740

Daniel Carlsen: finally occurred.

420

00:39:53.040 --> 00:40:02.170

Daniel Carlsen: That's another. Really. We paid that dude meal's, Turkish, or whatever his name was. When Susan

421

00:40:02.220 --> 00:40:16.590

sue bakernnnnnbbnnnjnn: a lot of money to do it. I thought I was the treasurer I would to check for \$1,500. Oh, well, we can look at that different at a different time. But i'm just saying, there are separate entities.

422

00:40:16.830 --> 00:40:31.090

sue bakernnnnnbbnnnjnn: A registry and historic registry designation is separate from an historic district, but I wonder if one is achieved? Is the other more like it. Would it be more readily achieved?

423

00:40:32.120 --> 00:40:35.230

sue bakernnnnnbbnnnjnn: And yeah, just the thought. I want to be political on this.

424

00:40:35.770 --> 00:40:38.840

Daniel Carlsen: The current up of the District Commission.

425

00:40:39.040 --> 00:40:40.890

Daniel Carlsen: I think is really good

426

00:40:41.430 --> 00:40:45.410

Daniel Carlsen: when we went this through this before, and what?

427

00:40:45.420 --> 00:40:53.100

Daniel Carlsen: So you might have been involved. Oh, when it was the chairman of the Good afternoon.

428

00:40:53.670 --> 00:41:02.730

Daniel Carlsen: She was really difficult to deal with. A lot of people were turned off.

429

00:41:02.730 --> 00:41:19.560

Daniel Carlsen: I didn't. I know that. How did I know you got a? You got a handcuff, some of these elderly people. Oh, my God! I've been through this for a 100 years, and fields. I don't know how. Carry on. I didn't need. They're in a wrong. Okay, so, but sorry. So it's out.

430

00:41:19.560 --> 00:41:25.200

Daniel Carlsen: anyway. So so, anyway.

431

00:41:27.290 --> 00:41:33.740

Daniel Carlsen: it's it's for future discussion. So

432

00:41:34.680 --> 00:41:35.330

for that

433

00:41:35.820 --> 00:41:37.740

Daniel Carlsen: all right, I just want to mention

434

00:41:39.340 --> 00:41:41.800

Daniel Carlsen: one of the most.

435

00:41:43.180 --> 00:41:49.640

Daniel Carlsen: and they come in. and it's in the

436

00:41:50.360 --> 00:42:04.880

Daniel Carlsen: it's I I've I've looked at him high level. At least I've blocked out my calendar tomorrow morning.

437

00:42:05.840 --> 00:42:11.900

Daniel Carlsen: There's 5 respondents. Yeah, yeah to the to the and then you're in the evaluation.

438

00:42:12.380 --> 00:42:15.480

Daniel Carlsen: And so the evaluation process will close on.

439

00:42:15.740 --> 00:42:20.690

Daniel Carlsen: Okay. you know very well

440

00:42:20.790 --> 00:42:23.170

Daniel Carlsen: I think they did a great job

441

00:42:23.250 --> 00:42:26.960

Daniel Carlsen: if you

442

00:42:28.030 --> 00:42:30.330

Daniel Carlsen: they yet Sarah

443

00:42:32.670 --> 00:42:34.270

Daniel Carlsen: and Joe. Sure.

444

00:42:36.240 --> 00:42:38.750

Daniel Carlsen: but there. so that's a good response.

445

00:42:38.870 --> 00:42:41.440

Daniel Carlsen: So it's exciting, you know, as

446

00:42:41.740 --> 00:42:43.850

Daniel Carlsen: that was like a management plan.

447

00:42:44.730 --> 00:42:45.390

It works

448

00:42:46.140 --> 00:42:47.470

Daniel Carlsen: Okay, that's it.

449

00:42:47.560 --> 00:43:00.610

Daniel Carlsen: Only for the study. Then out in the budget corrected without dollars for. But yeah, we can use it as a planning tool. So we could say what we have

450

00:43:01.100 --> 00:43:03.080

Daniel Carlsen: so far out. I mean.

451

00:43:06.500 --> 00:43:08.410

Daniel Carlsen: there's some big numbers. Okay.

452

00:43:11.890 --> 00:43:14.890

Daniel Carlsen: So I

453

00:43:14.970 --> 00:43:27.550

Daniel Carlsen: But if I were going to those for implementation. So over a number okay, yeah, not like in yeah, this is like going on. So that's a big.

454

00:43:29.400 --> 00:43:30.830

Daniel Carlsen: But what is a

455

00:43:33.160 --> 00:43:35.560

Daniel Carlsen: is to move forward with.

456

00:43:36.210 --> 00:43:36.810

Thank you

457

00:43:37.030 --> 00:43:38.430

Daniel Carlsen: to the

458

00:43:38.710 --> 00:43:41.210

Daniel Carlsen: This is a property time spent

459

00:43:41.930 --> 00:43:46.990

Daniel Carlsen: 33 min for fine and basically

460

00:43:52.830 --> 00:43:56.710

Daniel Carlsen: right so in time that it is with that for the pandemic

461

00:43:56.970 --> 00:43:58.120

Daniel Carlsen: a lot.

462

00:43:58.170 --> 00:44:02.050

Daniel Carlsen: There's a lot of pressures on what should go there, how to use.

463

00:44:04.140 --> 00:44:08.580

Daniel Carlsen: So one of the things

464

00:44:08.880 --> 00:44:11.520

Daniel Carlsen: we did have a great meeting on that.

465

00:44:11.930 --> 00:44:13.000

It's a

466

00:44:17.190 --> 00:44:17.840

it's it.

467

00:44:18.130 --> 00:44:21.660

Daniel Carlsen: And we had Greg: we had

468

00:44:22.200 --> 00:44:24.480

Daniel Carlsen: Darren. We had staff

469

00:44:24.550 --> 00:44:25.320

see?

470

00:44:25.480 --> 00:44:27.330

Daniel Carlsen: And Kevin.

471

00:44:29.980 --> 00:44:31.500

Daniel Carlsen: Yeah, for there

472

00:44:32.740 --> 00:44:36.280

Daniel Carlsen: we have a couple of other people

473

00:44:37.260 --> 00:44:38.060

Daniel Carlsen: property.

474

00:44:38.250 --> 00:44:43.090

Daniel Carlsen: and it was a good meeting you, even though we're waiting for the

475

00:44:43.480 --> 00:44:44.350

Daniel Carlsen: That's a

476

00:44:48.170 --> 00:44:50.630

Daniel Carlsen: so that one little product.

477

00:44:52.630 --> 00:44:57.550

Daniel Carlsen: any a lot of things are happening there that it's really

478

00:44:58.530 --> 00:44:59.330

like the

479

00:44:59.350 --> 00:45:01.170

Daniel Carlsen: they're

480

00:45:01.500 --> 00:45:02.980

Daniel Carlsen: really sure people there.

481

00:45:03.200 --> 00:45:07.780

Daniel Carlsen: And then we use letter that I would like to start sharing with you all.

482

00:45:08.360 --> 00:45:09.220

Daniel Carlsen: and

483

00:45:10.040 --> 00:45:12.040

and on there they did it, you know.

484

00:45:13.180 --> 00:45:17.610

Daniel Carlsen: So they're starting to

485

00:45:17.800 --> 00:45:20.930

Daniel Carlsen: our great. There's one volunteer day

486

00:45:21.080 --> 00:45:21.790

we had

487

00:45:31.250 --> 00:45:34.270

Daniel Carlsen: it was great.

488

00:45:34.430 --> 00:45:35.290

Daniel Carlsen: Give me a background.

489

00:45:36.650 --> 00:45:37.240

Daniel Carlsen: Bye.

490

00:45:43.430 --> 00:45:46.270

Daniel Carlsen: there is a

491

00:45:46.510 --> 00:45:47.280

Daniel Carlsen: project that

492

00:45:47.310 --> 00:45:52.150

Daniel Carlsen: we're working on, which is that pollinator projects that combined with

493

00:45:52.470 --> 00:45:53.950

Daniel Carlsen: conservation, Alex.

494

00:45:54.300 --> 00:45:56.740

Daniel Carlsen: And it could be a highly visible

495

00:45:56.800 --> 00:45:57.740

Daniel Carlsen: Right

496

00:45:58.000 --> 00:46:02.520

Daniel Carlsen: it is, and it has the final say of the design. You don't have a lot of

497

00:46:07.430 --> 00:46:11.240

Daniel Carlsen: It's a real.

498

00:46:11.280 --> 00:46:14.810

Daniel Carlsen: we actually

499

00:46:14.850 --> 00:46:18.310

exactly. and it's a area that

500

00:46:19.970 --> 00:46:21.580

Daniel Carlsen: it's right. It's through the bridges.

501

00:46:24.710 --> 00:46:28.400

Daniel Carlsen: You it couple of things that or noticing it any

502

00:46:28.630 --> 00:46:30.680

Daniel Carlsen: is, you know the bank.

503

00:46:30.820 --> 00:46:33.100

Daniel Carlsen: Yeah, already. and

504

00:46:33.560 --> 00:46:39.090

Daniel Carlsen: so

505

00:46:39.770 --> 00:46:41.720

Daniel Carlsen: still need to get on that dredging.

506

00:46:44.850 --> 00:46:45.680

Daniel Carlsen: Got it

507

00:46:46.070 --> 00:46:48.780

Daniel Carlsen: because we

508

00:46:48.830 --> 00:46:50.110

Daniel Carlsen: it has a maintenance

509

00:46:53.340 --> 00:46:53.920

very much.

510

00:46:54.970 --> 00:47:00.940

Daniel Carlsen: It's reaching pond itself. But it's still there. There's what they call

511

00:47:02.020 --> 00:47:04.070

Daniel Carlsen: okay. a lot more.

512

00:47:04.430 --> 00:47:22.060

Daniel Carlsen: We're supposed to be a meeting in section. That's where the 2 tributaries come in, and so that There's a 5 year speed in cycle on those tributary, so that it doesn't migrate into the me on and try to catch it there.

513

00:47:22.260 --> 00:47:30.430

Daniel Carlsen: So there's some money that's been for I think the appropriate for. And we're working. The dredging permit is still with DVD:

514

00:47:30.520 --> 00:47:33.820

Daniel Carlsen: I think they're gonna They're gonna try to do the technical side.

515

00:47:34.240 --> 00:47:35.030

And

516

00:47:35.230 --> 00:47:39.410

Daniel Carlsen: so I. But that is that this is not the time we need to be

517

00:47:39.830 --> 00:47:45.000

Daniel Carlsen: program.

518

00:47:45.540 --> 00:47:47.940

Daniel Carlsen: It will happen.

519

00:47:49.110 --> 00:47:50.660

Daniel Carlsen: Yeah, No, no.

520

00:47:50.800 --> 00:47:52.000

it helps her.

521

00:47:55.680 --> 00:47:56.600

Daniel Carlsen: So then

522

00:47:57.780 --> 00:47:58.590

Daniel Carlsen: going on it.

523

00:48:00.170 --> 00:48:01.880

Daniel Carlsen: So it's

524

00:48:02.450 --> 00:48:04.450

on the

525

00:48:06.230 --> 00:48:06.920

Daniel Carlsen: there you go.

526

00:48:12.670 --> 00:48:16.540

Daniel Carlsen: Yeah.

527

00:48:17.770 --> 00:48:30.440

Daniel Carlsen: I'm already. Okay, Nancy, You knew me when

528

00:48:30.700 --> 00:48:33.120

Sue Bodson: you want me to wait until the foundation.

529

00:48:38.350 --> 00:48:40.270

Daniel Carlsen: Let me get some money. So that's

530

00:48:40.700 --> 00:48:42.930

Daniel Carlsen: I. Just hold off on that.

531

00:48:43.260 --> 00:48:45.020

Daniel Carlsen: I'm sorry.

532

00:48:53.770 --> 00:48:54.350

Yes.

533

00:48:54.950 --> 00:48:58.890

Daniel Carlsen: all right. So is that you don't get them yet.

534

00:48:59.030 --> 00:49:03.020

Daniel Carlsen: So we're gonna pass on the ring because if you want to here

535

00:49:07.800 --> 00:49:10.270

Daniel Carlsen: oh, voice.

536

00:49:10.480 --> 00:49:13.590

Daniel Carlsen: if there's nothing else. So

537

00:49:16.400 --> 00:49:17.970

Daniel Carlsen: i'm just trying to think whether

538

00:49:18.810 --> 00:49:23.020

Daniel Carlsen: let let let me do this, Sue Baker, if you can stay for a second

539

00:49:23.080 --> 00:49:26.300

Daniel Carlsen: technical technicality here.

540

00:49:27.350 --> 00:49:40.370

Daniel Carlsen: Foundation. What's up with the foundation for Sec. I want to do it right now. I want to confirm, because technically we have. We have Su here. We have me technically, Tracy. You are

541

00:49:41.280 --> 00:49:54.470

Daniel Carlsen: bye. charter because you're your rtm parks and Rec. And Rick now gave me his authority that when I was a select his choice

542

00:49:54.910 --> 00:50:01.800

Daniel Carlsen: we're just going to continue with what we've been doing on the foundation which I'm going to explain briefly.

543

00:50:01.870 --> 00:50:04.260

Daniel Carlsen: And, by the way, it was more critical.

544

00:50:04.500 --> 00:50:05.380

Daniel Carlsen: So

545

00:50:05.770 --> 00:50:08.590

Daniel Carlsen: you know we have the websites. We have paypal.

546

00:50:08.880 --> 00:50:13.130

Daniel Carlsen: We have bank accounts that we now can access to the Internet.

547

00:50:14.180 --> 00:50:18.210

Daniel Carlsen: They just so, you know, whenever there's a requisition for a check which happens a lot

548

00:50:18.600 --> 00:50:21.470

Daniel Carlsen: that so much from you Guys questions from the other department.

549

00:50:22.220 --> 00:50:23.310

Daniel Carlsen: The primary

550

00:50:23.430 --> 00:50:26.860

Daniel Carlsen: users are bench part of the scholarships.

551

00:50:27.130 --> 00:50:31.860

Daniel Carlsen: It has to be approved by E. Both me and

552

00:50:32.160 --> 00:50:33.660

Daniel Carlsen: as we pro by 2 people.

553

00:50:34.260 --> 00:50:37.340

Daniel Carlsen: and it also has to be exploiting section of your stuff

554

00:50:38.280 --> 00:50:40.080

to be approved by you guys.

555

00:50:40.300 --> 00:50:44.400

Daniel Carlsen: whatever corporate format you have.

556

00:50:45.130 --> 00:50:57.170

Daniel Carlsen: and when it's the departmental thing, I I think a piece of paper that says it's been approved by the Department. So if we were to send me something from our page. I want to make sure that's okay.

557

00:50:57.260 --> 00:50:58.070

Daniel Carlsen: because I don't know.

558

00:50:59.040 --> 00:51:02.870

Daniel Carlsen: And then we sign off. We send a check, usually to the fender directly.

559

00:51:03.760 --> 00:51:04.610

Daniel Carlsen: We

560

00:51:04.870 --> 00:51:10.040

Daniel Carlsen: always monitor the the leisure. Yes, I think. Okay.

561

00:51:10.110 --> 00:51:14.850

Daniel Carlsen: So the leisure is a formal ledger. You by our accounts.

562

00:51:15.240 --> 00:51:21.790

Daniel Carlsen: and believe it or not, our accounts every year. I don't know we don't pay taxes.

563

00:51:21.950 --> 00:51:23.820

Daniel Carlsen: but it's still an lrs requirement.

564

00:51:24.300 --> 00:51:29.550

Daniel Carlsen: It makes it a lot easier on the

565

00:51:29.970 --> 00:51:37.340

Daniel Carlsen: the \$2,500 a year. It's our biggest expense.

566

00:51:38.200 --> 00:51:43.980

Daniel Carlsen: 15, probably 5,000. Yes, that's our biggest expense. We have to do it.

567

00:51:49.410 --> 00:51:52.650

Daniel Carlsen: It's a \$1,000, I think which we.

568

00:51:52.920 --> 00:51:54.360

what we should do.

569

00:51:56.550 --> 00:52:00.370

Daniel Carlsen: So one thing we do which I want to make sure you

570

00:52:00.800 --> 00:52:09.610

Daniel Carlsen: you've been involved, but I want to share to you is. we proportionately have been charging all of the accounts

571

00:52:10.220 --> 00:52:14.650

Daniel Carlsen: 3% to pay for these expenses because we have to pay the expenses.

572

00:52:14.710 --> 00:52:16.140

Daniel Carlsen: So we've been doing that.

573

00:52:16.240 --> 00:52:19.440

Daniel Carlsen: So technically, let's just say bigger accounts, which maybe

574

00:52:19.510 --> 00:52:25.910

Daniel Carlsen: scholarships, maybe park benches, which may be recreation, which may be parks

575

00:52:26.470 --> 00:52:27.710

Daniel Carlsen: in trades.

576

00:52:27.820 --> 00:52:31.400

Daniel Carlsen: all pay pro at that 3% which includes

577

00:52:31.880 --> 00:52:32.890

Daniel Carlsen: you guys.

578

00:52:33.530 --> 00:52:36.350

Daniel Carlsen: And unfortunately, we have to do that because we have to pay for the account.

579

00:52:37.460 --> 00:52:45.610

Daniel Carlsen: So okay, technically. we amended the I was. So there are.

580

00:52:45.920 --> 00:52:49.620

Daniel Carlsen: There's a

581

00:52:49.900 --> 00:52:53.900

Daniel Carlsen: there are people from the Board of

582

00:52:53.980 --> 00:52:55.070

Daniel Carlsen: wants to have on it.

583

00:52:55.890 --> 00:52:57.620

Daniel Carlsen: There is the

584

00:52:57.750 --> 00:53:05.790

Daniel Carlsen: the T represent, which is very who is great. because she always has updates me on things going on.

585

00:53:06.340 --> 00:53:13.380

Daniel Carlsen: and particularly when B et is not happy with what is it called the ongoing resolution, where sometimes, like

586

00:53:19.930 --> 00:53:22.750

Daniel Carlsen: so the he is happy with us every year.

587

00:53:23.080 --> 00:53:26.990

Daniel Carlsen: They're They had a problem with the foundation, by the way.

588

00:53:27.250 --> 00:53:29.490

Daniel Carlsen: is not the

589

00:53:29.920 --> 00:53:32.480

Daniel Carlsen: it's people by town people.

590

00:53:34.210 --> 00:53:36.960

Daniel Carlsen: So Rick and I,

591

00:53:37.520 --> 00:53:44.810

Daniel Carlsen: we don't have to be this, but Rick and I are chairman and co-chairman. Put anybody who wants to be if you want.

592

00:53:44.930 --> 00:53:51.090

Daniel Carlsen: and it's really not a big deal other than what what the nor does, which is important, because it's not really her job.

593

00:53:51.900 --> 00:53:58.190

Daniel Carlsen: Oh. And then so who's tremendous? Because she's really

594

00:53:59.340 --> 00:54:00.480

Daniel Carlsen: professional

595

00:54:00.640 --> 00:54:05.850

Daniel Carlsen: marketer and fundraiser, anyway? And she's the one who knows how to do all this stuff? Because I don't

596

00:54:07.320 --> 00:54:09.450

Daniel Carlsen: I can guarantee.

597

00:54:09.700 --> 00:54:11.710

Daniel Carlsen: So

598

00:54:11.880 --> 00:54:15.300

Daniel Carlsen: one thing that's too. So taken a lot on our own initiative.

599

00:54:15.620 --> 00:54:18.490

Daniel Carlsen: which is little small fundraisers

600

00:54:18.600 --> 00:54:25.200

Daniel Carlsen: in in connection with I wanted to go to the one where. So you guys are going to be models that one

601

00:54:25.370 --> 00:54:33.190

Sue Bodson: I wanted to go to I. How come you didn't Ask me, by the way.

602

00:54:33.420 --> 00:54:38.200

Daniel Carlsen: And now the new one you you're going to do to talk about the new one. You want to do it at.

603

00:54:38.580 --> 00:54:54.330

Sue Bodson: So it's actually not a fundraiser, but a fundraiser right? So I had the pleasure of walking Myanes River Park with Greg and Darren last week. It was a beautiful afternoon.

604

00:54:54.330 --> 00:55:11.960

Sue Bodson: and it. The park is actually in really great shape in terms of trash. Like it is, it was very clean, but we did identify a bunch of areas where volunteers can be helpful in clearing some

605

00:55:12.240 --> 00:55:24.610

Sue Bodson: logs and making the path a little more defined, removing some invasive species which i'm not going to be able to be able to pronounce the name of that play out.

606

00:55:24.610 --> 00:55:42.660

Sue Bodson: Maybe Greg can say what it is, but we have a whole list of things for volunteers to do, and Leonora has been fabulous in helping me create these creatives. I'm gonna write a press release and get it out there. So it's going to be on

607

00:55:42.660 --> 00:55:48.780

Sue Bodson: birthday, April 20 s on a Saturday. I know there is another

608

00:55:48.790 --> 00:55:52.580

Sue Bodson: clean up happening at Todd's Point. At the same time

609

00:55:53.970 --> 00:55:58.120

I have contacted the Junior League of Greenwich

610

00:55:58.340 --> 00:56:09.580

Sue Bodson: and the Junior League of Stamford, Norwalk, who are very interested in helping us support this. I've also been in contact with the friends of my Andes River

611

00:56:09.710 --> 00:56:17.170

Sue Bodson: Park in Stamford, also very helpful. you know. Even if we get a couple of dozen

612

00:56:17.240 --> 00:56:33.950

Sue Bodson: volunteers that morning, I think it it will be a great community building opportunity between Greenwich and Stamford I mean Nancy and I spoke this afternoon, and I think it we, you know, that would be really fabulous to gather both communities

613

00:56:33.950 --> 00:56:50.680

Sue Bodson: around the the different trails and the border there, and and that's that's it. And I think that we can. I think our intent is really to replicate this effort in the fall, in pomrance

614

00:56:50.680 --> 00:57:10.390

Sue Bodson: and and other areas in town. And I feel like this is one of the things that the foundation can be doing. That is not so much something about raising money. But wait, raising awareness about what we do, and getting the word out there about what the foundation does support financially.

615

00:57:11.640 --> 00:57:14.690

Daniel Carlsen: And then you, you wanted to.

616

00:57:15.500 --> 00:57:29.970

Sue Bodson: can get a contribution from the foundation, for

617

00:57:29.970 --> 00:57:40.570

Sue Bodson: Dr. Kramer has some trees that we can that the volunteers can play out. We've he's identified already the places where these trees can go.

618

00:57:40.580 --> 00:57:46.870

Sue Bodson: And yeah, the only fast to the foundation will be for

619

00:57:46.880 --> 00:57:54.980

Sue Bodson: those plantings. I think we we talked about ferns planting some ferns in areas easy to play out.

620

00:57:55.320 --> 00:57:57.000

Sue Bodson: easy to thrive

621

00:57:57.240 --> 00:58:03.950

Daniel Carlsen: you. I mean this works Well, because you. I think we reference, got a contribution.

622

00:58:04.350 --> 00:58:07.690

Daniel Carlsen: \$10,000 from the map, Mr. Malcolm.

623

00:58:08.100 --> 00:58:13.350

Daniel Carlsen: and that's yeah, that's devoted in our parks

624

00:58:14.010 --> 00:58:17.080

Daniel Carlsen: here. Mark. So that's an example it has to be.

625

00:58:18.000 --> 00:58:21.940

Daniel Carlsen: you know we have to.

626

00:58:22.530 --> 00:58:28.420

Daniel Carlsen: So let me close this little component on the foundation. Is everyone like what we're doing.

627

00:58:28.590 --> 00:58:32.730

Daniel Carlsen: Because if you know what I want you to please let me know.

628

00:58:33.090 --> 00:58:37.150

Daniel Carlsen: So you guys want to get something really quick on the field

629

00:58:37.600 --> 00:58:39.290

Daniel Carlsen: in your field meeting or not.

630

00:58:43.680 --> 00:58:51.150

Daniel Carlsen: I mean it's it's kind of good. It's kind of good news in that everybody got together because there's a field dispute.

631

00:58:51.210 --> 00:58:58.310

Daniel Carlsen: Everyone got together. You guys were there, too, of course, with, of course, Important Joe. Is there a friend there.

632

00:58:58.690 --> 00:59:01.510

Daniel Carlsen: and to hard work done

633

00:59:01.560 --> 00:59:05.980

Daniel Carlsen: whenever you basically work out the solution, which is exactly what we should be doing.

634

00:59:06.880 --> 00:59:08.340

Daniel Carlsen: So

635

00:59:09.530 --> 00:59:12.450

Daniel Carlsen: So basically it worked out. I guess everybody's have.

636

00:59:12.670 --> 00:59:19.560

Daniel Carlsen: Well, we're working on the solution for anyone doesn't know it is to use baseball teams that came in

637

00:59:20.630 --> 00:59:21.530

Daniel Carlsen: that we're

638

00:59:21.550 --> 00:59:23.390

Daniel Carlsen: wanted to find out why.

639

00:59:23.830 --> 00:59:24.730

Daniel Carlsen: and I

640

00:59:24.880 --> 00:59:27.280

Daniel Carlsen: request for

641

00:59:27.390 --> 00:59:28.440

for the spring.

642

00:59:29.640 --> 00:59:37.730

Daniel Carlsen: And just Historically, we we had a guess. We had 5 applications this spring. We had for use baseball.

643

00:59:37.800 --> 00:59:46.010

Daniel Carlsen: and they're all so it's not just about one team.

644

00:59:46.430 --> 00:59:48.660

Daniel Carlsen: We get to one. We have to get to all.

645

00:59:48.720 --> 00:59:52.820

Daniel Carlsen: so we have to be. It has to be evaluated that way.

646

00:59:54.420 --> 00:59:57.810

Daniel Carlsen: and we they came in yesterday, and

647

00:59:58.200 --> 01:00:00.830

Daniel Carlsen: you know we worked it out, but there were 2 teams

648

01:00:00.890 --> 01:00:02.960

Daniel Carlsen: that required 40 by 60

649

01:00:03.560 --> 01:00:06.040

Daniel Carlsen: and 3 teams that needed 50 by 7.

650

01:00:06.550 --> 01:00:10.530

Daniel Carlsen: So the 2 teams that require. And now, Joe, it's 3%

651

01:00:10.740 --> 01:00:11.610

today.

652

01:00:11.640 --> 01:00:23.050

Daniel Carlsen: Well, they but they may be getting right now. We're looking at, so we so we figured out that. Yes, we can give 45, 60.

653

01:00:23.480 --> 01:00:30.070

Daniel Carlsen: You get them, and they're not asking for much like It's only a practice and no game.

654

01:00:30.640 --> 01:00:34.010

Daniel Carlsen: and once a week, and you could give them.

655

01:00:34.050 --> 01:00:36.880

Daniel Carlsen: you know, feel time one day a week

656

01:00:37.120 --> 01:00:39.670

Daniel Carlsen: at 3 h, and they can slip

657

01:00:39.690 --> 01:00:40.610

for the time.

658

01:00:41.020 --> 01:00:46.130

Daniel Carlsen: but it'd be very clear, and so it said. It's not for games for this season.

659

01:00:46.420 --> 01:00:47.860

Daniel Carlsen: Going forward.

660

01:00:49.080 --> 01:00:53.900

Daniel Carlsen: the 2 other 3, other 15, that one and 50 by 70,

661

01:00:55.430 --> 01:00:59.640

Daniel Carlsen: you know we're looking into an issue that

662

01:00:59.740 --> 01:01:01.060

Daniel Carlsen: CC: they

663

01:01:01.110 --> 01:01:09.390

Daniel Carlsen: alan this update. We're allocated to the spring. but then they ended up using it for a spring travel program

664

01:01:09.910 --> 01:01:13.620

Daniel Carlsen: which wasn't what it was allocated. So

665

01:01:13.880 --> 01:01:28.590

Daniel Carlsen: Joe's going to reach out to Og. R. CC. And and try and see if we can get some of that feel. Yeah.

666

01:01:30.190 --> 01:01:35.050

Daniel Carlsen: you know, because then that you know, we have to try and see if we can allocate some more space to some other.

667

01:01:35.280 --> 01:01:37.620

Daniel Carlsen: It's a it's a challenge, because we

668

01:01:37.730 --> 01:01:43.430

Daniel Carlsen: I want to field out of our inventory and the weather, and you know.

669

01:01:44.920 --> 01:01:48.100

Daniel Carlsen: but it raises the question, as we said at the end of the meeting.

670

01:01:48.310 --> 01:01:48.990

Daniel Carlsen: you know.

671

01:01:49.420 --> 01:01:51.720

Daniel Carlsen: to look at our field field policy.

672

01:01:52.240 --> 01:02:03.730

Daniel Carlsen: And is there anything we can do to sort of. and not, maybe from Residency? It's a good policy. It's worked Well. We're gonna we're starting to get into this position here.

673

01:02:03.980 --> 01:02:05.640

Daniel Carlsen: The demand is this: P. Here

674

01:02:07.040 --> 01:02:09.620

Daniel Carlsen: that you know that policy.

675

01:02:09.740 --> 01:02:13.550

Daniel Carlsen: you know, baseball was kind of a low. you know, some other sports that were.

676

01:02:14.950 --> 01:02:20.770

Daniel Carlsen: And now it seems to be this research. So I I think it's worth looking at business requirements.

677

01:02:20.920 --> 01:02:29.880

Daniel Carlsen: I think it's really looked at how we shift some look at some niceties that we have like we know for years. I mean. I can't remember you when we have that

678

01:02:30.390 --> 01:02:32.460

Daniel Carlsen: purpose of all teams, you know.

679

01:02:32.510 --> 01:02:38.700

Daniel Carlsen: you need to put them in a place where we can manage them. Not that you know, so that they don't interfere with that spring session

680

01:02:38.900 --> 01:02:40.130

the late spring session.

681

01:02:40.250 --> 01:02:45.120

Daniel Carlsen: But if we're going to do that as I curse you, some companies that have

682

01:02:45.440 --> 01:02:50.530

Daniel Carlsen: maybe just restricted to like

683

01:02:50.980 --> 01:02:52.280

Daniel Carlsen: time in space. Okay.

684

01:02:52.340 --> 01:03:00.760

Daniel Carlsen: and that's that would be the program. So we're gonna look at a 3 or 4 little things, but this would be a broad discussion with the committee, and maybe we

685

01:03:00.940 --> 01:03:03.090

Daniel Carlsen: you come up with a revised

686

01:03:03.360 --> 01:03:17.200

Daniel Carlsen: protocol it should be. We we did this last time with the committee, went to the board, so that we were all united on this thing. You know, we, that this is something that the department of the Board of Austin together, and we read that

687

01:03:17.410 --> 01:03:24.070

Daniel Carlsen: because people will try to split, you know and say, well, you know. so we want to be on the same page.

688

01:03:24.710 --> 01:03:27.800

Daniel Carlsen: The policy give a lot of guidance. Okay.

689

01:03:27.880 --> 01:03:30.400

Daniel Carlsen: and some some, you know.

690

01:03:30.420 --> 01:03:32.540

Daniel Carlsen: proper protocols that put in place.

691

01:03:32.550 --> 01:03:50.470

Daniel Carlsen: The Field Committee definitely kind of gives us, and I I don't want to use this term. I use it to cover in the sense that you know there are people at one time thinking that we would just say, there's all those favorites. And going on with this, this group gets what they want, so it's it's, and it makes it transparent that

692

01:03:50.510 --> 01:03:53.980

Daniel Carlsen: you know the individual wants to kind of represent their application. When we

693

01:03:54.260 --> 01:03:58.760

Daniel Carlsen: take up the matter they can be here. Listen to what the discussion is.

694

01:03:58.910 --> 01:04:00.980

Daniel Carlsen: so we try to make it a little bit more transparent. But

695

01:04:01.070 --> 01:04:08.750

Daniel Carlsen: there's a couple of little tweets. Not not that a whole lot. But we we need to. We can. I think we're at the phase now where we need to look at the

696

01:04:09.280 --> 01:04:10.270

Daniel Carlsen: up there.

697

01:04:10.350 --> 01:04:17.660

Daniel Carlsen: and some of the construction projects are going on. We're still dealing with what's the Middle School? We're still dealing with one of the High school.

698

01:04:17.960 --> 01:04:19.180

Daniel Carlsen: your your email.

699

01:04:19.300 --> 01:04:23.380

Daniel Carlsen: this you drainage project that's going to take place in.

700

01:04:23.390 --> 01:04:26.140

Daniel Carlsen: I may take the fuel out for some time.

701

01:04:26.230 --> 01:04:33.210

Daniel Carlsen: We're talking about implementing our only improvements, such as have a wire, and by the street. So when you start to put all of the nix you like.

702

01:04:33.490 --> 01:04:34.940

Daniel Carlsen: how does this work, I mean?

703

01:04:35.200 --> 01:04:40.200

Daniel Carlsen: And so we need to be a little bit more mindful of that that. What's what's going on there

704

01:04:40.430 --> 01:04:41.710

Daniel Carlsen: and try to get a

705

01:04:42.620 --> 01:04:49.750

Daniel Carlsen: we've got to push back on our own. Those 2 projects, probably because we can't get a feel for the time. You the other things that right there.

706

01:04:49.800 --> 01:04:53.970

Daniel Carlsen: you know. So we need to. We need to. We're not

707

01:04:55.460 --> 01:04:56.840

Daniel Carlsen: So this Western is that

708

01:04:57.890 --> 01:04:59.190

Daniel Carlsen: that is the Western

709

01:04:59.750 --> 01:05:00.340

that

710

01:05:00.750 --> 01:05:04.020

Daniel Carlsen: well, there's a good indication that I could start at the end of the

711

01:05:04.030 --> 01:05:15.080

Daniel Carlsen: this year. It's going to be a 2 year cycle. because they're only going to be able to do certain remediation on schools out of session. They can do some of the restoration of schools in session.

712

01:05:15.180 --> 01:05:18.200

Daniel Carlsen: but they can't do some of the the actual.

713

01:05:18.700 --> 01:05:20.250

Daniel Carlsen: this sort of in the

714

01:05:25.180 --> 01:05:31.600

Daniel Carlsen: so let's. Yeah, honey, i'm still here.

715

01:05:34.060 --> 01:05:41.230

Daniel Carlsen: I know it. I know the meeting will not be as long as last time. So

716

01:05:41.250 --> 01:05:45.440

Daniel Carlsen: Sue and her colleague, Sophie Covin.

717

01:05:48.110 --> 01:05:58.450

Daniel Carlsen: who's who's daughter, By the way, rose with my nephew at Christmas. Oh, her! Her daughter is a world class rower.

718

01:05:58.450 --> 01:06:08.200

sue bakernnnnnbbnnnnjnn: and her husband was on. That is a cool story. You want to hear it. My husband was on the 96 Us. Olympic team of the 8 man.

719  
01:06:08.230 --> 01:06:13.580  
sue bakernnnnnbbnnnnjnn: and that was before the boys in the boat

720  
01:06:13.600 --> 01:06:23.010  
sue bakernnnnnbbnnnnjnn: book had been published by James Daniel Brown. but you know, as an official, and us diving for the Olympics in 96 I was in Atlanta.

721  
01:06:23.650 --> 01:06:42.130  
sue bakernnnnnbbnnnnjnn: where Jamie Coven was on that eight-man team, and they had from the 1,936. Those were the Berlin. Not, you know, Hitler games. They had that 8 man team of the United States, having the sixtieth reunion in Atlanta

722  
01:06:42.130 --> 01:06:46.730  
sue bakernnnnnbbnnnnjnn: and I. It was the most emotional thing I ever attended

723  
01:06:46.830 --> 01:06:55.340  
sue bakernnnnnbbnnnnjnn: the guys that won the gold for the United States with with no backing, no, no even uniforms, for God's sake.

724  
01:06:55.770 --> 01:07:06.130  
sue bakernnnnnbbnnnnjnn: in the Hitler Olympics were the us eight-man team. They had their 63 union in 96 in Atlanta, and Jamie Coven, who was

725  
01:07:06.130 --> 01:07:17.680  
sue bakernnnnnbbnnnnjnn: Kobe's husband and you're talking about Lucy but Lucy's dad was on that gold medal team. As Well, that was really amazing. Okay, Sorry.

726  
01:07:17.700 --> 01:07:19.070  
Daniel Carlsen: Awesome me

727  
01:07:19.140 --> 01:07:26.540  
Daniel Carlsen: about an idea you had, which is a we had an idea of a pilot program.

728  
01:07:26.900 --> 01:07:29.430  
sue bakernnnnnbbnnnnjnn: So I want to

729  
01:07:29.800 --> 01:07:39.750  
Daniel Carlsen: here just give a description of it because everyone else. Okay, this this is a. P. For a plea for a pilot program. But I have to say

730  
01:07:39.790 --> 01:07:56.610  
sue bakernnnnnbbnnnnjnn: I was going to start with a quote from the foundation, and I hope Sue Batson is on still, because I would like to commend Sue Bots and and her husband Michael, for the absolutely brilliant OP. LED. Or letter to the editor that they wrote in behalf of all

731

01:07:56.610 --> 01:08:03.420

sue bakernnnnnbbnnnjnn: Greenwich Public schools. I saw it in the Free Press. I'm sure it's been published elsewhere, because that's

732

01:08:03.480 --> 01:08:05.170

sue bakernnnnnbbnnnjnn: what I was going to start with.

733

01:08:05.630 --> 01:08:11.380

sue bakernnnnnbbnnnjnn: This is a plea for a pilot program for Greenwich students, and it's based on the

734

01:08:11.820 --> 01:08:17.580

sue bakernnnnnbbnnnjnn: listen to the the Greenwich parts and Recreation Foundation Mission statement

735

01:08:17.630 --> 01:08:34.700

sue bakernnnnnbbnnnjnn: that says: we are committed to our youth scholarship funds supporting excellence in public leisure services and ensuring access to parts and recreation programs for all residents, regardless of their physical.

736

01:08:34.770 --> 01:08:45.500

sue bakernnnnnbbnnnjnn: social. and economic circumstances. That's the quote from our foundation. So I just want to tell you that years ago Dan Barrett and I are teaching our

737

01:08:45.779 --> 01:08:51.550

sue bakernnnnnbbnnnjnn: program a notion on their fee at Greenwich High school. We're flabbergasted by the number of students

738

01:08:51.600 --> 01:08:55.529

sue bakernnnnnbbnnnjnn: who did not have beach passes, and they didn't have beach passes.

739

01:08:55.590 --> 01:09:06.380

sue bakernnnnnbbnnnjnn: and these are high school students for 2 diametrically opposed a post. Reasons one is, their families couldn't afford it, and the other is

740

01:09:06.609 --> 01:09:10.140

sue bakernnnnnbbnnnjnn: their families thought that the that you.

741

01:09:10.450 --> 01:09:25.109

sue bakernnnnnbbnnnjnn: the process for acquiring them was so onerous time consuming, and a problem, and they all belong to clubs, or had pools in their backyards. They didn't have beach passes. That's what generated this whole idea.

742

01:09:26.090 --> 01:09:33.810

sue bakernnnnnbbnnnjnn: So what By my saying? Oh, by the way, Covid, so be Covid.

743

01:09:33.890 --> 01:09:47.510

sue bakernnnnnbbnnnjnn: who maybe isn't on here because she is. Oh, thank you for that. Oh, brilliant! Thank you. Lenore Kobe isn't on here because she's in the Dominican Republic, and she, I think she couldn't get access.

744

01:09:47.649 --> 01:09:57.290

sue bakernnnnnbbnnnnjnn: But and now how do you make this thing roll? I don't even know. How do we move forward on a roll? Well, how do I go to the next, You know.

745

01:09:57.300 --> 01:10:05.890

sue bakernnnnnbbnnnnjnn: Okay, this is what I just stated. Thank you so much, Leonora. This is our statement for the foundation mission statement.

746

01:10:06.080 --> 01:10:22.130

sue bakernnnnnbbnnnnjnn: but the pro the reality is, there are many young people who can do not get to go to Greenwich Point or Byron Park, or any place else that requires an empty. Can you proceed to the next one, please thank you.

747

01:10:22.960 --> 01:10:41.530

sue bakernnnnnbbnnnnjnn: The problems we heard were it was consuming required too much commitment to much verification, and everything on the parts of the parents, and they said the heck with it the past. The reality is for low income families for a family of 2 adults and some kids.

748

01:10:41.540 --> 01:10:43.820

sue bakernnnnnbbnnnnjnn: It is really expensive.

749

01:10:43.980 --> 01:10:49.450

sue bakernnnnnbbnnnnjnn: The other reality is residents who dot and do not live near the part.

750

01:10:49.640 --> 01:11:04.780

sue bakernnnnnbbnnnnjnn: Passes are expensive. They can use them too, and frequently, and transportation. Isn't really easy. So what we are proposing is that that's just a the case. The statistic. Can you please move that forward? Thank you.

751

01:11:04.940 --> 01:11:05.980

sue bakernnnnnbbnnnnjnn: On the right.

752

01:11:06.830 --> 01:11:16.840

sue bakernnnnnbbnnnnjnn: What we're proposing is that allowing Greenwich public school students in grade, 6 through 12, with balance valid student identification.

753

01:11:17.010 --> 01:11:19.130

sue bakernnnnnbbnnnnjnn: free access to the parts

754

01:11:19.190 --> 01:11:30.790

sue bakernnnnnbbnnnnjnn: to just encourage them to use them. and based on all that good health reasons the benefit, the benefits for children, and everything that shows on the other side.

755

01:11:30.920 --> 01:11:38.460

sue bakernnnnnbbnnnnjnn: just to give them a chance. This would be a pilot program. so that what it would do would be allow

756

01:11:38.590 --> 01:11:40.940

sue bakernnnnnbbnnnnjnn: our parks department to

757

01:11:41.100 --> 01:11:44.980

sue bakernnnnnbbnnnjnn: enable kids to use

758

01:11:45.520 --> 01:11:59.380

sue bakernnnnnbbnnnjnn: whatever their student, Id is in the Greenwich Public schools Great 6 through 12, and we're focusing on that. If you're younger than sixth grade, you you really need parents. But these are kids that can get there on their bike.

759

01:11:59.640 --> 01:12:01.850

sue bakernnnnnbbnnnjnn: not only to by room.

760

01:12:02.380 --> 01:12:15.470

sue bakernnnnnbbnnnjnn: but to Greenwich Point, and when you get to buy them. They also have access to a pool. So what we were hoping to propose for a a pilot program, Remember, this is a pilot program

761

01:12:16.040 --> 01:12:32.410

sue bakernnnnnbbnnnjnn: is to try for this season that runs public school students with a valid student. Id and you all probably know that they they all have those, and they have their picture on, that they could use that to enter the town facilities of our parts.

762

01:12:32.610 --> 01:12:42.710

sue bakernnnnnbbnnnjnn: and then I know that the record keeping is a little bit tricky. but I guess they'd have to just get either a click count because they wouldn't.

763

01:12:42.730 --> 01:12:47.930

sue bakernnnnnbbnnnjnn: They wouldn't have the Bar code that would indicate their entry coming through.

764

01:12:48.290 --> 01:12:59.840

sue bakernnnnnbbnnnjnn: but but they could use their pass. and not need a beach pass if their parents can't afford it. If their parents don't, can't

765

01:12:59.960 --> 01:13:05.560

sue bakernnnnnbbnnnjnn: manage the procedure which is owner of sometimes to apply.

766

01:13:06.660 --> 01:13:21.380

sue bakernnnnnbbnnnjnn: and and their beach pass would not enable any parents or siblings, or any family members to come with them just they could go through on their own. So parents couldn't say, oh, I have to drop my kid off. No, you you can't do that.

767

01:13:21.390 --> 01:13:23.670

sue bakernnnnnbbnnnjnn: Could you go to the next slide, please.

768

01:13:23.970 --> 01:13:30.280

sue bakernnnnnbbnnnjnn: so they could. The other, if you can't let them use their town

769

01:13:30.400 --> 01:13:33.070

sue bakernnnnnbbnnnjnn: of Public School Pass.

770

01:13:33.090 --> 01:13:37.320

sue bakernnnnnnbbnnnnjnn: could could alternatively the town parts and wreck

771

01:13:37.450 --> 01:13:43.490

sue bakernnnnnnbbnnnnjnn: allow students to register at their schools. That means some of us.

772

01:13:43.570 --> 01:13:47.920

sue bakernnnnnnbbnnnnjnn: It would volunteer our time, maybe with the staff person from Parks and rec

773

01:13:47.930 --> 01:13:58.090

sue bakernnnnnnbbnnnnjnn: to indicate, and we would have to get this in place like the month of May, set up tables in the student centers, or the cafeterias, or whatever it works

774

01:13:58.240 --> 01:14:06.440

sue bakernnnnnnbbnnnnjnn: at. At 4 school, the High School, the Eastern Central and Western Middle School. To say

775

01:14:06.560 --> 01:14:16.320

sue bakernnnnnnbbnnnnjnn: students can get this special pass. We we would help you facilitate that. They're old enough to go to the par without adults.

776

01:14:16.610 --> 01:14:22.680

sue bakernnnnnnbbnnnnjnn: and this way they could. They could get in on their own with bikes and with a separate path.

777

01:14:23.960 --> 01:14:35.900

sue bakernnnnnnbbnnnnjnn: All every kid in town has the lead, if they live here, has the legal right to enter the town parts, but not every kid, every teenager in town

778

01:14:36.720 --> 01:14:42.870

sue bakernnnnnnbbnnnnjnn: has the ability to happen to have their parents get them. Beach passes.

779

01:14:43.070 --> 01:14:47.830

sue bakernnnnnnbbnnnnjnn: So our program, as we see it as a pilot program.

780

01:14:47.980 --> 01:14:58.060

sue bakernnnnnnbbnnnnjnn: It would ease the logistical burden on working parents who can't manage this form the form filling, or who's

781

01:14:58.070 --> 01:15:04.340

sue bakernnnnnnbbnnnnjnn: mother tongue may not be English, and for them it's insurmountable for low-income families.

782

01:15:04.360 --> 01:15:06.480

sue bakernnnnnnbbnnnnjnn: This would allow access

783

01:15:06.560 --> 01:15:12.270

sue bakernnnnnnbbnnnnjnn: to the students without applying for scholarship, which is not easy either.

784

01:15:12.410 --> 01:15:15.750

sue bakernnnnnbbnnnjnn: so like could you move to the next one, please. Okay?

785

01:15:16.140 --> 01:15:29.330

sue bakernnnnnbbnnnjnn: We looked at the Mo. At the money. Now listen to this: If every Grange probably school system, great 6 through 12, bought a beach fast, and, by the way, there's a division age wise at the cost.

786

01:15:30.010 --> 01:15:35.180

sue bakernnnnnbbnnnjnn: Then from grades 6 through 9 it will cost \$26,000

787

01:15:35.320 --> 01:15:45.170

sue bakernnnnnbbnnnjnn: from the high school grades, 10 to 12, 9 through 12. It will cost \$78,000. If every kid bought one. That's how much money the town would bring in.

788

01:15:45.260 --> 01:15:46.000

sue bakernnnnnbbnnnjnn: but

789

01:15:46.210 --> 01:15:50.240

sue bakernnnnnbbnnnjnn: not every kid gets that. So the actual revenue loss

790

01:15:50.480 --> 01:16:00.580

sue bakernnnnnbbnnnjnn: wouldn't be 26,000 plus 78,000. It would be only about 40,000, as we see the numbers of young as we found the numbers of young

791

01:16:00.680 --> 01:16:05.790

sue bakernnnnnbbnnnjnn: kids who actually have passes bought by their family.

792

01:16:06.690 --> 01:16:08.670

sue bakernnnnnbbnnnjnn: Okay, so the

793

01:16:08.770 --> 01:16:25.910

sue bakernnnnnbbnnnjnn: some of them qualify for scholarships. Not all of them. They would be free anyhow. So our part direct budget is over 11 million dollars. The cost revenue for this would be less than a half, a actually less than one half a percent

794

01:16:26.040 --> 01:16:35.660

sue bakernnnnnbbnnnjnn: to try a pilot program that would allow that would allow students greater access to parts for all the recreational reasons.

795

01:16:35.780 --> 01:16:40.510

sue bakernnnnnbbnnnjnn: but for some cases it's to get them off the streets

796

01:16:40.720 --> 01:16:52.250

sue bakernnnnnbbnnnjnn: out of parking lots, hanging out and away from television sets where they sit often during the day, because they have no other options. Even the kids

797

01:16:52.350 --> 01:17:00.810

sue bakernnnnnnbbnnnnjnn: in the most western sections of town cannot. even though they could walk. Can I go to Byron Beach

798

01:17:00.840 --> 01:17:04.650

sue bakernnnnnnbbnnnnjnn: because their family can't figure out or cannot manage

799

01:17:04.710 --> 01:17:10.350

sue bakernnnnnnbbnnnnjnn: to get them a beach pass? So I know this. I I mean, this is a plea.

800

01:17:10.440 --> 01:17:16.050

sue bakernnnnnnbbnnnnjnn: can we? Can we? And Sophie and I would be willing to manage it.

801

01:17:16.380 --> 01:17:28.130

sue bakernnnnnnbbnnnnjnn: Can we try a pilot program? And it would have to be pretty much in the month of March. I mean. May I beg your pardon, May, and now it's already march

802

01:17:28.250 --> 01:17:38.980

sue bakernnnnnnbbnnnnjnn: to see if we could make this work just on the pilot I. It cannot be a stress for the staff of parts and wreck. I know that they got enough going on.

803

01:17:39.280 --> 01:17:41.870

sue bakernnnnnnbbnnnnjnn: But can we help do it through the board.

804

01:17:42.060 --> 01:17:57.070

sue bakernnnnnnbbnnnnjnn: and just some other volunteer help to either a get parks and wreck to say, Yes, you can use your student, Id card it has your picture on it. It has your name on it, and you wouldn't have it if you were not a resident of Greenwich.

805

01:17:57.130 --> 01:17:59.970

sue bakernnnnnnbbnnnnjnn: There are some kids that are on scholarship.

806

01:18:00.090 --> 01:18:03.540

sue bakernnnnnnbbnnnnjnn: but if they're on, I don't mean scholarship. They're on tuition.

807

01:18:03.590 --> 01:18:06.110

sue bakernnnnnnbbnnnnjnn: but mostly those are the kids

808

01:18:06.360 --> 01:18:12.200

sue bakernnnnnnbbnnnnjnn: whose parents teach in the public school systems, and they already are eligible for a beach bass.

809

01:18:12.260 --> 01:18:13.890

sue bakernnnnnnbbnnnnjnn: So, and the

810

01:18:14.010 --> 01:18:18.940

sue bakernnnnnnbbnnnnjnn: we we would do anything just to make this pilot try to work.

811  
01:18:19.360 --> 01:18:21.800  
sue bakernnnnnbbnnnnjnn: and it can't be a burden to the staff.

812  
01:18:22.360 --> 01:18:29.500  
sue bakernnnnnbbnnnnjnn: So the other option is, if you can't accept, their be their their student. Id at the gate.

813  
01:18:30.260 --> 01:18:39.440  
sue bakernnnnnbbnnnnjnn: What kind of alternative past can we issue them that they can use? And we would help process those.

814  
01:18:39.660 --> 01:18:51.140  
sue bakernnnnnbbnnnnjnn: And we have a whole lot of people that are willing to help the volunteers to do that process. Those in the schools so kind of that's our plea. Does it make sense?

815  
01:18:51.440 --> 01:19:08.330  
Vivian Wu: So this is for me, and I have a question. Is there a way that you could just identify the households that Don't buy beach passes. and only issue passes to those students that way. You don't have to lose revenue.

816  
01:19:08.730 --> 01:19:23.170  
Daniel Carlsen: I don't know how that would only come through all of the the technology. I appreciate the thought and the energy. But I think you need to. I think this: we need to have a detailed conversation of this. That's not at this meeting.

817  
01:19:23.290 --> 01:19:26.840  
Daniel Carlsen: because you have to understand the category breakdowns

818  
01:19:27.330 --> 01:19:29.030  
sue bakernnnnnbbnnnnjnn: because I I do.

819  
01:19:29.060 --> 01:19:48.480  
Daniel Carlsen: No, I don't think you do, because you didn't have right on your on your on your slide there at the age of 16, you children, by an adult beach. That's why the 78,000 for that 5 to 15. They have it a you be fast, and under 5 don't have a beach pass. We don't do it by grade. We do it by.

820  
01:19:48.480 --> 01:19:51.510  
sue bakernnnnnbbnnnnjnn: The other thing is, too. Is that

821  
01:19:51.620 --> 01:20:01.730  
Daniel Carlsen: you. You I I know, and I will talk to you about this offline, but there is a significant, and i'm talking about a real significant number of households

822  
01:20:02.480 --> 01:20:03.720  
Daniel Carlsen: in the hundreds.

823  
01:20:03.960 --> 01:20:10.720  
Daniel Carlsen: No charge beach passes for their families if they qualify through human services programming.

824

01:20:10.840 --> 01:20:16.920

sue bakernnnnnbbnnnjnn: But the procedure for doing that is so onerous for the non-english speaking people.

825

01:20:17.340 --> 01:20:21.130

Daniel Carlsen: Well, you does it. The procedures different. But you're talking about

826

01:20:21.260 --> 01:20:40.070

Daniel Carlsen: you, you, the final outcome. Is access. Okay, so only students, not parents, not sibling. I don't I i'm like, you know this is 80'clock. I'm not debating this now. But you said, I mean I I commend you for the effort. But you need to. There's a lot of that

827

01:20:40.070 --> 01:20:46.340

Daniel Carlsen: that you know. Office detail here. All of this. All of these fees get approved by the board of Selectmen.

828

01:20:46.570 --> 01:21:06.110

Daniel Carlsen: you know. So if we're not charging fees, then we have to kind of come up with something else. You have to go back, and from the board of selected. I mean, there's a whole bunch of things, I think, and and it's it's not gonna it's. It's it's April first. It's not going to happen in May, but it would cause a significant amount of families. I've already purchased the cards. Okay.

829

01:21:06.110 --> 01:21:18.790

Daniel Carlsen: making a difference between children and public school children. So what about the child that goes to private school? You just mentioned grand public school children. So did they. Private school children have to buy a card.

830

01:21:18.920 --> 01:21:27.300

sue bakernnnnnbbnnnjnn: No? Well, it about that. We can only go on. If you have that photo, Id

831

01:21:27.380 --> 01:21:41.910

sue bakernnnnnbbnnnjnn: from the Greenwich Public schools, could you use it? And that was part of a pilot program. I kept saying this would be a pilot program. It was be a way to identify a student who lives in the town of Greenish.

832

01:21:42.380 --> 01:21:44.750

sue bakernnnnnbbnnnjnn: who, for whatever reason

833

01:21:44.810 --> 01:21:59.820

sue bakernnnnnbbnnnjnn: that we talked about, and they don't have to be poor, they can be frankly their parents don't give a damn about going through the procedure, and they've got a swimming pool in their own backyard, so they don't have beach passes, and they can't do the other stuff.

834

01:21:59.860 --> 01:22:15.040

sue bakernnnnnbbnnnjnn: That that's why it was pilot. And the only reason, I said public schools is because that is at least known to us, a real identity process by which you could say, oh, yeah, this kid has the right

835

01:22:15.040 --> 01:22:28.020

sue bakernnnnnbbnnnjnn: to come in here because he lives here because he has this idea in the public schools. That's all. It's not to discriminate against the private schools, but to try a private. I mean a pilot program

836

01:22:28.160 --> 01:22:30.140

sue bakernnnnnbbnnnjnn: of an alternative way

837

01:22:30.270 --> 01:22:39.770

sue bakernnnnnbbnnnjnn: for kids who have the right based on that one slide that said: If you live in the town of Greenwich, you have the right to use these parts.

838

01:22:39.940 --> 01:22:53.910

sue bakernnnnnbbnnnjnn: but 2 of the major ones require a specific identity to access. and if someone doesn't go out of their way to get to that identity card

839

01:22:54.200 --> 01:22:55.330

sue bakernnnnnbbnnnjnn: Beach pass.

840

01:22:55.560 --> 01:23:04.790

sue bakernnnnnbbnnnjnn: you can't do it that that's all. It's a it's a pilot. It can't be a burden on your staff. Do I know that better than anybody? And I believe that.

841

01:23:05.270 --> 01:23:24.400

sue bakernnnnnbbnnnjnn: But but how could we try a pilot program just to see? And you know what you're right about whatever numbers we said, the older age group a total number of students, \$78,000 younger 26,000. But they don't own those they don't buy those. So you don't have that income.

842

01:23:24.820 --> 01:23:27.760

Daniel Carlsen: It's a so let me this. This is Scott yet.

843

01:23:27.960 --> 01:23:31.290

Daniel Carlsen: Yeah, I know

844

01:23:32.070 --> 01:23:34.700

Daniel Carlsen: it's. I'm not sure how much it shows.

845

01:23:34.820 --> 01:23:37.740

Daniel Carlsen: And I thought about the logistics, but

846

01:23:37.860 --> 01:23:42.870

Daniel Carlsen: maybe for them to start to make a little checklist of some of the ideas or challenges.

847

01:23:43.020 --> 01:23:52.740

Daniel Carlsen: And then you guys can talk offline on whether those are or or doable or not, or whether we have to wait till later in the season, next year or

848

01:23:52.990 --> 01:24:01.300

sue bakernnnnnbbnnnjnn: or what. But yeah, I just was trying to find a right way to start a pilot per maybe. Say, okay, do the pilot program only run a time

849

01:24:01.670 --> 01:24:09.630

sue bakernnnnnbbnnnnjnn: or do it only at the Middle Schools. But there's this whole category of kids who cannot go

850

01:24:09.750 --> 01:24:11.620

sue bakernnnnnbbnnnnjnn: to either part

851

01:24:11.680 --> 01:24:23.910

Daniel Carlsen: that require it for summer things that requires. So I think that's just your opinion. But we Still, a significant amount of part passes to the, to the categories.

852

01:24:24.130 --> 01:24:25.550

Daniel Carlsen: Okay, so

853

01:24:25.690 --> 01:24:33.210

Daniel Carlsen: I I I don't I've never. I never had complaints about somebody who says that they can't go. Okay.

854

01:24:33.370 --> 01:24:39.860

Daniel Carlsen: And if people have it, if people have had a financial difficulty. Okay. there's

855

01:24:40.230 --> 01:24:42.230

Daniel Carlsen: there are 900.

856

01:24:43.040 --> 01:24:46.040

Daniel Carlsen: No charge part passes that went out last season.

857

01:24:46.270 --> 01:24:55.270

Daniel Carlsen: but they had to apply for it pre qualified by human services for their financial status. Okay.

858

01:24:55.330 --> 01:24:57.980

sue bakernnnnnbbnnnnjnn: they didn't have to be social services

859

01:24:58.410 --> 01:25:07.720

Daniel Carlsen: client they had to be. They had to be just be qualified to say that they could not. The for the. and we gave up our up there.

860

01:25:07.790 --> 01:25:10.160

Daniel Carlsen: The round number is 9 last year.

861

01:25:10.520 --> 01:25:20.040

Daniel Carlsen: so so we're we're reaching out. We got our outreach program going on right now. I've never had anybody come to say to me that they they can't they? You know

862

01:25:20.110 --> 01:25:36.040

Daniel Carlsen: you and you know me. I will make it happen. I know I do know that, and I believe that, and then I thank you for that. I call friends of money hit on for money and say, you know you can write me check for 200 bucks. You can do this. You can do that. You make it happen. Okay. So the the claim of

863

01:25:36.300 --> 01:25:38.890

Daniel Carlsen: you can't go. I don't think it's there

864

01:25:38.930 --> 01:25:41.730

Daniel Carlsen: the ease of wanting to make them go, maybe the

865

01:25:42.600 --> 01:25:51.350

Daniel Carlsen: the rest of this. But but we're in full swing now. I mean we've issued probably more than half of the park pass for this.

866

01:25:51.680 --> 01:25:52.970

sue bakernnnnnbbnnnjnn: Oh, I I know.

867

01:25:53.060 --> 01:26:05.530

Daniel Carlsen: So we need to. I don't think the intermediate pilot program which changes the structure is is is war is going to happen between now and you know, when we, the bulk of the passes, get

868

01:26:05.590 --> 01:26:17.760

Daniel Carlsen: of the sole between now and July July first. and we already have this all in place. But if you want to talk about, you know broader situation, and I don't see us passing any regulations

869

01:26:17.770 --> 01:26:19.040

Daniel Carlsen: and say that

870

01:26:19.520 --> 01:26:32.910

Daniel Carlsen: we're gonna just deal public school system that we have a number of private schools in town have a number of schools in town that provide special services to children. You know. What about all those folks that

871

01:26:32.960 --> 01:26:52.920

sue bakernnnnnbbnnnjnn: you know? I don't know what their financial status is. If they go to a private school. Maybe they are in scholarship, or they go to a a school that provides special services, or they don't live in the town, and therefore they're not eligible. They're on scholarship, but then live in Stanford versus non-public school application right but that was just for a pilot program.

872

01:26:52.920 --> 01:26:58.560

sue bakernnnnnbbnnnjnn: Oh, all right. But how about something as simple as this. Would it be possible for the

873

01:26:58.630 --> 01:27:03.070

sue bakernnnnnbbnnnjnn: attendees at at Pass Point, Grunch Point, and Byron beach

874

01:27:03.340 --> 01:27:08.760

sue bakernnnnnbbnnnjnn: to in, to enable a kid to enter by himself. No, no other family

875

01:27:08.890 --> 01:27:22.820

sue bakernnnnnbbnnnjnn: on a town of Greenwich Public school Id card Would that be possible it might be, but it's not going to be now, because we've already sold a significant amount of the passes. So somebody comes back and says, Well.

876

01:27:23.010 --> 01:27:39.880

Daniel Carlsen: I can get it with this. I'd but I reboot this past. I don't want to refund for the past, I mean. So you know it's it's kind of I yeah, I hear that. Yeah, we're supposed to. If you look longer terms, maybe we can, and maybe you know you come out of the box at a later date with something that says

877

01:27:39.960 --> 01:27:45.060

Daniel Carlsen: we we could try this, or we want to do it. We mean, we just want to do it as a town, I don't know.

878

01:27:45.080 --> 01:27:55.220

Daniel Carlsen: But but yeah, I mean, and the revenue stream. you know. I mean, we can calculate that the revenue stream is lost. Revenue is, and I don't think it's

879

01:27:55.320 --> 01:28:05.320

Daniel Carlsen: No, it's very little, and I we had a couple of people that make it up. They said

880

01:28:05.360 --> 01:28:08.850

Daniel Carlsen: all directions that we get from Dt.

881

01:28:08.930 --> 01:28:12.700

Daniel Carlsen: You know we're select them that we might have to figure out how to

882

01:28:12.870 --> 01:28:29.090

sue bakernnnnnbbnnnnjnn: compensate for the revenue loss. If you want to do this, and i'm not saying we, it's not. It's a bad thing, but you know. But we may have to say, Well, we'll just charge the adults more, and that's okay. Maybe we do that. Okay, No, no I for this for this one year or a a a trial year.

883

01:28:29.320 --> 01:28:33.950

sue bakernnnnnbbnnnnjnn: We had several people said it a half, and do some people, said

884

01:28:34.010 --> 01:28:43.600

sue bakernnnnnbbnnnnjnn: i'll donate \$10,000 to the foundation, or whatever to make up the difference if there were lost revenue. That's the tricky thing.

885

01:28:44.170 --> 01:28:54.110

sue bakernnnnnbbnnnnjnn: We know how many students there are for sure, and we know their age groups in the public schools. We know that, and we know if every one of them paid for a card

886

01:28:54.120 --> 01:28:58.510

sue bakernnnnnbbnnnnjnn: what that would generate. but the reality is

887

01:28:58.710 --> 01:29:03.180

sue bakernnnnnbbnnnnjnn: more than half of them. Don't, pay for the card. Therefore the loss

888

01:29:03.760 --> 01:29:08.090

sue bakernnnnnbbnnnnjnn: is is half of what the total costs would be

889

01:29:08.610 --> 01:29:27.660

Daniel Carlsen: it. Do you see what I'm saying? I'm not i'm not trying to downplay your proposal, but I I don't think it's the timing is that I don't think Well, the timing is a little out, and I don't think we just stop in the screen and say, okay, we're gonna abandon the process that we have. And we're gonna for this period of time. We're gonna let anybody get it for free.

890

01:29:27.660 --> 01:29:40.960

Daniel Carlsen: And and you know. And and then we're gonna People met the process again in the later day. People have already committed in purchase cards we have. I hear you. I hear you on the board of selecting for the 23 season.

891

01:29:41.050 --> 01:29:48.040

Daniel Carlsen: and it's gonna be hard to kind of step away from it because we're already 50% into it Already

892

01:29:48.070 --> 01:30:03.910

Daniel Carlsen: we've already sold at least 50% of the cards that we normally sold annually. So people are gonna come to see. Well, I thought this \$12. You're right. You're right. You're you know, 15 year old, and now I need it for free. So what do I do with this thing? You know I want to refund. What are

893

01:30:04.090 --> 01:30:05.230

Daniel Carlsen: what? To what?

894

01:30:05.340 --> 01:30:12.580

Daniel Carlsen: What? The other board members think of this? Who's still on remotely? What is everyone else like?

895

01:30:13.960 --> 01:30:18.340

Daniel Carlsen: So i'll, I'll I Just so, first. How the need.

896

01:30:20.820 --> 01:30:23.290

Daniel Carlsen: you know, and maybe there' be. What about

897

01:30:23.680 --> 01:30:25.730

Daniel Carlsen: the pilot being at Branch High School?

898

01:30:27.460 --> 01:30:31.970

Daniel Carlsen: See what is there? Might actually one. And then you were talking about.

899

01:30:32.670 --> 01:30:35.690

Daniel Carlsen: A lot of it is to get there.

900

01:30:36.150 --> 01:30:39.780

Daniel Carlsen: There's a lot of for me. thank you.

901

01:30:40.170 --> 01:30:47.060

Vivian Wu: But I also wonder if there is a need, I mean.

902

01:30:47.740 --> 01:31:06.130

Vivian Wu: has has there been any kids that that said that they couldn't get there and they wish they could? I mean, is there a need. There's there's there's always that it's not the card issue. It's the transportation issue

903

01:31:06.250 --> 01:31:07.530

sue bakernnnnnbbnnnnjnn: for some of them.

904

01:31:07.620 --> 01:31:14.560

sue bakernnnnnbbnnnnjnn: but for others. It was a card. When Dan Barrett and I used to run summer programs and kids wanted to be in it.

905

01:31:14.570 --> 01:31:21.480

sue bakernnnnnbbnnnnjnn: One of them was a tag program. and kids who were designated

906

01:31:21.640 --> 01:31:25.050

sue bakernnnnnbbnnnnjnn: in the Middle school eligible for tag programs.

907

01:31:25.220 --> 01:31:30.730

Daniel Carlsen: and this didn't have be part, so we would get them in another way.

908

01:31:31.050 --> 01:31:38.120

Vivian Wu: Well, if it's a difficulty for them to apply. Maybe the service could be that we help them apply.

909

01:31:38.460 --> 01:31:54.870

Daniel Carlsen: We don't have to let them go in for free, you know. If it's not a money issue. Why, Don't, we just provide the service to help them. I mean that that's the paperwork I wanted to avoid by saying, Would you recognize their town of Greenwich

910

01:31:54.920 --> 01:31:58.740

sue bakernnnnnbbnnnnjnn: Public School for now for a private for pilot program

911

01:31:59.060 --> 01:32:28.000

Daniel Carlsen: photo, Id that's that. That would make it easy. That's no paperwork for anybody. Okay, so let's say they could use the the high school Id and then they just pay whatever the fee the normal fee is, and they can get in without any. Oh, no, no, no! That what do you mean? The normal fee? The normal fee is an inexpensive fee for a one year season pass. So what are we not talking about? A guest Fee, or

912

01:32:28.520 --> 01:32:40.340

Vivian Wu: we're talking about access for teenager who lives in town and does not have a beach pass right? So you can

913

01:32:40.340 --> 01:32:56.860

Daniel Carlsen: or can't afford to be fast. You give it my name and phone number, and i'll get them a beach. Okay, yeah, I don't really know those kids so much anymore. I just you know my name, and I will guarantee that the

914

01:32:56.860 --> 01:33:00.650

sue bakernnnnnbbnnnnjnn: show your dam Id card and you can go in.

915

01:33:01.250 --> 01:33:15.730

Daniel Carlsen: I i'll fill out the paperwork for let's let's let's table this for now. Not I. I understand it was the idea of a pilot program with a student, Id that you already have

916

01:33:15.940 --> 01:33:26.230

sue bakernnnnnbbnnnnjnn: that, says i'm a town of greenish resident. I'm in this system here's my photo. I don't have a beach card, and then go.

917

01:33:26.880 --> 01:33:35.190

Daniel Carlsen: I do it. Maybe not. So let's because we have to move on. I want to. So yeah, we do.

918

01:33:35.440 --> 01:33:45.530

Daniel Carlsen: I. I have to move on for, for God's sake.

919

01:33:45.570 --> 01:33:50.900

Daniel Carlsen: so you do. You have any questions or issues on this this one?

920

01:33:51.890 --> 01:33:57.960

Sue Bodson: No, I was just gonna say i'm happy to call Suzy on the phone, talk her through

921

01:33:58.040 --> 01:34:04.600

Sue Bodson: some ideas, and then bring back to you maybe an idea on how to implement down the road

922

01:34:04.900 --> 01:34:12.620

sue bakernnnnnbbnnnnjnn: because it's in your foundation so, and thank you again. I'm so happy to see you in person, and I hope you all read

923

01:34:12.620 --> 01:34:32.620

sue bakernnnnnbbnnnnjnn: the Sioux and Mike Batson letter to the editor for a bad, or whatever you call it. It was freaking, brilliant. And, by the way, congratulations to them to have been brave enough to say what's with this political polarization in our town? We do not need it. We never have had it.

924

01:34:32.620 --> 01:34:37.280

sue bakernnnnnbbnnnnjnn: What now? Thank you, Sue Batson, you're welcome. I'll call you, Susie?

925

01:34:37.320 --> 01:34:38.270

sue bakernnnnnbbnnnnjnn: Thank you.

926

01:34:38.590 --> 01:34:44.700

Daniel Carlsen: All right. Let's let's move on. So. Is there any public different public comment.

927

01:34:44.790 --> 01:34:46.860

Daniel Carlsen: or any other new business? I don't think so.

928

01:34:47.430 --> 01:34:49.930

Daniel Carlsen: So let's do a motion to adjourn.

929

01:34:50.620 --> 01:35:01.570

Vivian Wu: No, I I have a question for Joe. May May I ask a question regarding pickle ball nets. Are you able to get funding.

930

01:35:02.440 --> 01:35:09.670

Daniel Carlsen: I'm sorry I didn't hear that it. The question, the new pick of all that I I I don't have an update for you. I I I don't.

931

01:35:10.020 --> 01:35:17.730

Daniel Carlsen: You know we've got. I I personally got drawn up something else, and I was away for a week, and

932

01:35:17.750 --> 01:35:25.270

Daniel Carlsen: so we we'll get you an answer and email you. Okay.

933

01:35:25.390 --> 01:35:27.410

Vivian Wu: Great. Thank you.

934

01:35:27.780 --> 01:35:31.320

Daniel Carlsen: Alright. So somebody make a motion to adjourn. And

935

01:35:32.430 --> 01:35:33.930

Vivian Wu: second, second.

936

01:35:34.510 --> 01:35:38.900

Daniel Carlsen: Hi, we're.

937

01:35:38.960 --> 01:35:45.470

Vivian Wu: Oh, Vivian has not questions. No, no, I don't. I I was just

938

01:35:45.510 --> 01:35:52.170

Daniel Carlsen: agreeing to adjourn. Oh, so it gives this hybrid work. Okay, Well, thank you, Everybody

939

01:35:52.520 --> 01:35:56.510

Daniel Carlsen: Administrative nightmare, after all, that was it?

940

01:35:56.590 --> 01:36:01.050

sue bakernnnnnnbbnnnnjnn: Thank you to Lenore, Whoever?

941

01:36:01.470 --> 01:36:06.060

Daniel Carlsen: Okay, Good night. Everyone.
