Further resolved, that the fees for this engagement will be capped at \$67,500, plus direct expenses for travel expenses, lodging, and ancillary usage (e.g. data acquisition).

A discussion followed concerning the timeline, and the approval process. Mr. Ormsby said that the item will be on the RTM Agenda for its June 8, 2009 meeting.

### **Resolution for Senior Tax Relief Cap**

Mr. Gwartney gave an overview of the applications for the senior tax credit. Mr. Walko gave an explanation of the Senior Tax Relief Resolution. A discussion followed concerning calculations and limits. Mr. Simon stated that there are 811 approved applicants, including 229 that were carried forward and gave an explanation of the calculations.

Mr. Krumeich provided background on the senior tax program and stated that the amount of the program has decreased, from when it was proposed eight years ago. An ordinance was passed increasing the credits for participants and extending the eligible income range to \$60,000. The BET passed a version of this ordinance. Some of the changes that the BET made were that a minimum number for this program would be budgeted and the BET would determine what is affordable when the mill rate is set. He said Greenwich can afford to give its seniors' tax relief.

Mr. Walko stated that the reason why the Resolution was set up and established that way was so that the BET could review it in the context of the mill rate calculation. When the ordinance was passed, it was passed with the understanding that there was no guarantee of any increase. In the fiscal year budget recently approved by the RTM (FY 2009-2010) there are zero percent increases across the board; there are labor increases, and there are also expenses that have been trimmed. Last year the credit amount was \$570,000, so providing tax relief to the \$39,000

income level, already is potentially close to a \$200,000 increase. The BET is already increasing this tax relief and any tax credits that are given, comes from those other tax payers who have to make up the difference. In the current and upcoming fiscal year, which has been and will be difficult on all parties involved, most notably on those who have been laid-off and potentially those who will be laid-off, the BET needs to be cognizant that any increase to the senior tax relief will become the burden of other tax payers.

A discussion followed regarding qualifications and costs of the program.

Upon a motion by Mr. Krumeich, seconded by Ms. Barton, the Board voted 4-8-0 to oppose the following Resolution with Mr. Krumeich, Ms. Barton, Mr. Kelly, Mr. Ramer approving and Mr. Walko, Mr. Mason, Mr. Stone, Mr. Simon, Ms. Tarkington, Mr. Norton, Mr. Campbell, Mr. Finger opposed:

Resolved, that the BET establish a Senior Tax Credit in the amount not to exceed \$910,000, pursuant to the Senior Tax Relief Ordinance Sec. 12-6.1.

Upon a motion by Ms. Tarkington, seconded by Mr. Mason, the Board voted 10-2-0 to approve the following Resolution with Mr. Krumeich and Ms. Barton opposed:

Resolved, that the total abatement of property tax revenue granted under the Senior Property Tax Relief Ordinance Sec. 12-6.1 shall be an amount not to exceed \$735,000 for the fiscal year 2009-2010, for applicants with an income of no greater than \$39,000.

#### General Fund Tax on Assessment List of October 1, 2008 for FY 2009-2010

Mr. Walko provided an overview of the background information available to the Board.

Upon a motion by Mr. Mason, seconded by Mr. Stone, the Board discussed the following Resolution ("Main Resolution") for a General Fund Tax Rate of 8.316 Mills:

Resolved, that a tax at the rate of 8.316 Mills on the dollar be and the same is hereby levied and laid upon the Assessment List of the Town of Greenwich last completed, as the Tax for said Town's General Fund for the succeeding Fiscal Year July 1, 2009 through June 30, 2010.

Resolved that the Chairman and Clerk of the Board of Estimate and Taxation shall forthwith file a certificate of the levying and laying of such tax with the Town Clerk, who shall record such certificate in the Town Meeting record book, and obtain a receipt from the Town Clerk that this has been done.

Mr. Mason gave an overview of the process that leads to the mill rate approval. Mr. Mason described the Budget Committee's open process, that the Budget Guidelines laid out the intent of the mill rate increase of between 2%-4%, but there was intent to keep the mill rate at an increase of 3.5%. The Budget from inception always had a 3.5% increase in its calculations, the

Budget supported unanimously by the Budget Committee had a mill rate increase of 3.5% as did the Budget approved by the full BET. This is also the mill rate seen by the RTM when it approved the Budget with only \$219,000 removed, and the RTM may have approved the Budget with the expectation that there would be a resulting 3.5% increase in taxes. The addition of the increase of funding (\$165,000) for the Senior Tax Relief passed by the Board together with the RTM reduction, is equivalent to the 3.5% mill rate proposed.

A lengthy discussion followed concerning the establishment of the proposed 3.5% mill rate increase. Almost every member of the BET commented on whether to increase the mill rate within a 3.5% to 3.99% range.

It was raised that there is a potential for increased public school enrollment in September 2009 due to the economic climate, and that forecasted Town revenues during the upcoming fiscal year may be difficult to achieve. Also, considered were labor contracts under negotiation, which would reduce future costs, as well as the anticipated increased pension fund obligation for FY 2010-2011. It was noted that the Board has the right after other funding obligations are addressed at its May meeting to set and adopt a mill rate. Some members felt that the Town should increase the mill rate to create a reserve to reduce the impact of future years' expenses.

Conversely, it was indicated that increasing the mill rate above the expected mill rate increase of 3.5% would send the wrong message. Also taken into consideration during the discussion was that the economy is putting financial pressure on the Town's tax payers, who should not be forced to pay what would be the highest tax increase in ten years in this economically challenging time. They are also facing declining income and asset values and rising unemployment. Two amendments to the Main Resolution were presented.

Upon a motion by Mr. Krumeich, seconded by Ms. Barton, the Board voted 5-7-0 to oppose the amendment of the Resolution to increase the Mill Rate from 8.316 to 8.356 with Mr. Krumeich, Ms. Barton, Mr. Kelly, Mr. Finger, Mr. Ramer approving and Mr. Walko, Mr. Mason, Mr. Stone, Mr. Simon, Ms. Tarkington, Mr. Norton, Mr. Campbell opposed.

Upon a motion by Mr. Simon, seconded by Mr. Krumeich, the Board voted 6-6-0 to oppose the amendment of the Resolution to increase the Mill Rate from 8.316 to 8.336 with Mr. Simon, Mr. Krumeich, Ms. Barton, Mr. Kelly, Mr. Ramer, Mr. Finger approving and Mr. Walko, Mr. Mason, Mr. Stone, Ms. Tarkington, Mr. Norton, Mr. Campbell opposed.

The Board returned to the Main Resolution by Mr. Mason, seconded by Mr. Stone, and voted 11-1-0 to approve a General Fund Tax Rate of 8.316 Mills with Ms. Barton opposed.

#### Sewer Maintenance Fund Tax on Assessment List of October 1, 2008 for FY 2009-2010

Upon a motion by Ms. Tarkington, seconded by Mr. Norton, the Board voted 12-0-0 to approve the following Resolution for the Sewer Maintenance Fund Tax Rate of 0.374 Mills:

Resolved, that a tax at the rate of 0.374 Mills on the dollar be and the same is hereby levied and laid upon the Assessment List of the Town of Greenwich last completed, as the Tax for said Town's Sewer

Maintenance Fund for the succeeding Fiscal Year July 1, 2009 through June 30, 2010.

Sewer Improvement Fund Tax on Assessment List of October 1, 2008 for FY 2009-2010

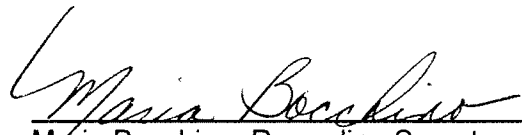

Upon a motion by Ms. Tarkington, seconded by Mr. Mason, the Board voted 12-0-0 to approve the Resolution for the Sewer Improvement Fund Tax Rate of 0.055 Mills:

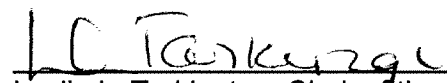

Resolved, that a tax at the rate of 0.055 Mills on the dollar be and the same is hereby levied and laid upon the Assessment List of the Town of Greenwich last completed, as the Tax for said Town's Sewer Improvement Fund for the succeeding Fiscal Year July 1, 2009 through June 30, 2010.
