ED-7 BOE – Release of Conditions $1,126,000

Release of Conditions:
$1,126,000 to B680-59090-14153 Digital Learning

Mr. Pellegrino reported that the Budget Committee approved this request to release the initial investment for the Digital Learning Program, and highlighted the BET conditions: (1) review by the BET of the BOE Digital Learning Plan FY 2013-2014 and (2) that the BOE provide a status update report regarding Digital Learning implementation at the January 2014 BET meeting. Mr. Pellegrino provided background information, stating that the Digital Learning Program is a work in process, and that the scope, process, and execution of this initiative may be subject to change as we proceed to bring the District into the digital age. Mr. Pellegrino stated that the BOE presented its report, as well as the consultant’s report, last month and all the BET members had over one month to review, study, and submit questions.

Mr. Pellegrino then gave an overview of the Budget Committee’s discussion on June 11th, highlighting (1) the initial implementation at Riverside and Hamilton Avenue Schools starting in January 2014; (2) the District-wide preparation and improvements for digital instruction and SBAC testing; (3) that 35% of the $1,126,000, approximately $389,000, is for personnel and the balance is for software, hardware, and contingency; (4) of the $389,000 for personnel, approximately $25,000 is for technical support, $129,000 is for project management and planning, and $235,000 is for instruction of staff; (5) of the $735,000 balance of the funds, $202,000 is for project contingency, $180,000 for hardware leasing, $262,000 is for selecting and leasing an operating system, which will be a portal for storing, accessing, and monitoring the materials or instruction, and $93,000 will be for digital instructional resources; and (6) a Director of Digital Learning and Technology position has been created and the District is in the process of finding the first person to fill this role. The Budget Committee voted 4-0 in favor of releasing the condition.

In response to Mr. Goldrick, Dr. McKersie stated the BOE is building the Digital Learning Program on models that have come before. Dr. McKersie also stated that the District intends to learn the best from other districts, looking broadly for advice, counsel, and best practices, but build a program that makes sense for Greenwich with the assistance of a project manager. Dr. McKersie also stated that digital learning is currently going on in the District, and this initiative intends to get it organized, coordinated, and as cost effective as possible for district wide implementation.

Upon a motion by Mr. Pellegrino, seconded by Mr. Finger, the Board voted 11-0-0 to approve the application.

NW-10 Nathaniel Witherell – Release of Conditions $1,000,000
Release of Conditions:
$1,000,000 to H450-49109 Contributions to NW
$1,000,000 from A999-57128 Fixed Charges Contribution to NW

Mr. Pellegrino reported on the Budget Committee’s discussion of this application. Mr. Pellegrino reviewed the condition, which was receipt of a report demonstrating the need for these funds. He stated that the Statement of Operations April 30, 2013 report submitted by Nathaniel Witherell showing a cash flow (Net Town Operating Results) negative balance of $1,237,355 satisfied this condition. Mr. Pellegrino also stated that the Budget Committee was satisfied that, as of this point in time, the Nathaniel Witherell’s financial performance will track closely to budget. The Budget Committee voted 4-0 to release this condition. Mr. Pellegrino also shared comments regarding the planned contribution of $1,000,000 from the Friends of Nathaniel Witherell to Project Renew and the Town’s contribution of $2,500,000 planned for FY 2014.

A brief discussion followed regarding the timing of the $1,000,000 contribution from the Friends of Nathaniel Witherell, and the impact of this contribution on the Town’s cash balance.

Upon a motion by Mr. Pellegrino, seconded by Mr. Finger, the Board voted 11-0-0 to approve the application.

CAPITAL CARRY FORWARD REQUESTS

Mr. Mason explained that the BET’s action on the Capital Carry Forward requests does not constitute approval of appropriations. Rather, these requests continue previous appropriations in force and are only done once a year. A discussion followed regarding end of year operations and reporting.

PW-9  DPW – Capital Carry Forward $1,150,000

Capital Carry Forward:
$1,150,000 to J361-59560-13198 Pump Upgrades

Mr. Pellegrino shared comments regarding the reasons for project delays for all the carry forward requests, and he stated that the DPW did not request additional funding in the FY 2014 capital budget for these projects. The Budget Committee voted 4-0 in favor of the Capital Carry Forward requests. A brief discussion followed regarding encumbrances and appropriation lapses. Mr. Ramer inquired why it is not necessary for there also to be approvals of Capital Carry Forwards for appropriated Pump Upgrades from prior years, most particularly #11176 $4,087,940.19 unspent and unencumbered out of $4,200,000 from FY11 and #12179 $1,066,000 unspent and unencumbered out of $1,200,000 from FY12. The Comptroller explained that an approval of a Capital Carry Forward in those instances is unnecessary because portions of those appropriations have been actually partially spent, as opposed to just encumbered. The Comptroller confirmed that no lapse will occur as to those earlier capital appropriations.

Upon a motion by Mr. Pellegrino, seconded by Mr. Finger, the Board voted 11-0-0 to approve the application.

PW-10  DPW – Capital Carry Forward $150,000
