Mr. Miller requested an acceleration of TOG’s FY19 2nd Quarter BET conditioned contribution to TAG’s budget. He presented a revised full-year cash flow to demonstrate the impact of the changed timing of clients’ payments and discussed potential new revenue sources. Ms. Tarkington identified that the cash flow projections indicate second quarter subject to release amount remains in the forecast, and therefore, the request is the equivalent of requesting the third quarter release. The Committee discussed this request in context with the Condition approved by the BET and the RTM and the changing needs of TAG.

Ms. Tarkington made a motion, seconded by Ms. Moriarty, to release conditions on TAG Second Quarter FY19 Budget.

Ms. Tarkington withdrew her motion. Ms. Moriarty withdrew her seconding of the motion.

The Committee decided to refer the Application to the full BET for its July 16, 2018 Meeting without taking a formal vote.

They advised that the BOE had forgotten this interim capital request when putting together their FY2018-2019 capital budget. The Committee reviewed background information about the proposed project. It was determined the appropriation, if approved by the RTM, would be funded from the Capital and Non-Recurring Fund and not bonded as brought up by Ms. Tarkington.

Mr. Mason made a motion, seconded by Ms. Tarkington, to recommend the Additional Appropriation of $424,000 to the full BET as a Non-Routine Application. The Committee voted 4-0-0 to approve the motion. Motion carried.

Additionally, the requested transfer is to also cover an unanticipated increase in the cost of water of $35,000.

Mr. Mason made a motion, seconded by Mr. Ramer, to transfer $240,500 between object codes within the Fire Department FY18 Budget for yearend closeout. The Committee voted 4-0-0 to approve the motion and forward the request to the BET for its approval as a Routine Application. Motion carried.

OLD BUSINESS – None

NEW BUSINESS

• Update on FY18 closing – Mr. Gieger provided an estimated of the FY18 Revenues and Expenses. He commented that a combination of favorable revenues plus favorable spending ($17,123,841), less the amount of Fund Balance used in the Mill Rate Calculation ($11,599,000) would provide an estimated increase of $5,524,841 to TOG’s Fund Balance. He indicated there could be changes to the estimated results based on the upcoming annual Audit and the potential for additional income that could result from other adjustments. He noted that the two largest factors are the lower-than-budgeted healthcare expenses and higher-than-budgeted grand list.

APPROVAL of THE BET BUDGET COMMITTEE MEETING MINUTES
