**NEW BUSINESS**

Discussion of RTM Sense of the Meeting Resolution Regarding General Fund Borrowing
Mr. Monelli gave an overview of Capital projects, increases in construction costs, current trends, and the impact over the next 15 years.

Mr. Mynarski stated that there is a resolution from the RTM to the BET under consideration, which has three recommendations: maintain the annual mill rate increase in the 3 to 4% range over the next several years; limit borrowing for capital expenditures payable from taxes (including revenue bonds) to maturities not greater than five years in total, including bond anticipation notes issued to fund the project during construction; and not capitalize BAN interest for general obligation bonds. This resolution does not apply to borrowing which is outside the General Fund, such as Nathaniel Witherell and Sewers. Mr. Geiger provided spreadsheets showing four different scenarios. A discussion followed.

Mr. Walko stated that the RTM postponed a vote on the resolution to gain information from the BET. Mr. Walko will report to the RTM a sense of the Board from this meeting and will try to provide them with as much information as possible at their October meeting.

Discussion of BET Budget Guidelines – FY 2009-2010

Mr. Walko explained a change to the process, based on a recommendation from the Budget Committee to allow greater input. The Board will not vote on the guidelines tonight.
