*BET Regular Meeting Minutes - September 21, 2020 – Approved*
Nathaniel Witherell – Mr. Duus reported that The Nathaniel Witherell (TNW) occupancy was 94% in January/February, 71% during May/June and 83% in July/August with revenue down versus budget. The volume of rehab patients recovering from complex orthopedic procedures is growing. A cell tower is to be installed on the property which will be consistent revenue and improve reception to a large surrounding area. Volunteers have replaced Aides helping residents to enjoy the outdoors. A new Board member with financial experience has recently joined the Board of Directors.

Retirement Board – A preliminary actuarial report and Experience Report are being completed by Boomershine Consulting Group to enable the Retirement Board to considered reducing its Portfolio discount rate from 6.5% to 6.25% based on anticipation of lower market returns as the Board prepares its FY2022 budget. The Neuberger Berman (NB) investment relationship, Outside Chief Investment Officer (OCIO), has reached its third anniversary. While the average rate of return has been 6.5% for the equity portion of the portfolio, investments in private equity have yielded more but the lack of transparency of the product and the 3-6-month reporting lag time continues to be of concern.

BET Special Project Team Reports

Fire Study – Mr. Mason commented that Mr. Weisbrod, Ms. Fassuliotis and Mr. Ramer have submitted a redraft of the Study and discussed it in a Zoom meeting with Chief Heavey and Assistant Chief Kick. A discussion will take place later this week with the vendor, Matrix, to learn next steps.
