2021 Fall Field Hockey
Co-ed, Grades 1 - 8

ACTIVITY NUMBER: 30601

DESCRIPTION: An instructional program for grades 1 through 8. This program will focus on all the fundamentals of field hockey through practices and games. 1st and 2nd graders will be introduced to the sport in a fun, inclusive, and positive clinic format. 3rd and 4th graders will focus on fundamentals and gain a general understanding of basic game play in an instructional clinic and small-sided scrimmage format. Games will be scheduled with other Town teams for grades 5 through 8 in the new Fairfield County Field Hockey League.

REGISTRATION:
- Online: Opens Monday, June 28 - online registration is only available to Greenwich residents. To register online go to www.greenwichct.gov/webtrac, click on Parks and Recreation logo and log-in to your account.
- Mail-in for residents: Begins Monday, July 12 - application should not be postmarked earlier than July 12.
- Mail-in for non-residents: Begins Monday, July 26 - application should not be postmarked earlier than July 26. Registration closes Friday, August 13 or when the program has filled; space is limited.

AGE REQUIREMENT: Must be entering 1st grade and not starting 9th grade by the start of school year.

PROGRAM: Program starts September 12 and ends no later than November 7. All participants will play mostly on Saturdays for a practice, scrimmage, or game scheduled. There could be an occasional away game on a Saturday, depending on the host team’s field availability. Greenwich will host all games and practices on Sundays. There may also be occasional practices scheduled during the week (Wednesday evenings) for grades 3 - 8.

LOCATION: Sunday practices and home games will be played on Benvenuto Field (turf) at Cos Cob Park (22 Sound Shore Drive, Cos Cob, CT). Local travel will be required for participants in grades 3 – 8 for away games that are scheduled with other Town teams.

STAFF: Experienced staff will provide instruction and coaching. The Town of Greenwich is a member organization of the National Alliance for Youth Sports (NAYS) and provides certification to all coaches. All staff are required to complete a background check.

TEAMS: Participants will be placed on teams for games and scrimmages. Teams will be comprised of players in the grades/sections listed above. Special requests will not be guaranteed.

The Parks and Recreation Department reserves the right to use program or event photographs including participants in official Town of Greenwich media only (Website, newsletter, flyers and advertisements, Facebook, and/or Instagram). Please contact the Recreation Office if you object to the use of photographs of you or your child(ren) in Town media.
PARTICIPANT INFORMATION (PLEASE COMPLETE)

Participant’s Name_________________________________________________

Fall 2021 Grade Level: __________ School ______________________________

Are there any physical limitations, allergies, or physical conditions the staff or emergency personnel should be aware of?  Yes_______ No_______ if yes, please explain:

________________________________________________________________________

Shirt Size:  Youth: Sm____ Med____ Lg____ Xl____  Adult: Sm____ Med____ Lg____ Xl____

VOLUNTEERS: Parents, guardians, family members and friends are encouraged to volunteer! We could not run successful recreation programs without volunteers. Extra assistance on and off the field will make this a better experience for everyone.

FEES: A1: $125 payable to “Town of Greenwich” – NO REFUNDS
A2: $150 payable to “Town of Greenwich” – NO REFUNDS
A3 & A4: $165 payable to “Town of Greenwich” – NO REFUNDS

We accept Visa, MasterCard, American Express, and Discover credit for online registration. There are no refunds and we do not pro-rate fees. Requests for credit will only be considered if received in writing prior to the start of the program. There is a $15 administrative fee for credits and a $25 fee for any returned checks.

COMMENTS:
• COVID-19 safety measures shall be in effect as necessary.
• Mouth guard, eye guard, and shin guards must be worn. Bring water bottle to field.
• Players in 1st and 2nd grade are provided with sticks and balls that are returned after each Sunday session.
• Players in grades 3 - 8 must bring their own stick and ball. Everything must be well marked with players’ name.
• Shirts will be provided to all participants.
• Game schedules and weather updates will be available on our Recreation Sports website at www.teamsideline.com/greenwichct. You can sign up for automated e-mail and/or text alerts from this website. In addition, you can call the weather hotline number at 203-861-6100.
• If mailing, send completed application, proofs (if needed), and full payment to:

This sheet has information to help protect your children or teens from concussion or other serious brain injury. Use this information at your children’s or teens’ games and practices to learn how to spot a concussion and what to do if a concussion occurs.

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury—or TBI—caused by a bump, blow, or jolt to the head or by a hit to the body that causes the head and brain to move quickly back and forth. This fast movement can cause the brain to bounce around or twist in the skull, creating chemical changes in the brain and sometimes stretching and damaging the brain cells.

HOW CAN I SPOT A POSSIBLE CONCUSSION?

Children and teens who show or report one or more of the signs and symptoms listed below—or simply say they just “don’t feel right” after a bump, blow, or jolt to the head or body—may have a concussion or other serious brain injury.

SIGNS OBSERVED BY PARENTS OR COACHES

- Appears dazed or stunned.
- Forgets an instruction, is confused about an assignment or position, or is unsure of the game, score, or opponent.
- Moves clumsily.
- Answers questions slowly.
- Loses consciousness (even briefly).
- Shows mood, behavior, or personality changes.
- Can’t recall events prior to or after a hit or fall.

SYMPTOMS REPORTED BY CHILDREN AND TEENS

- Headache or “pressure” in head.
- Nausea or vomiting.
- Balance problems or dizziness, or double or blurry vision.
- Bothered by light or noise.
- Feeling sluggish, hazy, foggy, or groggy.
- Confusion, or concentration or memory problems.
- Just not “feeling right,” or “feeling down.”
WHAT ARE SOME MORE SERIOUS DANGER SIGNS TO LOOK OUT FOR?

In rare cases, a dangerous collection of blood (hematoma) may form on the brain after a bump, blow, or jolt to the head or body and can squeeze the brain against the skull. Call 9-1-1 or take your child or teen to the emergency department right away if, after a bump, blow, or jolt to the head or body, he or she has one or more of these danger signs:

• One pupil larger than the other.
• Drowsiness or inability to wake up.
• A headache that gets worse and does not go away.
• Slurred speech, weakness, numbness, or decreased coordination.
• Repeated vomiting or nausea, convulsions or seizures (shaking or twitching).
• Unusual behavior, increased confusion, restlessness, or agitation.
• Loss of consciousness (passed out/knocked out). Even a brief loss of consciousness should be taken seriously.

WHAT SHOULD I DO IF MY CHILD OR TEEN HAS A POSSIBLE CONCUSSION?

As a parent, if you think your child or teen may have a concussion, you should:

1. Remove your child or teen from play.
2. Keep your child or teen out of play the day of the injury. Your child or teen should be seen by a health care provider and only return to play with permission from a health care provider who is experienced in evaluating for concussion.
3. Ask your child’s or teen’s health care provider for written instructions on helping your child or teen return to school. You can give the instructions to your child’s or teen’s school nurse and teacher(s) and return-to-play instructions to the coach and/or athletic trainer.

Do not try to judge the severity of the injury yourself. Only a health care provider should assess a child or teen for a possible concussion. Concussion signs and symptoms often show up soon after the injury. But you may not know how serious the concussion is at first, and some symptoms may not show up for hours or days.

The brain needs time to heal after a concussion. A child’s or teen’s return to school and sports should be a gradual process that is carefully managed and monitored by a health care provider.

HOW CAN I HELP KEEP MY CHILDREN OR TEENS SAFE?

Sports are a great way for children and teens to stay healthy and can help them do well in school. To help lower your children’s or teens’ chances of getting a concussion or other serious brain injury, you should:

• Help create a culture of safety for the team.
  - Work with their coach to teach ways to lower the chances of getting a concussion.
  - Talk with your children or teens about concussion and ask if they have concerns about reporting a concussion. Talk with them about their concerns; emphasize the importance of reporting concussions and taking time to recover from one.
  - Ensure that they follow their coach’s rules for safety and the rules of the sport.
  - Tell your children or teens that you expect them to practice good sportsmanship at all times.

• When appropriate for the sport or activity, teach your children or teens that they must wear a helmet to lower the chances of the most serious types of brain or head injury. However, there is no “concussion-proof” helmet. So, even with a helmet, it is important for children and teens to avoid hits to the head.
