Lile Gibbons, Vice Chairman  
Bernard Armstrong, Secretary

Enclosed is the 2020 application form for a **NEW** mooring in the Town of Greenwich. Please review it carefully and provide all required information as detailed below.

The Town of Greenwich requires four items to be included with your application form:

1. A check for the annual fee in the amount of \$75.00 payable to the Town of Greenwich;
2. A copy of a current \$300,000 liability insurance declaration page;
3. A copy of your current boat registration for boats requiring registration;
4. A copy of an affidavit or invoice of mooring inspection performed no earlier than Spring 2018 (*this is not required until after the Harbor Master has assigned a new mooring location for you*).

**Please return your application, check and other required documentation by April 1<sup>st</sup> to:**

Town Hall / Harbor Management Commission  
101 Field Point Road  
Greenwich, CT 06830

Upon receipt of your application, the GHMC will review for completeness and you will be added to the mooring waitlist. At this point, the Harbor Master will have access to your information and should contact you to discuss location preferences. Once the Harbor Master has approved a location, he should inform the GHMC, and GHMC approved vendor can install/inspect the tackle.

It is the applicant's responsibility to get a copy of the new mooring tackle invoice or inspection invoice, assigned GPS coordinates and send it to the GHMC to complete the last requirement for their application. Once the GHMC has the current boat registration, current proof of insurance, proof of new tackle or inspection, application fee, and an approved location with coordinates from the harbor master, a mooring permit can be issued. You will receive two stickers for the 2020 season with placement instructions. Moorings without stickers will be subject to removal.

**Please note, mooring locations are non-transferable and cannot be sold.**

**Again, please review your mooring application carefully and include all required information to avoid delay.**
