

Pedestrian Safety for Drivers – Best Practices

Be alert: watch for pedestrians at all times

- Scan the road and the sides of the road ahead for potential pedestrians.
- Before making a turn, look in all directions for pedestrians crossing.
- Don't drive distracted or after consuming alcohol or other drugs.
- Do not use your cell phone while driving.
- Look carefully behind your vehicle for approaching pedestrians before backing-up, especially small children.
- For maximum visibility, keep your windshield clean and headlights on.

Be responsible: yield to pedestrians at crossings

- Yield to pedestrians in crosswalks, whether marked or unmarked.
- Yield to pedestrians when making right or left turns at intersections.
- Do not block or park in crosswalks.

Be patient: drive the speed limit and avoid aggressive maneuvers

- Never pass/overtake a vehicle that is stopped for pedestrians.
- Obey speed limits and come to a complete stop at STOP signs.
- Use extra caution when driving near children playing along the street or older pedestrians who may not see or hear you.
- Always be prepared to stop for pedestrians
