Clearance

Note:
1. Canopy Clearance Sign should be positioned in the most visible sight lines for consumers entering the forecourt.

2. Align off column as first priority. If that location does not provide adequate visibility, move to a position that does.

3. Do not position Clearance sign under a Gulf word mark sign or Gulf disc sign. Follow rules established on this sheet.

4. (2) Clearance signs are typically used per canopy. If more are needed, seek approval from Gulf reimage team.

- Reface and add new Internal LED’s on the price cabinet
- 9” ABLE LED digits
- Reface and add new Internal LED’s on the Gulf price cabinet
- 14" ABLE LED digits
### Column Standards

**Blade**

![Diagram of canopy column with dimensions and notes]

**NOTE:**
- 9'-8" is a min height to lower blade signs if obstructions above force blade signs down on column.

**Provide ADA signs as required**

**NOTE:**
- Each column to be measured from the grade the bottom of the blade.

**Column blade signs are intended to be viewed from the cashier area.**

**NOTE:**
- Towel dispensers should be removed from canopy columns and given to the dealer/site management should they want to keep them OR disposed of in installer supplied dumpsters.

- Fire extinguisher cabinets should be removed prior to painting the canopy columns and reinstalled after painting the columns.

- Columns with Cladding will need special hardware for install.
