

Applying for a Building permit and need Highway sign off?

To obtain the sign off you need to do **ONE** of the following:

1. If you are doing any work in the road way (for example driveway, gas, water, sewer electric, etc) you must apply for a Highway permit the application can be found online at <https://www.greenwichct.gov/262/Highway-Permit> you must fully fill out (listing everything that is being done in the roadway) on the application and provide a full set of sight plans and drainage summary report (if there is any driveway work) all is stated on the application. All should be emailed to the HWY department as separate PDF's(application as one PDF, plans as another PDF etc.) but all sent in one email to highway@greenwichct.org
2. If all work planned is on the property and nothing is being done in the road/town Right of Way we need a letter from you stating that there will be no work in the right of way/road and a full set of sight plans.
