**[EXTERNAL]**

To Whom this may concern:

We are distressed at the situation in Prospect Drive that is disrupting the living conditions of people in the neighborhood. My wife and I have read the letters of complaint and we are concur with everything that is being said about all the dangerous disruptions taking place. We have anxieties about our young children. This is not the neighborhood that we are moved into, and therefore we are expecting that the Town of Greenwich will act to rectify this unpleasant and illegal situation.

Thank you Very much.

Sincerely,  
Hugo and Erika Toro
