SEWER  
WASTE DISPOSAL

A Virtual Public Hearing was held on Thursday, January 7, 2021 at 1:00 p.m. for the Wesskum Wood Road Bridge (No.056-019) Replacement project. As required by Town Code Article 3 Scenic Roads, Section 11-13(c), a public hearing was scheduled because the project location is on a scenic road.

As Public Works Commissioner, by Town Charter, I am charged with the reviewing the modifications and alterations of any projects in the right-of-way of scenic roads. The Commissioner's Office does take this responsibility seriously.

After careful consideration and having listened objectively to the facts and opinions presented by all parties, I have ruled in the following manner on the project listed above.

It is my decision and I have concluded that the Wesskum Wood Road Bridge Replacement Project is approved for construction.

This decision will be posted in the lobby of the offices of the Department of Public Works located on the 2nd floor of the Town Hall, the lobby of Town Hall, the Town Clerk's office, and on the Town of Greenwich website.

Amy J. Siebert, P.E.  
Commissioner of Public Works  
Town of Greenwich - Department of Public Works
