General Notes

1. Contractor to provide complete shop drawings of each sign type to Spagnola & Associates and Architect for review.

2. All dimensions must be verified against approved shop drawings and actual field conditions, prior to any sign fabrication.

3. Final location of signs to be determined by Spagnola & Associates and Architect on site.

4. For sign text and number, refer to Drawing DD.02.

5. Contractor to provide complete text / copy submissions for all signs for review and approval by Spagnola & Associates and Architect.

6. All final artwork for signs to be developed by Spagnola & Associates unless otherwise indicated. (do not produce artwork using this drawing set)

7. Contractor to provide two full size proofs of Sign Type D1 to Spagnola & Associates and Architect for review prior to proceeding with production.

8. Contractor to provide prototype samples (no smaller than 6"x 6") of 3/8" brushed non-directional aluminum and 3/8" Corten Steel.

9. Contractor to provide samples of matte black vinyl, reflective black and red vinyls.

10. Sign Contractor to coordinate with other related trades / fabricators where required.
