**APPLICATION SUMMARY**
An application for final subdivision was submitted to the Planning & Zoning Commission to revise a common lot line between 44 Cutler Road and 50 Cutler Road with an equal area exchange of 0.093-acres (4,051.08 sq.ft.). This revision will permit the building of an accessory structure at 44 Cutler with the necessary setbacks for the RA-4 zone. Neither property will change in size with this application. Both properties are located within the RA-4 zone. The applicant requests that the Planning and Zoning Commission determine that this application is not a subdivision, nor re-subdivision, and grant approval to revise the lot lines.

**ISSUES / COMMENTS TO BE ADDRESSED**
1. The proposed transfer of property would not change the size of either property. Both 44 and 50 Cutler Road will remain complaint with the RA-4 zoning standards for frontage and lot area.
2. The proposed lot line revision will not make any structures non-complaint as to setback.
3. The Commission should consider if the proposed revision to the lot line, as a result of the conveyance of land constitutes a subdivision, a re-subdivision or neither as defined in Sec. 6-261(a)(6) and Sec. 6-261(a)(15) of the Greenwich Subdivision Regulations (GSR).
4. **Health** – The Health Department issued a “100% Replacement Area Permit” on 12/06/2021 for 50 Culter Road (Tax ID No. 10-2109) and notes in an email to staff on 12/15/2021 that they now have no concerns with the proposed lot line change.
5. **ZEO** – The Zoning Enforcement Officer issued comments dated 10/29/2021 and notes no concerns at this time.
6. **DPW Engineering** – DPW issued comments on 11/4/2021 and notes the lot line revision is acceptable to them.
7. **IWWA** –IWWA issued a green sheet dated 9/14/2021 indicating no action is need with their department for the lot line revision.
8. **Conservation** – The Conservation team issued comments on 11/1/2021 and notes their concerns in their memorandum, including the knowledge that both 44 and 50 Cutler Road have updated surveys which are not captured in the proposed subdivision map.

9. **Area of Exchange.** The proposed equal area exchange will contain wooded land that is located within the wetland and wetland buffer area. The proposed boundary adjustment should not have any negative impact on the natural environment since the development along these areas will be regulated by the IWWA.

10. **Open Space Parcel** – No open space parcel is proposed in this application. The Commission should determine if an open space parcel should be provided based on Sec. 6-297 of the GSR.

11. **Accessory Structure for 44 Cutler Road.** The proposed equal area exchange will permit the building of an accessory structure at 44 Cutler Road with the necessary setbacks for the RA-4 zone.

12. **Deed Histories.** The applicant provided deed histories of both properties starting in October of 1952 when a 17-lot subdivision was approved by the Planning & Zoning Commission and recorded in the Greenwich Land Records as Map #2887. 44 and 50 Cutler Road were at that time together as Lot #9 comprised of 9.565-acres and were split into two separate lots in April 1953 when 50 Cutler Road was sold.

13. The Commission should determine if, based on Sec. 6-269 (15) of the Subdivision Regulations, the following note should be placed on the map. “Upon approval of this subdivision plan, the owner agrees with the Town that unless otherwise specified hereon, the areas within at least ten (10) feet of the center line of any drainage facility, ditch or stream shown hereon, are dedicated for drainage, that no building or other structure shall be located thereon and that the Town shall not be under any obligation to maintain, clean, enclose, or otherwise alter or improve, such drainage facility.”

**Proposal and Background:**

An application for final subdivision was submitted to the Planning & Zoning Commission to revise a common lot line between 44 Cutler Road and 50 Cutler Road with an equal area exchange of 0.093-acres (4,051.08 sq.ft.) Both properties are located within the RA-4 zone.

Both properties originated in October of 1952 when a 17-lot subdivision was approved by the Planning & Zoning Commission and recorded in the Greenwich Land Records as Map #2887 for Yale University. 44 and 50 Cutler Road were at that time together as Lot #9 comprised of 9.565-acres. They were subsequently separated into two parcels.

A discrepancy in the deed descriptions caused the owners to file a corrective map on the land records on September 25, 2012, Map #8621. This resulted in 44 Cutler Road being 5.083-acres and 50 Cutler Road being 4.033-acres today.
The proposed equal area exchange will permit the building of an accessory structure at 44 Cutler Road with the necessary setbacks for the RA-4 zone.

44 Cutler Road has a main dwelling that was built around 2011

No open space, non-development area or reserve area is proposed in this application.

The applicant requests that the Planning and Zoning Commission determine that this application is not a subdivision, nor re-subdivision, and grant approval to revise the lot lines.

**Health:**
Both 44 and 50 Cutler Road are served by septic systems and private wells. 44 Cutler Road has a code complying septic system that was installed in 2011. The Health Department issued a “100% Replacement Area Permit” on 12/06/2021 for 50 Culter Road (Tax ID No. 10-2109). The Health Department has no concerns with the proposed lot line change as stated in their email on 12/15/2021.

**Zoning:**
The subject parcels are located at 44 Cutler Road and 50 Cutler Road in the RA-4 Zone.

Both properties appear to conform to the RA-4 zoning requirements for use, size, setbacks, green area and height today. The proposed map revision is intended to permit the building of an accessory structure at 44 Cutler Road with the necessary setbacks for the RA-4 zone.

**Background/Title Search:**
The applicant provided deed histories of both properties starting in October of 1952 when a 17-lot subdivision was approved by the Planning & Zoning Commission and recorded in the Greenwich Land Records as Map #2887 for Yale University. 44 and 50 Cutler Road were at that time together as Lot #9 comprised of 9.565-acres.

On April 1, 1953, 4.15-acres of Lot #9 was conveyed as a separate lot as shown on recorded Map #2949 and became 50 Cutler Road.

On November 2, 1955, the remaining portion of Lot #9, 5.561-acres, was sold off and became 44 Cutler Road.

On August 13, 1957, 44 Cutler Road conveyed a 0.454-acre pieces to Tamarack Country Club.

A discrepancy in the deed descriptions caused the owners to file a corrective map on the land records on September 25, 2012, Map #8621. This resulted in 44 Cutler Road being 5.083-acres and 50 Cutler Road being 4.033-acres today.

Jacalyn, a 100% Replacement Area for the septic system was approved for 50 Cutler road, so yes we are all set. The Health Department has no concerns with the proposed lot line change.

Hi – I am the planner assigned to the P&Z application at 44 and 50 Culter Road. Has the applicant satisfied your dept’s concerns with this application, and are you able to revise the comments previously submitted for this application on 10/8/2021? (attached for quick reference.)

If they are still working with your team that is fine. I am just trying to anticipate what new comments I may receive by the end of the week. Thank you for any insight!

    Site survey by S.E. Minor & Co., Inc., dated August 12, 2021

I have reviewed the above survey and visited the site. The following comments are offered for your consideration.

1. The proposed equal-area exchange will contain wooded land which is located within the wetland and/or wetland buffer area. The proposed boundary adjustment should not have any negative impact on the natural environment since the development along these areas will be regulated by the IWWA.

2. The provided survey has a revision date of August 12, 2021 however, the date is misleading since no updates were done to the survey despite some changes on-site. The survey needs to be updated to show a stone wall along the boundary between the properties and the updated wetland boundary. Both properties have separate new surveys which feature the existing conditions. The survey showing the proposed lot line revision should be updated to reflect the current conditions accurately and avoid future confusion.

Re: 44 Cutler Road & 50 Cutler Road Lot Line Revision

Dear Katie:

On behalf of MCIB, LLC and Thomas & Virginia Daly, owners of 44 Cutler Road and 50 Cutler Road, respectively, I am hereby making application to the Planning & Zoning Commission to determine that an equal area exchange between the two properties constitutes a lot line revision and is not a subdivision nor a re-subdivision.

The two lots formerly comprised Lot #9 as shown on an approved subdivision map for Yale University recorded in the Greenwich Land Records as Map #2887 on October 20, 1952 (attached). On April 1, 1953 Yale conveyed a 4.15 acre portion of Lot #9 as shown on recorded Map # 2949 (50 Cutler) to Whelan (attached). On November 2, 1955, Yale conveyed the remaining portion of Lot #9 comprised of 5.561 acres (44 Cutler) to Sandor. On August 13, 1957 Sandor conveyed a .454 acre piece to Tamarack Country Club. No new lots have been created since the conveyances by Yale of 44 Cutler and 55 Cutler, as was permitted under the zoning regulations at that time.

A discrepancy in the deed descriptions caused the owners to file a corrective map on the land records on September 25, 2012 as Map #8621 (also attached). The lot size of 44 Cutler is 5.083 acres while the lot size of 50 Cutler is 4.033 acres, both in the RA-4 zone.

The applicants now propose to make an equal area exchange so as to revise the lot lines as shown on a map attached hereto and prepared by SE Minor & Co. on August 12, 2021, which revision will permit the building of an accessory structure at 44 Cutler with the requisite setbacks.

The applicants respectfully request that this matter be put on the next possible agenda of the Commission for the Commission to determine that the proposed equal area exchange is a lot line
revision and not a subdivision nor a re-subdivision. Upon such a finding the applicants will submit a mylar with a signature block for signing by the Chairman of the Commission and recording in the Greenwich Land Records.

If you have any questions or if I can offer any additional information, please do not hesitate to contact me.

Very truly yours,
