*Parking for East lot as shown on site plan prepared by Rocco V. D’Andrea dated 9/24/90.

**UPDATE:**
The application was opened and discussed at the 1/4/22 P&Z meeting. The Commission requested a parking table and an updated site plan showing how the parking areas would be connected. The applicant received approval for a variance from the PZBA on 3/9/22 for the use of parking spaces on the St. Catherine’s lot with the restriction that it be for employees and guests by valet only. The applicant also provided emails with the parking demands and staff has included a table incorporating that data in this staff report. In addition to the information provided by the applicant, staff research has also included a table of parking (as of August 2010) included with a previous application PLPZ 201000280 file. Since then, the parking requirement for TAG has been reduced from 25 to 17 parking spaces and the Center for Hope and Renewal was approved for use of tenant space.

**APPLICATION SUMMARY:**
The applicant is requesting approval for a Final Site Plan for permission for the J House hotel at 1114 East Putnam Avenue to use the rear 46 parking spaces on the property as supplemental parking for the hotel and restaurant during times when the parking is not needed for the use conducted on the 2.1-acre property at 13-17 Riverside Avenue in the R-12 and LBR zone and pursuant to Sections 6-5, 6-13, 6-14, 6-15, 6-16, 6-93, 6-100, 6-158, and 6-205 of the Town of Greenwich Building Zone Regulations.
ISSUES/RECOMMENDATIONS:

1. **ZEO** – The applicant received approval for a variance at the 3/9/22 PZBA meeting. The ZEO issued updated comments dated 3/11/22 indicating this approval.

2. The approved plan for PLPZ201200237 & 238 notes the P&Z approval dated 6/12/12, which specifically states this parking lot and building may not be used for profit or commercial uses.

3. The applicant provided an updated site plan showing the connecting driveway ramp between the two properties. It appears there would be a loss of at least one parking space. The applicant should clarify whether there will be a loss of parking spaces. Additionally, the updated site plan prepared by Rocco V. D’Andrea, Inc. dated 2-8-22 shows a different parking layout than the previously submitted survey dated 9/24/90. The parking plan was last approved on 8/9/12 as shown in the property survey submitted with application PLPZ201200237/238 for the change of use to allow TAG to occupy a tenant space and reserved parking. The applicant should identify which spaces would be used for the J-House, since the previously submitted plan references an outdated parking layout.

4. **Parking** – The applicant noted that 11 unreserved parking spaces would be used by TAG, but previous approval PLPZ 201800375 approved the reduction of parking by TAG to 17 spaces. The applicant should clarify this discrepancy.

5. **Parking** – The applicant stated the St. Catherine’s property at 13-17 Riverside Avenue includes 238 parking spaces, 46 of which are proposed to be used for employee and hotel parking and valet parking for the J House and Tony’s Restaurant during busy times. The agreement notes this would not occur during times when St. Catherine’s would require the parking for any of the approved uses, specifically including the church. The applicant has not provided a comprehensive parking requirement list per Sec 6-158 for all uses on the properties. The applicant provided parking information for the Japanese School, Children’s day school and TAG.

6. The applicant has noted the proposed parking agreement would preclude the employees and customers from parking on nearby residential streets and would provide for safer travel in and out of the hotel property.

7. Staff notes that previous conversations with the Town Planner recommended the applicant submit a site plan application for review by the Commission for the parking agreement.

8. The Commission should note all previous approvals and conditions for St. Catherine’s properties, specifically PZBA Appeal No. 6085.

DEPARTMENT COMMENTS:

Zoning Enforcement – 12/29/21 – See Attached

Fire – Not Received

APPLICATION DETAILS:

Proposal:
The applicant is proposing a Final Site Plan to allow the J House property at 1114 East Putnam Avenue to use the 46 parking spaces in the rear of the property at 17 Riverside Avenue, referred to by the applicant as the “License area”. The proposal includes the use of the 46 spaces at the rear of the property as supplemental parking for the hotel and restaurant at times when the parking is not needed for the uses at St. Catherine’s, particularly the Church.
The properties abut at the rear of the parking area, next to the License Area and rear parking for the J House. The application includes a proposal to create an accessway between the J House property and the License Area and to use the parking when St. Catherine’s does not need the area to meet the parking requirements for uses conducted on the property. J House would use the parking area for employees of the hotel and restaurant as well as valet service to park cars.

**Existing conditions/Zoning:**
The existing total area consists of a 5.5-acre parcel across the street, which contains St. Catherine’s Roman Catholic Church building, a chapel, rectory, a classroom building leased to the Japanese School, and a 31-unit elderly congregate housing building as well as a parking area. The subject property actually consists of five parcels on the east side of Riverside Avenue as shown on the Town of Greenwich GIS. The total property is 2.1 acres and is improved with a 1,320 SF office building and 238 parking spaces.

The applicant has stated the J House hotel is legally non-conforming with respect to current parking requirements per Sec. 6-158 of the BZR. The J House currently also has a relationship with the adjoining Rand Insurance building for valet parking, but the applicant notes this is still not sufficient for when the restaurant and hotel are busy.

**Hours of operation:**
St. Catherine’s - 8am-3:30 pm with limited activities during evenings and weekends, specifically for after-hours activities for students and parents, English proficiency test (6x per year), Open School for parents (2x per year), school/cultural festival (1x per year), and occasional lectures/workshops for students.

TAG – 6:30am – 6:30 pm for four (4) staff members and dispatch of shuttle vans and buses (approval for 17 parking spaces to be used per PLPZ 201800375).

Greenwich Center for Hope and Renewal – Hours of operation are not indicated in the application or previous approvals.

**Application History:**
- **PLPZ201900337** – Administrative final site plan approval for non-profit use of the School Building to be continued upon change of tenancy at 4, 6, and 8 Riverside Avenue on the West side parcel and 13 Riverside Avenue on the East side of Riverside Avenue.
- **PLPZ201800375** – Final Site plan approval for change of tenants per PLPZ 201200327 & 328 for a non-profit use for Greenwich Center for Hope and Renewal.
- **PLPZ201400687** – Administrative site plan approval for interior changes for classrooms at 8 Riverside Avenue.
PLPZ2012 00237 & 238 – final site plan and special permit approval to create a headquarters for Transportation Association of Greenwich (TAG) in a space that as previously used for the Church’s religious education program at 13 Riverside Avenue.

PZBA Appeal No. 8430 – Special Exception approval to permit an educational facility at a non-residential property on the westerly side of Riverside Avenue (8) in the R-12 and R-6 zones.

PZBA Appeal No. 6085 – Special Exception approval for a school use for the entire school building at St. Catherine’s. per 6-94, 6-97, 6-19 and 6-20 of the BZR. Continue to be met, for the requested change from religious elementary school use to non-profit university use. Availability of ample parking, closeness to post road and effective separation from the residential part of the neighborhood are important factors in the Board’s decision.

PZBA Appeal No. 3060 – Special Exception approval to permit addition of two classrooms to an existing school.

PZBA Appeal No. 2628 – Special Exception approval to permit an addition to a parochial school.

PZBA Appeal No. 1781 – approval to add four classrooms to the rear of the existing school building.

Zoning References

I. **PZBA Appeal No. 2776 (Granted 5/9/1956)**: special exception to permit erection of a church building and use of a tract for church parking on the east and west sides of Riverside Avenue. The Classroom Building predates the erection of the church building.

[Note: Independent non-profit organizations that are, or may be in the future, part-time tenants or users of the Classroom Building and/or Parish Hall, and that provide community-based charitable, social, and/or educational outreach, are commonly recognized as adjunct uses to St. Catherine's community outreach mission.]

Applicable Regulations: 6-19, 6-20, 6-94(a)(5) BZR.

II. **PZBA Appeals Nos. 1781 (Granted 8/9/1950), 2210 (Granted 12/19/1956), 2628 (Granted 7/13/1956), 3060 (Granted 3/12/1958), 6085 (Granted 7/12/1978; see V. below)**: special exceptions to permit additions and alterations to classroom building.

Applicable Regulations: 6-19, 6-20, 6-94(a)(5), 6-111, 6-203 and 6-205(a) BZR.

III. **PZBA Appeals Nos. 8657 (Granted 9/12/2001) and PZC FSP #2077.1-C (approved 10/23/2001)**: Additions/Alterations to existing chapel.

Applicable Regulations: 6-19, 6-20, 6-94(a)(5), 6-111, 6-203 and 6-205(a) BZR.

IV. **PZBA Appeal No. 8430 (Granted 12/1/2000), and PZC FSP #2077-C (approved with conditions, 11/18/1999) and Admin. FSP #2077.1-C (approved 9/23/2003)**: St. Catherine's of Siena Roman Catholic Church, Owner, and the Junior League of Greenwich Corporation, Applicant, for special exception and final site plan approval for change of use of former convent building, most recently used for elderly congregate housing (Hill House), to non-profit early childhood education center (presently, The Children's Day School, Inc.).

Applicable Regulations: 6-13 through 6-17, 6-19, 6-20, and 6-94(a)(5) BZR.

V. **PZBA Appeal No. 6085 (Granted 7/12/1978)**: Appeal of St. Catherine's Church Corp., Owner, and the University of Bridgeport, Lessee, for a special exception "to permit non-profit school use in a portion of an existing school building" on the west side of Riverside Avenue, on the finding that "all of the special exception standards under Sections 6-94, 6-97, 6-19 and 6-20 of the Building Zone Regulations continues to be met, for their requested change from religious elementary school use to non-profit university use. The availability of ample parking, closeness to the Pond Road and effective separation from the residential part of the neighborhood are important factors in the Board's decision."

[Note: This approval authorized occupancy of the Classroom Building by more than one non-profit school or educational institution or organization, including those not under the direction of, or operated by, St. Catherine's.]

Applicable Regulations: 6-19, 6-20, 6-94(a)(5) BZR.

VI. **PZC RZ #882 (approved 5/12/1981), and FSP #802-C (approved with modifications 7/12/1982)**: rezoning of approximately 37,356 sq. ft. on the south side of East Putnam Avenue from R-6 to R-PHD-E, and approval of application of Augustana Homes of Greenwich, Inc. to construct a 25,000 sq. ft. building with 31 apartments as dwelling units for elderly persons.

Applicable Regulations: 6-22, 6-33(a), 6-15 through 6-17, 6-111, 6-203 and 6-205(a) BZR.

VII. **PZBA Appeal No. 6370 (Granted 10/19/1980)** was a special exception to permit an existing dwelling on the East Parcel to be used as offices for St. Catherine's religious education program.

Subject: parking and masses

________________________________
John,
Checking the leases, this is what we have:
1. Japanese School: 56 unreserved spaces in the east lot (our large main lot) and 10 spaces in west lot (behind the school building)
2. Children’s Day school: 25 reserved spaces in the east lot and 6 reserved spaces in the west lot
3. TAG: 11 unreserved spaces in the east lot

Our mass schedule is as follows:
1. Chapel: Weekdays: 7 am and 5:15 pm. Language masses on Sundays: 9 and 11 am
2. Main Church: Saturday: 5 pm. Sundays: 7:30 am, 9 am, 10:30 am, and 5 pm.

Our weekday masses are quite small, and the weekday school parking is very complimentary to our current campus operations.
Furthermore, the back area of the lot identified for J house parking is the furthest point from our Church and attendees at a typical weekend mass would not choose nor need to use those licensed parking spaces, particularly in light of our excess parking capacity.

Best,
Pat

Mr. Jodi Couture, Zoning Enforcement Officer
Town of Greenwich
101 Field Point Road
Greenwich, Connecticut 06830

Re: St. Catherine of Siena School Building located at
4 Riverside Avenue, Riverside, Connecticut

Dear Jodi:

We represent a potential non-profit school tenant for the existing school building known as the Father Vincent J. O'Connor Center (the "School Building") located at the St. Catherine of Siena campus at 4 Riverside Avenue, Riverside Connecticut.

The School Building is a two-story educational facility that has been a non-profit parochial elementary school dating back to the 1930's for as many as 500-600 students. Over the years, several Special Exceptions were granted by the Town of Greenwich Planning and Zoning Board of Appeals (the "Board"). Appeals Nos. 1781, 2628, 3060, and 6085 all concern the non-profit school use of the School Building. Copies of these decisions are attached for your reference. None of these approvals contain any limiting condition on the School Building's operation.

In particular, Appeal 6085 is a Special Exception issued by the Board in 1978 permitting the change from "religious elementary school use to non-profit university use" of the second floor of the School Building for approximately 150-200 students.

Currently, the School Building is used by The Town of Greenwich Alternative High School Program (most of second floor), St. Catherine's Church for religious education (second floor rooms 206 and 207), Greenwich Education Association (first floor rooms 106 and 107 first floor), the Spanish School (first floor rooms 108 and 109). The balance of the first floor space is used by St. Catherine's Church. In approximately 2012, the Town of Greenwich Alternative High School Program began using most of the second floor of the School Building.

It is the intent of our client to first occupy the Alternative High School space, then occupy the remaining space in the School Building when the current tenants' leases expire, such that it will eventually occupy the entire building for its non-profit education programs. The expectation is that student enrollment will not exceed 150 students.
Our client would like to confirm that the non-profit school use of the School Building can be continued upon a change of tenancy subject only to demonstrating its non-profit status.

It is clear that based on Appeal 6085 that non-profit educational use was approved for one floor of the School Building with a capacity of at least 150-200 students. The proposed use will be at most the lower threshold of this capacity spread out over both floors of the School Building. As a result, the proposed use intensity and parking demand will be less than that approved by Appeal 6085.

I trust you agree that the School Building is currently approved for non-profit school use, and our client can therefore proceed directly to obtain any zoning permit necessary to fit out the School Building space in keeping with its recognized historical use as a non-profit educational facility.

Kindly indicate your agreement by countersigning this letter where appropriate below and return to my attention at your earliest convenience.

Sincerely,

[Signature]

   Name: Mr. Jodi Couture
   Title: Zoning Enforcement Officer
recognition of the unique existing condition and without detriment to the
public welfare or impairment to the integrity of the Regulations.

APPEAL No. 6084.

Appeal of William F. Jr. and Marian R. Pyne for variance of the
use regulations to permit conversion of a two-family dwelling to three-
family dwelling, on the easterly side of Weaver Street, Greenwich, in the
R-12 zone.

It was unanimously RESOLVED that said appeal be denied on the
following grounds:
In a previous appeal (No. 5985, 11/30/77), the Board found unique
hardship to allow two-family use on the ground that the property location
was not best suited for single family residence. The existing appeal seeks
to boot-strap from there by additional use variance into three family use,
asking the Board to apply R-6 zone special exception standards.

Considering all of the circumstances, including the character
of the surrounding properties, use and density, the Board finds that Appel-
ants did not establish unique hardship to justify an increase to three family
use. The Board has no power to apply special exception standards in this
case to eliminate the necessity of establishing hardship.

APPEAL No. 6085.

Appeal of St. Catherine's Church Corp., Owners, and The Univer-
sity of Bridgeport, Lessee, for authorization as a special exception to
permit non-profit school use in a portion of an existing school building,
on the westerly side of Riverside Avenue, Riverside, in the R-6 zone.

It was unanimously RESOLVED that said appeal be granted on the
following grounds:

The Board finds that all of the special exception standards
under Sections 6-94, 6-97, 6-19 and 6-20 of the Building Zone Regulations
continue to be met, for this requested change from religious elementary
school use to non-profit university use. The availability of ample parking,
closeness to the Post Road and effective separation from the residential
part of the neighborhood are important factors in the Board's decision.

APPEAL No. 6086.

Appeal of John and Ann M. Hughes for variance of yard require-
ments to permit dwelling to continue, on the easterly side of Hillcrest Park
Road, Old Greenwich, in the RA-1 zone.

It was unanimously RESOLVED that said appeal be granted on the
following grounds:
APPEAL 3060.

Appeal of St. Catherine's Catholic Church of Riverside School for authorization as a special exception to permit addition of two classrooms to an existing school on the westerly side of Riverside Avenue, Riverside, in an R-12 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

This is an application for a special exception in the R-12 zone to permit an addition of two classrooms to an existing school as part of an educational institution and after weighing all the factors required to be considered on such an application we find that the special exception may be permitted.

APPEAL 3061.

Appeal of Madeline G. Rafferty for variance of front and side yard requirements to permit use of an existing accessory building as a single family dwelling following division of a tract on the westerly side of Glenville Road at Robert Drive, Greenwich, in an RA-1 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

Because the building exists and is substantial and is capable of use as a residence and can be so used without injury to the neighborhood the variances requested are granted.

APPEAL 3062.

Appeal of Merritt Construction Corporation for variance of front and rear yard requirements to permit erection of a dwelling on Lots 3 and 4 on the northerly side of Meadowbank Road, Old Greenwich, in an R-12 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

This is allowed on the same grounds given in our decision on App. No. 2994 relating to the same property.

APPEAL 3063.

Appeal of Marion Zatorsky for variance of side yard requirement to permit addition to an existing dwelling on the easterly side of Locust Street, Greenwich, in an R-6 zone.

It was unanimously RESOLVED that said appeal be denied on the following grounds:

Although the lot is large enough to accommodate a garage in the rear yard, without variance, the access to it from the street suffers such topographical hardship as would warrant variance of side yard to permit its erection in the place proposed, but such variance, if granted, would be so injurious to the property of his neighbor on that side that permission must be withheld.
We have previously indicated under decision #2595 that the area of this tract is sufficient under the circumstances of the case and the character of the neighborhood to warrant a division into two lots; and it now appearing that applicant actually has a house to be moved to the site of Lot 59-A and that a rear yard variance will not be required, the variance of area as indicated on the plot plan is granted.

APPEAL 2627

Appeal of Elsie B. Griffin for variance of side yard requirements to permit a dwelling to continue as located on the west side of Ridge Brook Road, Greenwich, in an R-20 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

This was a slight error of measurement due to no fault of the applicant, and it would entail hardship to rectify.

APPEAL 2628

Appeal of St. Catherine's Church Corp. for authorization as a special exception to permit an addition to a parochial school located on the west side of Riverside Avenue, Riverside, in an R-12 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

This is an application for a special exception in the R-12 Zone to permit an addition to an existing school as part of an educational institution and after weighing all the factors required to be considered on such an application we find that the special exception may be permitted.

APPEAL 2629

Appeal of George Gordon for variance of front yard requirements to permit a side addition to an existing business building located on the north side of West Putnam Avenue, Greenwich, in a B-6 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

The addition to this existing non-conforming building will not aggravate the present front yard deficiency and variance is granted.

APPEAL 2630

Appeal of Arthur V. and Mary Jane L. Wallace for variance of front yard requirements to permit erection of a dwelling on Lot 14 and Part of 12 on the north side of Bruce Park Avenue Extension, Greenwich, in an R-6 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

We find hardship exists because of the topography and the proposed setback will average with others in the neighborhood.

APPEAL 2631

Appeal of John I. and Doris L. Gedney for variance of front yard requirements to permit a dwelling to continue as located on the west side of Laddine Rock Road, Old Greenwich, in an R-7 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
APPLICATION NO: 1778

Application of Beatrice E. Mcingon for variance of the yard requirements of the RA-1 Zone to permit a new side yard and front setback, resulting from a subdivision of property and a new road, for existing dwelling located on a private road off the south side of Hillcrest Avenue and Ensil Avenue; in the Palmer Hill section of town.

It was unanimously RESOLVED that said application be granted on the following grounds:
The application is granted with the provision that the right of way be made 20 feet which is all that is required by the zoning regulations in order to lessen the amount of the side yard variance since it is a house existing prior to zoning.

APPLICATION NO: 1779

Application of Dewey L. Pierce for variance of the yard requirements of the E-12 Zone as they apply to existing buildings on Lot No. 11, south side of Pierce Road, Riverside, shown on map of "Property of Dewey Pierce", made by J. E. Minor & Co., Civil Engrs, dated July 28, 1950.

It was unanimously RESOLVED that said application be granted on the following grounds:
The application is granted provided it is limited to 1-family. The yard variance is justified because it results from the building of a roadway.

APPLICATION NO: 1780

Application of the Round Hill Community Church for authorization (a) to permit proposed addition to church as shown on plans and plot plan filed; (b) permission to vary the rear yard requirements of the EA-4 Zone as shown on plot plan filed, all of which is located on the northwest corner of Round Hill Road and John Street, Greenwich.

It was unanimously RESOLVED that said application be granted on the following grounds:
This is an application for our approval of a church use and it appearing that the proposed use will not create or aggravate a traffic, fire or panic hazard, or block highway circulation, or be detrimental to the neighborhood, or alter its essential characteristics, it is granted.
We grant the rear yard as shown on plot plan filed.

APPLICATION NO: 1781

Application of St. Catherine's Catholic Church of Riverside for authorization to add 4 class rooms to rear of existing school building located on the west side of Riverside Avenue approx. 200 feet south of the Post Road, Riverside, in the E-12 Zone.

It was unanimously RESOLVED that said application be granted on the following grounds:
This is an application for our approval of an educational use and it appearing that same will not be operated for commercial profit and that the proposed use will not create or aggravate a traffic, fire or panic hazard or block highway circulation, or be detrimental to the neighborhood.
By Hand

Mr. Patrick LaRow, Assistant Town Planner
Town of Greenwich
101 Field Point Road
Greenwich, Connecticut 06830

Re: St. Catherine of Siena Buildings located at 6 and 13 Riverside Avenue, Riverside, Connecticut

Dear Pat:

We represent a potential non-profit school tenant for the existing school building known as the Father Vincent J. O’Connor Center (the “School Building”) located at 6 Riverside Avenue and the Colonial House Building (the “Admin Building”) located across the street at 13 Riverside Avenue, Riverside Connecticut.

School Building

The School Building is a two-story educational facility, the use of which as a non-profit school dates back to the 1930’s and is well-recognized by the property's history of Special Exceptions granted by the Greenwich Planning and Zoning Board of Appeals (the "Board"). Appeals Nos. 1781, 2628, 3060, and 6085 all concern the non-profit school use of the School Building, copies of which are attached as Exhibit A. The School Building changed tenants when the Town of Greenwich Board of Education began using it for the Alternate High School program, replacing the former tenants of the School Building, the Stanwich School. This was approved by an Administrative Site Plan containing a condition that use of the School Building be limited to between 8:00am and 3:00pm.

Based upon the previous approvals, it is clear to me that the School Building is already approved for non-profit school use, and our client can therefore proceed directly to obtain any zoning permit necessary to fit out the School Building space in keeping with the historic approvals.
Admin Building

The Admin Building was the subject of previous Planning and Zoning Commission ("P&Z") applications in 2012 and 2018. The 2012 approvals were Site Plan (PLPZ 2102-00237) and Special Permit (PLPZ 2012-00238) applications concerning use of a portion of the Admin Building by the Transportation Association of Greenwich ("TAG") for its headquarters, with the remaining portion of the building being then used for church administrative offices.

The 2018 approval was a Site Plan (PLPZ 2018-00375) application to have TAG replaced by the Center for Hope and Renewal as a tenant of a portion of the Admin Building. The 2018 approvals were made subject to the condition that any new tenant in the Admin Building would need approvals from P&Z "unless parking requirements are equivalent to a one-for-one exchange in parking need and the proposed tenant is a 501(c)(3) organization". Copies of both the 2012 and 2018 approvals are attached as Exhibit B.

Our client plans to use the Admin building for administrative offices supporting the non-profit school use at the School Building. Based on the 2008 site plan conditions, this is allowable without P&Z approval so long as the new tenant's parking demand is no more than existing, i.e. 25 spaces, and that it is a non-profit organization.

Conclusion

Our client would like to confirm that the non-profit school use of the School Building can be continued upon a change of tenancy subject only to demonstrating its non-profit status and complying with the hours of operation condition without need for approvals by P&Z.

Our client would further like to confirm that its administrative offices can be located in the Admin Building without need for approvals by P&Z subject only to demonstrating its non-profit status and confirming that proposed parking demand is no more than 25 spaces.

   Title:  Assistant Town Planner
recognition of the unique existing condition and without detriment to the public welfare or impairment to the integrity of the Regulations.

APPEAL No. 6084.

Appeal of William F. Jr. and Marilyn A. Pyne for variance of the use regulations to permit conversion of a two-family dwelling to three-family dwelling, on the easterly side of Weaver Street, Greenwich, in the R-12 zone.

It was unanimously RESOLVED that said appeal be denied on the following grounds:

In a previous appeal (No. 5985, 11/30/77), the Board found unique hardship to allow two-family use on the ground that the property location was not best suited for single family residence. The existing appeal seeks to bootstrap from there by additional use variance into three family use, asking the Board to apply R-6 zone special exception standards.

Considering all of the circumstances, including the character of the surrounding properties, uses and density, the Board finds that Applicants did not establish unique hardship to justify an increase to three family use. The Board has no power to apply special exception standards in this case to eliminate the necessity of establishing hardship.

APPEAL No. 6085.

Appeal of St. Catherine's Church Corp., Owners, and The University of Bridgeport, Lessee, for authorization as a special exception to permit non-profit school use in a portion of an existing school building, on the westerly side of Riverside Avenue, Riverside, in the R-6 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

The Board finds that all of the special exception standards under Sections 6-94, 6-97, 6-19 and 6-20 of the Building Zone Regulations continue to be met, for this requested change from religious elementary school use to non-profit university use. The availability of ample parking, closeness to the Post Road and effective separation from the residential part of the neighborhood are important factors in the Board's decision.

APPEAL No. 6086.

Appeal of John and Ann M. Hughes for variance of yard requirements to permit dwelling to continue, on the easterly side of Hillcrest Park Road, Old Greenwich, in the Ra-4 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
APPEAL 3060.

Appeal of St. Catherine's Catholic Church of Riverside School for authorization as a special exception to permit addition of two classrooms to an existing school on the westerly side of Riverside Avenue, Riverside, in an R-12 zone. It was unanimously RESOLVED that said appeal be granted on the following grounds:

This is an application for a special exception in the R-12 zone to permit an addition of two classrooms to an existing school as part of an educational institution and after weighing all the factors required to be considered on such an application we find that the special exception may be permitted.

APPEAL 3061.

Appeal of Madeleine G. Rafferty for variance of front and side yard requirements to permit use of an existing accessory building as a single family dwelling following division of a tract on the westerly side of Glenville Road at Hobart Drive, Greenwich, in an RA-1 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

Because this building exists and is substantial and is capable of use as a residence and can be so used without injury to the neighborhood the variances requested are granted.

APPEAL 3062.

Appeal of Merritt Construction Corporation for variance of front and rear yard requirements to permit erection of a dwelling on Lots 3 and 4 on the northerly side of Meadowbank Road at Hobart Drive, Greenwich, in an R-12 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

This is allowed on the same grounds given in our decision on App. No. 2994 relating to the same property.

APPEAL 3063.

Appeal of Marion Zatorsky for variance of side yard requirement to permit addition to an existing dwelling on the easterly side of Locust Street, Greenwich, in an R-6 zone.

It was unanimously RESOLVED that said appeal be denied on the following grounds:

Although the lot is large enough to accommodate a garage in the rear yard, without variance, the access to it from the street suffers such topographical hardship as would warrant variance of side yard to permit its erection in the place proposed, but such variance, if granted, would be so injurious to the property of his neighbor on that side that permission must be withheld.
We have previously indicated under decision #2595 that the area of this tract is sufficient under the circumstances of the case and the character of the neighborhood to warrant a division into two lots; and it now appearing that applicant actually has a house to be moved to the site of Lot 39-A and that a rear yard variance will not be required, the variance of area as indicated on the plot plan is granted.

APPEAL 2627

Appeal of Elsie B. Griffin for variance of side yard requirements to permit a dwelling to continue as located on the west side of Ridge Brook Road, Greenwich, in an R-20 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
This was a slight error of measurement due to no fault of the applicant, and it would entail hardship to rectify.

APPEAL 2628

Appeal of St. Catherine's Church Corp. for authorisation as a special exception to permit an addition to a parochial school located on the west side of Riverside Avenue, Riverside, in an R-12 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
This is an application for a special exception in the R-12 Zone to permit an addition to an existing school as part of an educational institution and after weighing all the factors required to be considered on such an application we find that the special exception may be permitted.

APPEAL 2629

Appeal of George Gordon for variance of front yard requirements to permit a side addition to an existing business building located on the north side of West Putnam Avenue, Greenwich, in a B-G Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
The addition to this existing non-conforming building will not aggravate the present front yard deficiency and variance is granted.

APPEAL 2630

Appeal of Arthur V. and Mary Jane L. Wallace for variance of front yard requirements to permit erection of a dwelling on Lot 14 and Part of 12 on the north side of Bruce Park Avenue Extension, Greenwich, in an R-6 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
We find hardship exists because of the topography and the proposed setback will average with others in the neighborhood.

APPEAL 2631

Appeal of John I. and Doris L. Gedney for variance of front yard requirements to permit a dwelling to continue as located on the west side of Laddins Rock Road, Old Greenwich, in an R-7 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
APPLICATION NO. 1778

Application of Beatrice E. Bittington for variance of the yard requirements of the RA-1 Zone to permit a new side yard and front setback, resulting from a subdivision of property and a new road, for existing dwelling located on a private road off the south side of Millcrest Avenue and Knoll Avenue; in the Palmer Hill section of town.

It was unanimously RESOLVED that said application be granted on the following grounds:

The application is granted with the provision that the right of way be made 20 feet which is all that is required by the zoning regulations in order to lessen the amount of the side yard variance since it is a house existing prior to zoning.

APPLICATION NO. 1779

Application of Dewey L. Pierce for variance of the yard requirements of the R-12 Zone as they apply to existing buildings on Lot No. 11, south side of Pierce Road, Riverside, shown on map of "Property of Dewey Pierce", made by S. E. Minor & Co., Civil Engrs., dated July 28, 1950.

It was unanimously RESOLVED that said application be granted on the following grounds:

The application is granted provided it is limited to 1-family. The yard variance is justified because it results from the building of a roadway.

APPLICATION NO. 1780

Application of the Round Hill Community Church for authorization (a), to permit proposed addition to church as shown on plans and plot plan filed; (b), permission to vary the rear yard requirements of the RA-4 Zone as shown on plot plan filed, all of which is located on the northwest corner of Round Hill Road and John Street, Greenwich.

It was unanimously RESOLVED that said application be granted on the following grounds:

This is an application for our approval of a church use and it appearing that the proposed use will not create or aggravate a traffic, fire or panic hazard, or block highway circulation, or be detrimental to the neighborhood, or alter its essential characteristics, it is granted.

We grant the rear yard as shown on plot plan filed.

APPLICATION NO. 1781

Application of St. Catherine's Catholic Church of Riverside for authorization to add 4 class rooms to rear of existing school building located on the west side of Riverside Avenue approx. 200 feet south of the Post Road, Riverside, in the R-12 Zone.

It was unanimously RESOLVED that said application be granted on the following grounds:

This is an application for our approval of an educational use and it appearing that same will not be operated for commercial profit and that the proposed use will not create or aggravate a traffic, fire or panic hazard or block highway circulation, or be detrimental to the neighborhood.

Riverside, CT 06878

RE: St. Catherine’s Church Corp; applications PLPZ 2012 00237 and PLPZ 2012 00238, for a site plan and special permit, to create a headquarters for the Transportation Association of Greenwich (TAG) in space that was previously used for the Church’s religious education program on a 2.1 acre property located at 13 Riverside Avenue in the R-12 zone

Gentlemen:

At a regular meeting of the Planning and Zoning Commission held on June 12, 2012 and upon a motion made by Maitland, and seconded by Brooks the following resolution was unanimously adopted: (Voting on this item: Messrs. Heller, Marchese, Maitland, and Brooks and Mrs. Alban).

Whereas the Commission held a public meeting/hearing on June 12, 2012 and took all testimony as required by law; and

Whereas the applicants, St. Catherine of Sienna Church Corp. and TAG (Transportation Association of Greenwich) are requesting Commission approval to allow TAG to use the second and third floors totaling 1,991 sq. ft. of the O’Malley Center, which has a total of 3,761 sq. ft., and to use up to 25 parking spaces in the St. Catherine Church Parking lot on Riverside Avenue for TAG vans and busses; and

Whereas TAG has been occupying space in this building and using the parking spaces, which lies in the R-12 zone, for some time and this applicant has now submitted a site plan and special permit application under Section 6-94 (b) as a non-profit philanthropic and charitable institution to use the 2nd and 3rd floors
having a total of 1,991 sq. ft. of this O’Malley Center which floors were formally used by the Religious Education staffs for the Church and the 1st and 4th floors still have Church uses; and

Whereas TAG will have four (4) staff members in the offices from 6:30 AM to 6:30 PM for dispatch of shuttle vans and Norwalk Transit buses using 25 parking spaces. TAG parks their vehicles overnight on the lot 7 days a week and therefore takes up some of the required parking for the Church on weekends; and

Whereas TAG owns 18 buses and the TAG drivers swap their cars for the vans and buses they drive in terms of parking spaces; and

TAG owns 18 vans/buses and operates 28 commuter passenger buses (CCX program) nine (9) 10-20 passenger handicapped modified buses and five (5) handicapped accessible, seven (7) passenger mini-vans and the four (4) large commuter shuttles are parked directly behind the building as they have diesel engines which require being plugged in at night. The other vehicles are parked at the most south/easterly end of the parking lot adjoining the hotel and office building and I-95; and

Whereas the applicant TAG is a major transportation provider to the elderly, handicapped and disadvantaged in Greenwich and operates the Commuter Shuttle program in Greenwich for the Norwalk Transit. It serves a quasi municipal function receiving over $160,000 in annual funding from the Town of Greenwich and provides services to the Commission on Aging, the Board of Education, Nathaniel Witherall, and the Department of Social Services. It also serves as the designated transportation coordinator under the Town’s Emergency Management Plan.

Whereas the Commission notes that this Church parking lot is used by the Church on Saturdays, Sundays and Holy Days and all the lot and parking is required to meet the Building Zone Regulations for the number of seats in the church and school building uses; and

Whereas during the week, this particular parking lot is used by:

1- The Children’s Day School staff and parents with 25 parking spaces specifically assigned for this Day School for pre-school students and staff and was approved by the Commission years ago with hours similar to TAG (6:30AM to 6:30PM).

2- The Board of Education Arch Street Alternate High School (which leases part of the former school building) and has 28 parking spaces for their staff and students who drive. This was approved by administrative site plan submission to the Planning and Zoning and other Town agencies and reflected a change from the Stanwich School to the Arch Street Alternative High School. Hours are 8:00 AM to 3:00 PM.

However, these two uses do not use the parking lot overnight nor on Saturdays or Sundays when Church services and activities require use of these parking spaces; and

Whereas the Commission finds that TAG is a philanthropic non-profit institution serving Greenwich residents per Section 6-94 (b) and that the impact to the Church parking lot is minimal and the vans are parked at the furthest distance on the lot and the drivers swap their cars for these vehicles and there is no traffic impact upon Riverside Avenue and no impact on the adjoining residential properties or commercial properties; and
Whereas the Commission finds that this use of TAG in the O'Malley Center for two floors of use and 25 parking spaces with four office staff and 14 drivers may be approved per Section 6-94(b), 6-15, and 6-17 of the Town of Greenwich Building Zone Regulations.

Therefore Be It Resolved that the applications of James B. Dougherty, Esq., authorized agent, for St. Catherine's Church Corp., record owner, and the Transportation Association of Greenwich, for a final site plan and special permit, PLPZ 2012 00237 and PLPZ 2012 00238, to create a headquarters for (TAG) in space that was previously used for the Church's religious education program per Section 6-13 through 6-15, 6-17, and 6-94(b) of the Town of Greenwich Building Zone Regulations on a 2.1 acre property located at 13 Riverside Avenue in the R-12 zone as shown on a parking layout plan dated 05/09/12 are hereby approved with modifications.

The modifications are as follows and will be addressed on the three sets of final plans for building permit approval or Certificate of Occupancy sign-off by staff. The following notes be placed on the 3 sets of plans submitted to Planning and Zoning:

1- No expansion of office area or staff or drivers or buses/vans or relocation of parked TAG vehicles is permitted without Planning and Zoning Commission review and approval.

2- When and if TAG leaves the O'Malley Center, any new tenant must secure new approvals from the Planning and Zoning Commission. Because this property is in the R-12 residential zone, any new use of the same floors should be either residential or non-profit or Church related uses with limited staff and parking requirements.

3- This parking lot and building may not be used for profit or commercial uses.

This letter has been reviewed and approved by those Commission members seated and voting on this item at its June 12, 2012 meeting.

If you have any questions, please call the office.

Very truly yours,

Mr. Thomas Heagney, Esq.
Heagney, Lennon & Slane LLP
248 Greenwich Avenue
Greenwich, CT 06830

RE: The application of Thomas Heagney, Esq, authorized agent, for St. Catherines Church Corp., record owners, for a final site plan, PLPZ 2018 00375, for approval of a change of tenants as imposed by the Commission’s prior decision (PLPZ 2012 00327, 328) per Sections 6-13, 6-14, 6-94(b), 6-100, 6-141, and 6-158 of the Town of Greenwich Building Zone Regulations on a 0.23-acre property located at 13 Riverside Avenue in the R-12 zone as shown on floor plans previously approved on 8/9/12.

Dear Mr. Heagney:

At a regular meeting held on September 11, 2018, the Planning and Zoning Commission considered the above referenced application and took the following action:

Upon a motion made by Alban and seconded by Fox, the following resolution was unanimously adopted 5-0 (Voting on this item: Maitland, Alban, Levy, Fox and Yeskey (for Macri));

WHEREAS the Commission held a regular meeting on September 11, 2018 and took all testimony as required by law; and

WHEREAS the subject property is located in the R-12 zone, and is therefore subject to the following conditions 6-13, 6-14, 6-94(b), 6-100, 6-141 and 6-158 of the Building Zone Regulations; and

WHEREAS the applicant is proposing a change of use for a 501c3 organization to occupy four office spaces on the second floor; and
WHEREAS the current tenant, Transportation Association of Greenwich, which occupies the first and second floors, is reducing in size; and

WHEREAS the proposed use is for the second floor only of the O'Malley Center building located at 13 Riverside Avenue; and

WHEREAS the Commission noted that the proposed change of use is for supplemental counseling use by the Greenwich Center for Hope and Renewal; and

WHEREAS the Commission noted that the proposed counseling sessions shall not include group sessions; and

WHEREAS the proposed change of use does not include any change to the building or exterior alterations; and

WHEREAS the previous approval for final site plan PLPZ 2012 000327 and special permit PLPZ 2012 00328 noted that any change of tenant would require approval by the Planning and Zoning Commission; and

WHEREAS the applicant presented and the Commission noted the hours for all uses within the O'Malley Center building; and

WHEREAS the Commission noted that the current parking is suited to meet the demand for use

WHEREAS the previous approval allocated 25 parking spaces for TAG use; and

WHEREAS the proposed change of use would require 8 parking spaces per Sec 6-158 of the Building Zone Regulations; and

WHEREAS the parking required by TAG would be reduced to 17 parking spaces; and

WHEREAS the ZEO indicated in comments dated 8/28/18 that the site plan meets the requirements of the Building Zone Regulations excluding sections 6-15 and 6-17; and

WHEREAS the Commission noted department and staff comments; and

THEREFORE BE IT RESOLVED the application of Thomas Hegney, Esq., authorized agent, for St. Catherines Church Corp., record owners, for a final site plan, PLPZ 2018 00375, for approval of a change of tenants as imposed by the Commission's prior decision (PLPZ 2012 00327, 328) per Sections 6-13, 6-14, 6-94(b), 6-100, 6-141, and 6-158 of the Town of Greenwich Building Zone Regulations on a 0.23-acre property located at 13 Riverside Avenue in the R-12 zone as shown on floor plans previously approved on 8/9/12 is hereby approved with the following modifications:

1. Any future change of tenant shall require the applicant to come before the Commission unless the parking requirements are equivalent to a one-for-one exchange in parking need and the proposed tenant is a 501c3 organization. The Town Planner may waive full Commission review for any proposed change of tenant but reserves the right to refer the applicant for full Commission review;
2. The proposed change of use shall require 8 parking spaces for use by the Greenwich Center for Hope and Renewal;
3. The parking requirements for TAG shall be reduced to 17 spaces.

Prior to any activity on site or Zoning Permit issuance, the applicant shall make an appointment with Planning and Zoning staff to submit documentation to address the Commission's decision. This submittal shall include:

1. Four (4) sets of the survey showing the parking layout with spaces clearly marked for the proposed tenant use;
2. Three (3) sets of building floor plans for the second floor;
3. Any other pertinent documentation necessary to address the Commission's decision; and
4. Any outstanding comments from the ZEO, and/or staff.
5. Any changes to the proposed plans shall be reviewed with Planning and Zoning.
6. Any exterior changes must be reviewed by the ARC.

In accordance with Section 6-14.1(e) of the Building Zone Regulations of the Town of Greenwich, failure to complete all approved work within five years of the approval date shall result in automatic expiration of the approval. Upon a written request to extend the site plan approval beyond five years, the Planning and Zoning Commission may grant one or more extensions of time to complete all work not to exceed ten years from the effective date of approval.

The contents of this letter have been reviewed by members of the Commission and reflect the decision the Commission made at its meeting on September 11, 2018.

If you have any questions, please call.

Sincerely,

Bianca Dygert

RE: St. Catherine’s Church Corp; applications PLPZ 2012 00237 and PLPZ 2012 00238, for a final site plan and special permit, to create a headquarters for the Transportation Association of Greenwich (TAG) in space that was previously used for the Church’s religious education program on a 2.1 acre property located at 13 Riverside Avenue in the R-12 zone

Gentlemen:

At a regular meeting of the Planning and Zoning Commission held on June 12, 2012 and upon a motion made by Maitland, and seconded by Brooks the following resolution was unanimously adopted: (Voting on this item: Messrs. Heller, Marchese, Maitland, and Brooks and Mrs. Alban).

Whereas the Commission held a public meeting/hearing on June 12, 2012 and took all testimony as required by law; and

Whereas the applicants, St. Catherine of Sienna Church Corp. and TAG (Transportation Association of Greenwich) are requesting Commission approval to allow TAG to use the second and third floors totaling 1,991 sq. ft. of the O’Malley Center, which has a total of 3,761 sq. ft., and to use up to 25 parking spaces in the St. Catherine Church Parking lot on Riverside Avenue for TAG vans and busses; and

Whereas TAG has been occupying space in this building and using the parking spaces, which lies in the R-12 zone, for some time and this applicant has now submitted a site plan and special permit application under Section 6-94 (b) as a non-profit philanthropic and charitable institution to use the 2nd and 3rd floors.
having a total of 1,991 sq. ft. of this O’Malley Center which floors were formally used by the Religious Education staffs for the Church and the 1st and 4th floors still have Church uses; and

Whereas TAG will have four (4) staff members in the offices from 6:30 AM to 6:30 PM for dispatch of shuttle vans and Norwalk Transit buses using 25 parking spaces. TAG parks their vehicles overnight on the lot 7 days a week and therefore takes up some of the required parking for the Church on weekends; and

Whereas TAG owns 18 buses and the TAG drivers swap their cars for the vans and buses they drive in terms of parking spaces; and

TAG owns 18 vans/buses and operates 28 commuter passenger buses (CCX program) nine (9) 10-20 passenger handicapped modified buses and five (5) handicapped accessible, seven (7) passenger mini-vans and the four (4) large commuter shuttles are parked directly behind the building as they have diesel engines which require being plugged in at night. The other vehicles are parked at the most south/easterly end of the parking lot adjoining the hotel and office building and I-95; and

Whereas the applicant TAG is a major transportation provider to the elderly, handicapped and disadvantaged in Greenwich and operates the Commuter Shuttle program in Greenwich for the Norwalk Transit. It serves a quasi municipal function receiving over $160,000 in annual funding from the Town of Greenwich and provides services to the Commission on Aging, the Board of Education, Nathaniel Witherall, and the Department of Social Services. It also serves as the designated transportation coordinator under the Town’s Emergency Management Plan.

Whereas the Commission notes that this Church parking lot is used by the Church on Saturdays, Sundays and Holy Days and all the lot and parking is required to meet the Building Zone Regulations for the number of seats in the church and school building uses; and

Whereas during the week, this particular parking lot is used by:

1. The Children’s Day School staff and parents with 25 parking spaces specifically assigned for this Day School for pre-school students and staff and was approved by the Commission years ago with hours similar to TAG (6:30AM to 6:30PM).

2. The Board of Education Arch Street Alternate High School (which leases part of the former school building) and has 28 parking spaces for their staff and students who drive. This was approved by administrative site plan submission to the Planning and Zoning and other Town agencies and reflected a change from the Stanwich School to the Arch Street Alternate High School. Hours are 8:00 AM to 3:00 PM.

However, these two uses do not use the parking lot overnight nor on Saturdays or Sundays when Church services and activities require use of these parking spaces; and

Whereas the Commission finds that TAG is a philanthropic non-profit institution serving Greenwich residents per Section 6-94 (b) and that the impact to the Church parking lot is minimal and the vans are parked at the furthest distance on the lot and the drivers swap their cars for these vehicles and there is no traffic impact upon Riverside Avenue and no impact on the adjoining residential properties or commercial properties; and
Whereas the Commission finds that this use of TAG in the O'Malley Center for two floors of use and 25 parking spaces with four office staff and 14 drivers may be approved per Section 6-94(b), 6-15, and 6-17 of the Town of Greenwich Building Zone Regulations.

Therefore Be It Resolved that the applications of James B. Dougherty, Esq., authorized agent, for St. Catherines Church Corp., record owner, and the Transportation Association of Greenwich, for a final site plan and special permit, PLPZ 2012 00237 and PLPZ 2012 00238, to create a headquarters for (TAG) in space that was previously used for the Church's religious education program per Section 6-13 through 6-15, 6-17, and 6-94(b) of the Town of Greenwich Building Zone Regulations on a 2.1 acre property located at 13 Riverside Avenue in the R-12 zone as shown on a parking layout plan dated 05/09/12 are hereby approved with modifications.

The modifications are as follows and will be addressed on the three sets of final plans for building permit approval or Certificate of Occupancy sign-off by staff. The following notes be placed on the 3 sets of plans submitted to Planning and Zoning:

1- No expansion of office area or staff or drivers or buses/vans or relocation of parked TAG vehicles is permitted without Planning and Zoning Commission review and approval.

2- When and if TAG leaves the O'Malley Center, any new tenant must secure new approvals from the Planning and Zoning Commission. Because this property is in the R-12 residential zone, any new use of the same floors should be either residential or non-profit or Church related uses with limited staff and parking requirements.

3- This parking lot and building may not be used for profit or commercial uses.

This letter has been reviewed and approved by those Commission members seated and voting on this item at its June 12, 2012 meeting.

Greenwich, Connecticut 06830

Re: St. Catherine of Siena School Building located at
4 Riverside Avenue, Riverside, Connecticut

Dear Jodi:

We represent a potential non-profit school tenant for the existing school building known as the Father Vincent J. O’Connor Center (the "School Building") located at the St. Catherine of Siena campus at 4 Riverside Avenue, Riverside Connecticut.

The School Building is a two-story educational facility that has been a non-profit parochial elementary school dating back to the 1930’s for as many as 500-600 students. Over the years, several Special Exceptions were granted by the Town of Greenwich Planning and Zoning Board of Appeals (the "Board"). Appeals Nos. 1781, 2628, 3060, and 6085 all concern the non-profit school use of the School Building. Copies of these decisions are attached for your reference. None of these approvals contain any limiting condition on the School Building’s operation.

In particular, Appeal 6085 is a Special Exception issued by the Board in 1978 permitting the change from "religious elementary school use to non-profit university use" of the second floor of the School Building for approximately 150-200 students.

Currently, the School Building is used by The Town of Greenwich Alternative High School Program (most of second floor), St. Catherine’s Church for religious education (second floor rooms 206 and 207), Greenwich Education Association (first floor rooms 106 and 107 first floor), the Spanish School (first floor rooms 108 and 109). The balance of the first floor space is used by St. Catherine's Church. In approximately 2012, the Town of Greenwich Alternative High School Program began using most of the second floor of the School Building.

It is the intent of our client to first occupy the Alternative High School space, then occupy the remaining space in the School Building when the current tenants’ leases expire, such that it will eventually occupy the entire building for its non-profit education programs. The expectation is that student enrollment will not exceed 150 students.
Our client would like to confirm that the non-profit school use of the School Building can be continued upon a change of tenancy subject only to demonstrating its non-profit status.

It is clear that based on Appeal 6085 that non-profit educational use was approved for one floor of the School Building with a capacity of at least 150-200 students. The proposed use will be at most the lower threshold of this capacity spread out over both floors of the School Building. As a result, the proposed use intensity and parking demand will be less than that approved by Appeal 6085.

I trust you agree that the School Building is currently approved for non-profit school use, and our client can therefore proceed directly to obtain any zoning permit necessary to fit out the School Building space in keeping with its recognized historical use as a non-profit educational facility.

Kindly indicate your agreement by countersigning this letter where appropriate below and return to my attention at your earliest convenience.

Sincerely,

[Signature]

Christopher B. Bristol, Esq.

Accepted and agreed to

   Name: Mr. Jodi Couture
   Title: Zoning Enforcement Officer

August 18, 2010

Mr. Joseph R. Potenza, AICP
Acting Zoning Enforcement Officer
Building Division – Department of Public Works
Town of Greenwich
101 Field Point Road
Greenwich, CT 06830

RE: St. Catherine of Siena R. C. Church
Riverside Avenue, Riverside, Town of Greenwich

Dear Mr. Potenza:

We represent St. Catherine of Siena R. C. Church ("St. Catherine’s"), owner of properties located at 4, 6 and 8 Riverside Avenue on the south side of U. S. Route 1 (the "West Parcel"), and 13 Riverside Avenue (the "East Parcel"), Riverside. These properties are located in the R-6, R-12, and R-PHD-E zones. A small portion of the East Parcel is zoned LBR-2 and is used solely for parking.

The following is a description of the existing structures on the properties:

1. **West Parcel** (5.5 +/- acres) St. Catherine’s church building with about 795 seats\(^1\), with a parish hall on its lower level; a 5,500 +/- square foot rectory; an 27,800 +/- sq. ft. classroom building, formerly the church’s K-8 parochial school; a chapel, which is attached to the former convent now leased to The Children’s Day School; and the Bishop Curtis Homes, with 31 units of elderly congregate housing; and

2. The East Parcel (2.1 +/- acres) has approximately 238 parking spaces\(^2\), and a 1,320 +/- sq. ft. building used as offices.

In late spring 2010, Greenwich Zoning Enforcement Officer Casey O’Donnell contacted members of St. Catherine’s advisory council regarding the multi-tenant use of the classroom building on the West Parcel, and the Transportation Center of Greenwich’s (TAG) use of the building and portions of the parking lot on the East Parcel.

Page 2

Parcel. He requested that St. Catherine’s provide a list of all existing uses and tenants, and any proposed uses and tenants, for both the West and East Parcels, and identify prior zoning approvals under which such activities would fall.

Mr. O’Donnell stated that this information would be used by the office of Zoning Enforcement as a “baseline” for St. Catherine’s, administrative approvals could be issued for new tenants or uses at the property. It would also make clear whether and when formal applications to the Planning and Zoning Board of Appeals (PZBA) for special exception, and/or the Planning and Zoning Commission (PZC) for site plan and/or special permit approvals would be required.

We assisted St. Catherine’s in compiling preliminary information, based principally on the review of PZBA meeting minutes. On July 16, 2010, attorney Ted O’Hanlan and I met with Mr. O’Donnell to discuss our preliminary findings and our conclusion that, with the exception of TAG on the East Parcel, and USAG (Tumble Bugs) in the gym in the classroom building, all existing and proposed educational and community outreach activities are consistent with prior zoning approvals. This is because the use of all facilities and grounds are by a) a non-profit religious institution, and/or b) for a non-profit educational use. He asked that we investigate further PZBA’s record on Appeal No. 6085 (granted 1978), to confirm that it authorizes the use of the classroom building by more than one educational institution.

On July 27, 2010, Mr. O’Hanlan and I met with you to recap our prior meeting with Mr. O’Donnell, to review and discuss our research and conclusions regarding zoning compliance of existing and proposed uses, and to confirm that this information and methodology are acceptable for St. Catherine’s to keep your office apprised of its zoning compliance as tenants change. I subsequently met with you on August 16, 2010 to present the results of our further investigation of the 1978 PZBA approval and how the three proposed educational tenants for the classroom building is less intense a use than has historically been the case.

All existing and proposed uses (as of September 2010), and associated zoning approvals or building permits are identified on EXHIBIT A to this letter. A chronology of educational uses in the classroom building (1938 – today) is attached as EXHIBIT B. Copies of meeting minutes or letters of decision on the referenced approvals are attached hereto as EXHIBITS C through I.
At our July 27th and August 16th meetings, we reached consensus on the following:

a) The existing church, social hall, rectory, parking, and use of a portion of the classroom building for church administrative offices (business manager, director of religious education) and religious education and programs are authorized by St. Catherine's existing special exception as a non-profit religious institution. There are no zoning issues or concerns with respect to this use;

b) Independent non-profit organizations that are, or may be in the future, part-time tenants or users of the classroom building and/or parish hall, and that provide community-based charitable, social, and/or educational outreach, are commonly recognized as adjunct uses to St. Catherine's community outreach mission. The existing groups that use St. Catherine's facilities on a part-time basis include, Alcoholics Anonymous, Greenwich Hospital's Parent Exchange, and Greenwich Continuing Education's ESL program. (See EXHIBIT A.) Other such typical uses at churches or synagogues that are open to the community at large include Boy Scouts, food pantries, Red Cross classes and blood drives, and monthly luncheons or activities for seniors. There are no zoning issues or concerns with respect to such existing or future uses at the site;

c) Conversion of the former convent building (8 Riverside Avenue) from senior non-profit congregate housing use to non-profit educational (The Children's Day School), and construction of The Bishop Curtis Homes apartments were authorized by specific PZBA special exception and PZC coastal site plan approvals. There are no zoning issues or concerns regarding these uses or facilities;

d) Occupancy of the classroom building, (which St. Catherine's operated from 1938 until the 1970s as its K-8 parochial school in that facility with 500 to 600 pupils) for educational use by non-profit institutions or organizations other than St. Catherine's was approved in PZBA's 1978 special exception for the University of Bridgeport (Appeal No. 6085; EXHIBIT F). This approval related only to the entire upper floor of that building (9 classrooms) for classes for approximately 150-200 students, with parking provided on the East Parcel.

---

3 Source: Transcript, PZBA Appeal No. 6085, July 24, 1978 public hearing.
This approval authorized occupancy by more than one non-profit school, and includes schools not under the direction of, or operated by, St. Catherine’s.

This interpretation was affirmed in 2003 by your office’s administrative approval of The Stanwich School’s occupancy of fifteen (15) of the total seventeen (17) classrooms in the classroom building as its Middle School, with approximately 90 students. Their lease ended in 2010. Because no site work was involved, no separate special exception approvals were required by the Town, presumably for reasons that it was no greater intense a use of the building than as a parochial school, or than when occupied by UB. Interior alterations to classrooms used by Stanwich were approved administratively by the Zoning Enforcement office in sign-offs on building permits and c.o.s for that work. During its occupancy, Stanwich used the East Parcel parking lot for staff parking, drop off/pick-up of students, and transporting of students by van to its other campuses on Stanwich Road and in Stamford.

e) Two new proposed uses, by The Center for Educational Equality, Inc. d/b/a Greenwich Education Group, and The Greenwich Spanish School (a new, non-profit preschool) relate to a portion of the classroom building. These uses are consistent with, and of a lesser intensity than those approved under the 1978 PZBA special exception, and that allowed for The Stanwich School as discussed above.

f) Greenwich Education Group will occupy three classrooms, with an average of nine students in class at any given time. These academic tutoring, and SAT-type prep classes will be conducted after typical school hours, and Saturday and Sunday mornings.

The Center for Educational Equality has applied for non-profit 501(c)(3) status with the IRS. St. Catherine’s has included in its lease a provision that if non-profit status is denied, the lease may be terminated and the tenant must vacate the premises. The Greenwich Education Group is to provide you copies of its application to the IRS and its lease with St. Catherine’s, with its application for building permit. You have agreed that this good faith effort by this tenant

---

*Note: three (3) of the total fifteen (15) classrooms leased by Stanwich were used as school offices.*
and St. Catherine’s meets the non-profit education use requirement for this zone until such time as the IRS has made its ruling on 501(c)(3) status.  

g) The Greenwich Spanish School will occupy one classroom with a maximum enrollment of 24 children ages 3 to 5 years. You advised that The Greenwich Spanish School must submit to you a) a copy of its application to the IRS for 501(c)(3) exemption and b) a copy of its lease with St. Catherine’s in requesting zoning authorization to occupy its classroom. In the interim, you have agreed to sign The Greenwich Spanish School’s application to the State Department of Health for day care licensure, re zoning compliance.

h) The Children’s Day School, which occupies the former convent on the West Parcel (#8 Riverside), wishes to expand its existing preschool program into one (1) classroom in the classroom building, for 20 children. No site work is involved; the three new teachers will park on the East Parcel along with the rest of the school’s staff. Days and hours of operation of the School will not change. For the same reasons stated in items d) and e) above, this occupancy of the classroom building by an existing tenant of the property is consistent with the 1978 PZBA special exception approval.

i) St. Catherine’s has made a written request to its other existing educational tenants in the classroom building, USAG, Inc. (Tumble Bugs) (see “j”) below), Christian Yoga, and Actor’s Technique, to confirm that they are registered not-for-profit organizations with 501(c)(3) status. Copies of these letters are attached hereto as EXHIBIT J. To the extent any of the organizations are not a non-profit, its tenancy will be terminated, and St. Catherine’s we will advise your office in writing of this action.

j) USAG, Inc. d/b/a Tumble Bugs, offers physical education instruction and classes Monday through Saturday. This tenant has occupied the gymnasium and one (1) classroom in the classroom building for about 25 years. In its letter to St. Catherine’s, dated August 13, 2010 (EXHIBIT K), Tumble Bugs has acknowledged that it will apply by September 1, 2010 to the IRS for 501(c)(3) status in order to bring its operation into compliance with the Town’s zoning regulations. You have agreed that upon receipt of copies of a)
its application to the IRS for 501(c)(3) exemption as a non-profit education institution, and b) a copy of its lease with St. Catherine’s, that Tumble Bugs may continue to occupy the classroom building until the IRS has made its ruling.

k) TAG is a not-for-profit outreach organization founded in 1984, which provides free transportation to Greenwich seniors and the disabled to local appointments and to social service organizations, e.g., the Greenwich Senior Center. It appears that there is no zoning approval of record authorizing TAG’s occupancy of the former dwelling on the East Parcel (#13 Riverside) for office use and parking lot for dispatch and storage of transportation vehicles, even though it has been operational at that location since 1995.

In 1980, the PZBA and PZC did grant approvals for the conversion of that structure for religious education offices. However, because of the intensity of TAG’s operations and because it is not affiliated with St. Catherine’s religious education program, your office and the Town Planner have requested that TAG file applications to the PZBA for special exception, and to the PZC for site plan approval to affirm its existing operation. St. Catherine’s has advised TAG to proceed as requested, and will cooperate as property owner on TAG’s zoning applications. You have agreed that, so long as TAG files and pursues their applications with diligence, its present operations may continue.

l) The Stanwich School wishes to enter into a lease with St. Catherine’s to continue to provide to families living in Riverside and Old Greenwich transportation services for students enrolled at its Stanwich Road and Stamford campuses. The operation involves three to four (3-4) Stanwich School mini-buses, each with a capacity of 14 seats. Consistent with the School’s start and dismissal times, the last vans would leave the East Parcel by approximately 7:30 am and return by about 4:30 pm. You have advised that Stanwich’s use is a site plan review manner, and that the use of the East Parcel for this purpose is not authorized without further discussions between Stanwich and the Town Planner.

m) It is acknowledged that seasonal sale of Christmas trees and wreaths by local-type for-profits on the church property, with rent paid to St. Catherine’s, are temporary non-regulated uses allowed under the town’s zoning, and occur at other churches in town (e.g., First Congregational in Old Greenwich). Given that the subject site is bounded by commercial, state and federal highways,
and multi-family uses, this limited use is considered not objectionable or injurious to this neighborhood.

Based on the above findings stated in items d) through h) above, the proposed occupancies by Greenwich Education Group, The Greenwich Spanish School, and The Children’s Day School of portions of the existing classroom building are consistent with the historic application and interpretation by the Town of the PZBA’s 1978 special exception (Appeal No. 6085), as described. Therefore, no new PZBA special exceptions are required for these tenants. You have agreed that the Zoning Enforcement office will sign off on zoning compliance on applications of The Greenwich Spanish School and The Children’s Day School for licensure from the State Department of Health as pre-schools.

Further, building permit applications by any of these tenants for interior alterations to their spaces will be processed administratively by your office. The Greenwich Education Group may proceed to submit its building permit application for interior alterations, provided said application is supported by a copy of its application to the IRS for 501(c)(3) status, and a copy of its lease with St. Catherine’s. The Children’s Day School may proceed to apply for any building permits or C.O.S. for any work on its new classroom. The Greenwich Spanish School must provide the Zoning Enforcement Office with copies of its application to the IRS for non-profit 501(c)(3) status, and a copy of its lease with St. Catherine’s before you will grant authorization for them to occupy their classroom.

St. Catherine’s understands that this letter, inclusive of all exhibits, will be kept on file at the Building Department for future reference by Zoning Enforcement staff in determining whether any new requests for proposed tenants of the church’s facilities fall under the zoning approvals of record, or require a new application for special exception, special permit and/or site plan approvals. St. Catherine’s expressly understands that the Zoning Enforcement Officer should be consulted on any proposed new tenants, or any expansion by existing tenants, to confirm consistency with the existing approvals. We believe that this will establish an efficient and cost-effective way of demonstrating compliance and keeping your office apprised of activities on site. St. Catherine’s further acknowledges that any new proposal for an additional major tenant and/or change of use will likely be subject to P&Z site plan, special permit (if applicable), and PZBA special exception (if applicable) approvals prior to occupancy.

ACKNOWLEDGEMENT OF CONCURRENCE WITH ABOVE STATEMENTS:

[Signature]
Joseph R. Potenza, Acting Zoning Enforcement Officer
Town of Greenwich

8-25-10
APPLICATION NO. 1778

Application of Beatrice E. Bitingon for variance of the yard requirements of the RA-1 Zone to permit a new side yard and front setback, resulting from a subdivision of property and a new road, for existing dwelling located on a private road off the south side of Hillcrest Avenue and Knoll Avenue, in the Palmer Hill section of town.

It was unanimously RESOLVED that said application be granted on the following grounds:

The application is granted with the provision that the right of way be made 20 feet which is all that is required by the zoning regulations in order to lessen the amount of the side yard variance since it is a house existing prior to zoning.

APPLICATION NO. 1779

Application of Dewey L. Pierce for variance of the yard requirements of the E-12 Zone as they apply to existing buildings on Lot No. 11, south side of Pierce Road, Riverside, shown on map of "Property of Dewey Pierce", made by S. E. Minor & Co., Civil Engrs., dated July 28, 1950.

It was unanimously RESOLVED that said application be granted on the following grounds:

The application is granted provided it is limited to 1-family. The yard variance is justified because it results from the building of a roadway.

APPLICATION NO. 1780

Application of the Round Hill Community Church for authorization (a) to permit proposed addition to church as shown on plans and plot plan filed; (b) permission to vary the rear yard requirements of the RA-4 Zone as shown on plot plan filed, all of which is located on the northwest corner of Round Hill Road and John Street, Greenwich.

It was unanimously RESOLVED that said application be granted on the following grounds:

This is an application for our approval of a church use and it appearing that the proposed use will not create or aggravate a traffic, fire or panic hazard, or block highway circulation, or be detrimental to the neighborhood, or alter its essential characteristics, it is granted. We grant the rear yard as shown on plot plan filed.

APPLICATION NO. 1781

Application of St. Catherine's Catholic Church of Riverside for authorization to add 4 class rooms to rear of existing school building located on the west side of Riverside Avenue approx. 200 feet south of the Post Road, Riverside, in the E-12 Zone.

It was unanimously RESOLVED that said application be granted on the following grounds:

This is an application for our approval of an educational use and it appearing that same will not be operated for commercial profit and that the proposed use will not create or aggravate a traffic, fire or panic hazard or block highway circulation, or be detrimental to the neighborhood.
recognition of the unique existing condition and without detriment to the public welfare or impairment to the integrity of the Regulations.

APPEAL No. 6084.

Appeal of William F. Jr. and Marian A. Pyne for variance of the use regulations to permit conversion of a two-family dwelling to three-family dwelling, on the easterly side of Weaver Street, Greenwich, in the R-12 zone. It was unanimously RESOLVED that said appeal be denied on the following grounds:

In a previous appeal (No. 5985, 11/30/77), the Board found unique hardship to allow two-family use on the ground that the property location was not best suited for single family residence. The existing appeal seeks to boot-strap from there by additional use variance into three family use, asking the Board to apply R-6 zone special exception standards.

Considering all of the circumstances, including the character of the surrounding properties, uses and density, the Board finds that Appellants did not establish unique hardship to justify an increase to three family use. The Board has no power to apply special exception standards in this case to eliminate the necessity of establishing hardship.

APPEAL No. 6085.

Appeal of St. Catherine's Church Corp., owners, and The University of Bridgeport, Lessee, for authorization as a special exception to permit non-profit school use in a portion of an existing school building, on the westerly side of Riverside Avenue, Riverside, in the R-6 zone. It was unanimously RESOLVED that said appeal be granted on the following grounds:

The Board finds that all of the special exception standards under Sections 6-94, 6-97, 6-19 and 6-20 of the Building Zone Regulations continue to be met, for this requested change from religious elementary school use to non-profit university use. The availability of ample parking, closeness to the Post Road and effective separation from the residential part of the neighborhood are important factors in the Board's decision.

APPEAL No. 6086.

Appeal of John and Ann M. Hughes for variance of yard requirements to permit dwelling to continue, on the easterly side of Hillcrest Park Road, Old Greenwich, in the RA-1 zone. It was unanimously RESOLVED that said appeal be granted on the following grounds:
APPEAL 3060.

Appeal of St. Catherine's Catholic Church of Riverside School for authorization as a special exception to permit addition of two classrooms to an existing school on the westerly side of Riverside Avenue, Riverside, in an R-12 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

This is an application for a special exception in the R-12 zone to permit an addition of two classrooms to an existing school as part of an educational institution and after weighing all the factors required to be considered on such an application we find that the special exception may be permitted.

APPEAL 3061.

Appeal of Madeleine G. Rafferty for variance of front and side yard requirements to permit use of an existing accessory building as a single family dwelling following division of a tract on the westerly side of Glenville Road at Hobart Drive, Greenwich, in an RA-1 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

Because this building exists and is substantial and is capable of use as a residence and can be so used without injury to the neighborhood the variances requested are granted.

APPEAL 3062.

Appeal of Merritt Construction Corporation for variance of front and rear yard requirements to permit erection of a dwelling on Lots 3 and 4 on the northerly side of Meadowbank Road, Old Greenwich, in an R-12 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

This is allowed on the same grounds given in our decision on App. No. 2994 relating to the same property.

APPEAL 3063.

Appeal of Marion Zatorski for variance of side yard requirement to permit addition to an existing dwelling on the easterly side of Locust Street, Greenwich, in an R-6 zone.

It was unanimously RESOLVED that said appeal be denied on the following grounds:

Although the lot is large enough to accommodate a garage in the rear yard, without variance, the access to it from the street suffers such topographical hardship as would warrant variance of side yard to permit its erection in the place proposed, but such variance, if granted, would be so injurious to the property of his neighbor on that side that permission must be withheld.
We have previously indicated under decision #2595 that the area of this tract is sufficient under the circumstances of the case and the character of the neighborhood to warrant a division into two lots; and it now appearing that applicant actually has a house to be moved to the site of Lot 39-A and that a rear yard variance will not be required, the variance of area as indicated on the plot plan is granted.

APPEAL 2627

Appeal of Elsie B. Griffin for variance of side yard requirements to permit a dwelling to continue as located on the west side of Ridge Brook Road, Greenwich, in an R-20 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

This was a slight error of measurement due to no fault of the applicant, and it would entail hardship to rectify.

APPEAL 2628

Appeal of St. Catherine's Church Corp. for authorization as a special exception to permit an addition to a parochial school located on the west side of Riverside Avenue, Riverside, in an R-12 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

This is an application for a special exception in the R-12 Zone to permit an addition to an existing school as part of an educational institution and after weighing all the factors required to be considered on such an application we find that the special exception may be permitted.

APPEAL 2629

Appeal of George Gordon for variance of front yard requirements to permit a side addition to an existing business building located on the north side of West Putnam Avenue, Greenwich, in a B-6 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

The addition to this existing non-conforming building will not aggravate the present front yard deficiency and variance is granted.

APPEAL 2630

Appeal of Arthur V. and Mary Jane M. Wallace for variance of front yard requirements to permit erection of a dwelling on Lot 14 and Part of 12 on the north side of Bruce Park Avenue Extension, Greenwich, in an R-6 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

We find hardship exists because of the topography and the proposed setback will average with others in the neighborhood.

APPEAL 2631

Appeal of John I. and Doris L. Gedney for variance of front yard requirements to permit a dwelling to continue as located on the west side of Laddins Rock Road, Old Greenwich, in an R-7 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
Really, you could say that a commercial use cannot park its cars in a residential zone.

I would think it has to be through the PZBA.

Thank you Jodi. For 13-17 Riverside... do they need a variance through ZBA or just request through P&Z Commission?

Subject: comments
1. No expansion of office area or staff or drivers or buses/vans or relocation of parked TAG vehicles is permitted without Planning and Zoning Commission review and approval.

2. When and if TAG leaves the O'Malley Center, any new tenant must secure new approval from the Planning and Zoning Commission. Because this property is in the R-12 residential zone, any new use of the same floor should be either residential or non-profit or Church related uses with limited staff and parking requirement.

3. This parking lot and building may not be used for profit or commercial use.

Re: Site Plan Application for Saint Catherine's Church Parking Lot Located on the East Side of Riverside Avenue, Riverside, Connecticut (the "Property")

Dear Peter:

We represent St. Catherine of Sienna and St. Agnes Parish Corporation ("St. Catherine's Church"). St. Catherine's is a Connecticut non-stock corporation that is a religious institution not operated for commercial profit.

St. Catherine's owns an approximate 5.5 acre parcel across the street from the Property (the "West Parcel"). This property contains Saint Catherine's Roman Catholic Church building, a chapel, a rectory, a classroom building (leased to the Japanese School), and a 31-unit elderly congregate housing building. Parking is also provided on this property as shown on the enclosed site plan.

The Property contains 2.1 acres of land and is improved with a 1,320 sf office building. The balance of the Property is a parking lot providing additional parking for the uses on the West Parcel described above. The parking lot is partially in the LBR zone directly across the street from the church with the majority of the parking lot being in the R-12 residential zone. The parking lot, particularly that portion of it in the residential zone is lightly parked during most days. Those days when it is substantially parked are when there are services on major Catholic Holidays (Christmas Eve, Christmas and Easter) and services for weddings and funeral masses.
St. Catherine's has been approached by the owners of The J House hotel, which also contains the popular "Tony's" restaurant, located at 1114 East Putnam Avenue, to use the rear 46 parking spaces on the Property as supplemental parking for the hotel and restaurant during those times when the parking is not needed for the uses being conducted on the West Parcel, particularly the Church. The area in question is shown on the attached site plan (the "License Area").

The J House hotel is legally non-conforming as to the current parking requirements under the Greenwich Building Zone Regulations (the "Regulations"). The restaurant is very popular during the evenings and even if parking met the Regulations more would be needed. The hotel and restaurant provide valet parking also and does having a working relationship with the owners of the adjoining Rand Insurance building for evenings and weekends, but this is still not enough. Other area office building owners declined to provide off-hours parking.

The J House property's western parking area itself adjoins the Property essentially at the same grade. The parties have come to an agreement, subject to Planning and Zoning Commission (the "Commission") approval, to create an accessway between the J House property and the License Area. St. Catherine’s will allow the employees of the hotel and restaurant and the valet service to park cars in the License Area only during those times when St. Catherine's does not need the area to meet the parking needs of the uses being conducted on the West Parcel, which essentially are those times as described above and for those days when the St. Catherine's Carnival is being run on the Property.

We believe that the within proposal is consistent with the Regulations. We note particularly that Section 6-158 of the Regulations addresses "required" parking by stating "Parking that is required for the assembling of persons or for any other use shall be available for tenants, owners, employees, visitors, and customers at least thirty minutes before and after the scheduled operating time." The within proposal will meet these criteria. I note further that the primary use of the entire parking lot is to satisfy the needs of the religious and educational institutions on the West Parcel, consistent with the provisions of Section 6-94(a)(5) of the Regulations permitting religious or educational institutions not operated for commercial profit. Both St. Catherine’s and The Japanese School are not operated for profit.

Overall, this proposal provides for a win-win situation for the community. It helps preclude hotel and restaurant employees and customer parking on nearby residential streets and it allows for less in and out of valet-parked cars onto public streets from the hotel property making for a safer overall travel environment for both general traffic and traffic in and out of the hotel property. We trust the Commission will agree.
With respect to the accompanying application, you will find enclosed the following:

1. Detailed narrative (this letter);
2. Final Site Plan application form;
3. Affidavit of Notice;
4. Certificate of Mailing;
5. Site Plan for the Property delineating the License Area;
6. Site Plan for the West Parcel;
7. September 1, 2019 Memo from Katie DeLuca to Jodi Couture that permitted the Japanese School containing statistical information re the overall uses of the properties for reference;
8. Area Aerial Map;
9. Authorization letter from St. Catherine's; and
10. Check in the amount of the required filing fee.

Should you have any questions or require further information, please feel free to contact the undersigned or my partner Christopher Bristol.

Thank you for your prompt attention to this application.

Very truly yours,

/s/

John P. Tesei

NEWINGTON, CONNECTICUT
To Whom It May Concern:

Notice is hereby given that St. Catherine of Sienna and St. Agnes Parish Corporation have filed a Site Plan Application with the Greenwich Planning and Zoning Commission seeking permission to park vehicles of the J-House hotel and restaurant employees and guests on the eastern portion of its parking lot located on the east side of Riverside Avenue in Riverside, Connecticut. Guest parking will be by valet only. The J-House is located at 1114 East Putnam Avenue, Riverside, Connecticut, and its parking lot abuts the area of the St. Catherine's parking lot it will use. An access drive will connect the parking areas, and this will be the only means for the J-House employees to enter the area of the St. Catherine's parking lot they are permitted to use.

St. Catherine's retains the right to use the entire parking lot, including the area to be used by the J-House, at all times to satisfy its parking requirements and operational needs, including use thereof for the annual St. Catherine's Carnival.

Further information concerning this application may be obtained by contacting the Planning and Zoning Commission, the undersigned.

       Pat LaRow, Deputy Director of Planning and Zoning

DATE: August 20, 2019 REVISED SEPTEMBER 16, 2019

RE: PLPZ 2019 00377 – Request for Change of tenant
     8 Riverside Avenue – St. Catherine of Siena R. C. Church
     R-12 Zone

REVISION:
The Planning and Zoning Office approved administrative site plan PLPZ 2019 00377 to confirm that the non-profit school use of the School Building can be continued upon a change of tenancy. Post that approval, Attorney John Tesei, the applicant’s agent, provided a letter dated September 4, 2019 (see attached), requesting three changes including 1) hours of operation for the religious education and Church-related activities; 2) the enrollment number that triggers a Commission level review; and 3) the limited number of school related activities after school hours.

ORIGINAL APPROVAL WITH THE REVISIONS NOTED (bold and italics = new and strikethrough is deleted language):
St. Catherine of Siena R. C. Church (“St. Catherine’s”), owner of properties located at 4, 6 and 8 Riverside Avenue on the south side of U. S. Route 1 (the “West Parcel”), and 13 Riverside Avenue (the “East Parcel”), Riverside located in the R-6, R-12, and R-PHD-E zones and a small portion of the East Parcel in the LBR-2 zone which is used solely for parking, has requested confirmation that the non-profit school use of the School Building can be continued upon a change of tenancy.

The proposed use of the Father Vincent J. O’Conner Center aka the School Building by the Greenwich Japanese School building is consistent with the historic application and interpretation by the Town of the PZBA’s 1978 special exception (Appeal No. 6085), as described below.

The Planning and Zoning Office has not objection to this request, subject to the following:
1) A school use at the site is approved pursuant to ZBA Appeal #6085. As noted in the attached letter from Attorney Chris Bristol, dated July 16, 2019, “It is the intent of our client to first occupy the Alternative High School space, then occupy the remaining space in the School Building when the current tenants’ lease expires, such that it will eventually occupy the entire building for its non-profit education programs. The expectation is that student enrollment will not exceed 150 students”. It is anticipated that there will be 35 staff members in total and they will park on the East Parcel and that approximately 90% of the students ride the bus. *St. Catherine’s use of the School Building for religious education and Church-related activities after 3:30 p.m. on weekdays, on Sundays, and such other times when the school is not in session is permitted.*

2) Due to the use of this site at significantly lower number of school children in recent years, it shall be noted that once the enrollment of the children on the property reaches 200, an application to the Planning and Zoning Commission shall be submitted to present the logistics of how the site functions, particularly with respect to drop off and pick-up. At least the following information will be required:
   a. Existing and anticipated student population.
   b. A current site plan showing the layout of all dimensioned parking spaces and travel lanes
   c. Parking logistics plans – who uses the property when and where do they park.
   d. Layout of the building currently occupied by TAG
   e. Floor plans of the School Building
   f. The number of buses and their ridership
   g. The drop off and pick-up times of the school uses on the property including the Children’s Day school, with whom they will share a driveway.

3) The hours of operation are 8am to 3:30pm with no anticipated night or weekend events with limited activities to take place during the evenings or weekends; such after-hours activities of the school would be for students and their parents only with no general public activities (specific permitted after-hours activities include an English proficiency test, about 6 times/year; Open School for parents, twice a year; school/cultural festival, once a year; occasional lectures/workshop for the students by prominent persons).

4) Prior to the start of the school year, the turning radius of the school buses dropping off at the rear of the school shall be provided to Planning and Zoning staff for review.

5) Prior to the start of the school year, the Greenwich Japanese School must provide the Zoning Enforcement Office and Planning and Zoning with copies of its accepted application to the IRS for non-profit 501(c)(3) status, and a copy of its lease with St. Catherine’s.

6) A staff member must manage the street crossing for the students. There shall be no blocking of traffic on Riverside Avenue for the purpose of dropping off children.

7) Any change in the use or changes to the exterior shall return to Planning and Zoning.

**BACKGROUND:**

The following is a description of the existing structures on the properties:
1. The West Parcel (5.5 +/- acres) comprises St. Catherine's church building with about 795 seats\(^1\), with a parish hall on its lower level; a 5,500 +/- square foot rectory; an 27,800 +/- sq. ft. classroom building, formerly the church's K-8 parochial school; a chapel, which is attached to the former convent now leased to The Children's Day School; and the Bishop Curtis Homes, with 31 units of elderly congregate housing; and

2. The East Parcel (2.1 +/- acres) has approximately 238 parking spaces\(^2\), and a 1,320 +/- sq. ft. building used as offices.

3. A non-profit school use has been a part of this property since 1938:

   a) The use of all facilities and grounds are by a) a non-profit religious institution, and/or b) for a non-profit educational use. The use of the classroom building by more than one educational institution is permitted pursuant to PZBA's record on Appeal No. 6085 (granted 1978).

   b) Occupancy of the classroom building, (which St. Catherine's operated from 1938 until the 1970s as its K-8 parochial school in that facility with 500 to 600 pupils\(^3\)) for educational use by non-profit institutions or organizations other than St. Catherine's was approved in PZBA's 1978 special exception for the University of Bridgeport (Appeal No. 6085 attached). This approval related only to the entire upper floor of that building (9 classrooms) for classes for approximately 150-200 students, with parking provided on the East Parcel. This approval authorized occupancy by more than one non-profit school, and includes schools not under the direction of, or operated by, St. Catherine's.

   c) The Stanwich School occupied fifteen (15) of the total seventeen (17) classrooms in the classroom building as its Middle School, with approximately 90 students from 2003 to approximately 2010.\(^4\)

St. Catherine's understands that this letter, inclusive of all attachments, will be kept on file at the Planning and Zoning Department for future reference by Zoning Enforcement staff in determining whether any new requests for proposed tenants of the church's facilities fall under the zoning approvals of record, or require a new application for special exception, special permit and/or site plan approvals.

St. Catherine's expressly understands that the Zoning Enforcement Officer should be consulted on any proposed new tenants, or any expansion by existing tenants, to confirm consistency with the existing approvals.

St. Catherine's further acknowledges that any new proposal for an additional major tenant and/or change of use will likely be subject to P&Z site plan, special permit (if applicable), and PZBA special exception (if applicable) approvals prior to occupancy.

Re:  
St. Catherine of Siena School Building located at  
4 Riverside Avenue, Riverside, Connecticut

Dear Jodi:

We represent a potential non-profit school tenant for the existing school building known as the Father Vincent J. O’Connor Center (the “School Building”) located at the St. Catherine of Siena campus at 4 Riverside Avenue, Riverside, Connecticut.

The School Building is a two-story educational facility that has been a non-profit parochial elementary school dating back to the 1930’s for as many as 500-600 students. Over the years, several Special Exceptions were granted by the Town of Greenwich Planning and Zoning Board of Appeals (the “Board”). Appeals Nos. 1781, 2628, 3060, and 6085 all concern the non-profit school use of the School Building. Copies of these decisions are attached for your reference. None of these approvals contain any limiting condition on the School Building’s operation.

In particular, Appeal 6085 is a Special Exception issued by the Board in 1978 permitting the change from “religious elementary school use to non-profit university use” of the second floor of the School Building for approximately 150-200 students.

Currently, the School Building is used by The Town of Greenwich Alternative High School Program (most of second floor), St. Catherine’s Church for religious education (second floor rooms 206 and 207), Greenwich Education Association (first floor rooms 106 and 107 first floor), the Spanish School (first floor rooms 108 and 109). The balance of the first floor space is used by St. Catherine’s Church. In approximately 2012, the Town of Greenwich Alternative High School Program began using most of the second floor of the School Building.

It is the intent of our client to first occupy the Alternative High School space, then occupy the remaining space in the School Building when the current tenants’ leases expire, such that it will eventually occupy the entire building for its non-profit education programs. The expectation is that student enrollment will not exceed 150 students.
Our client would like to confirm that the non-profit school use of the School Building can be continued upon a change of tenancy subject only to demonstrating its non-profit status.

It is clear that based on Appeal 6085 that non-profit educational use was approved for one floor of the School Building with a capacity of at least 150-200 students. The proposed use will be at most the lower threshold of this capacity spread out over both floors of the School Building. As a result, the proposed use intensity and parking demand will be less than that approved by Appeal 6085.

I trust you agree that the School Building is currently approved for non-profit school use, and our client can therefore proceed directly to obtain any zoning permit necessary to fit out the School Building space in keeping with its recognized historical use as a non-profit educational facility.

Kindly indicate your agreement by countersigning this letter where appropriate below and return to my attention at your earliest convenience.

Sincerely,

[Signature]

Christopher B. Bristol, Esq.

Accepted and agreed to on July ___, 2019

By: ____________________________________________
   Name: Mr. Jodi Couture
   Title: Zoning Enforcement Officer
recognition of the unique existing condition and without detriment to the public welfare or impairment to the integrity of the Regulations.

APPEAL No. 6084.

Appeal of William F. Jr. and Marian A. Pyne for variance of the use regulations to permit conversion of a two-family dwelling to three-family dwelling, on the westerly side of Weaver Street, Greenwich, in the R-12 zone.

It was unanimously RESOLVED that said appeal be denied on the following grounds:

In a previous appeal (No. 5985, 11/30/77), the Board found unique hardship to allow two-family use on the ground that the property location was not best suited for single family residence. The existing appeal seeks to boot-strap from there by additional use variance into three family use, asking the Board to apply R-6 zone special exception standards.

Considering all of the circumstances, including the character of the surrounding properties, uses and density, the Board finds that appellants did not establish unique hardship to justify an increase to three family use. The Board has no power to apply special exception standards in this case to eliminate the necessity of establishing hardship.

APPEAL No. 6085.

Appeal of St. Catherine's Church Corp., Owners, and University of Bridgeport, Lessee, for authorization as a special exception to permit non-profit school use in a portion of an existing school building, on the westerly side of Riverside Avenue, Riverside, in the R-6 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

The Board finds that all of the special exception standards under Sections 6-94, 6-97, 6-19 and 6-20 of the Building Zone Regulations continue to be met for this requested change from religious elementary school use to non-profit university use. The availability of ample parking, closeness to the Post Road and effective separation from the residential part of the neighborhood are important factors in the Board's decision.

APPEAL No. 6085.

Appeal of John and Ann M. Hughes for variance of yard requirements to permit dwelling to continue, on the easterly side of Hillcrest Park Road, Old Greenwich, in the RA-1 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
APPEAL 3060.

Appeal of St. Catherine's Catholic Church of Riverside School for authorization as a special exception to permit addition of two classrooms to an existing school on the westerly side of Riverside Avenue, Riverside, in an R-12 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
This is an application for a special exception in the R-12 zone to permit an addition of two classrooms to an existing school as part of an educational institution and after weighing all the factors required to be considered on such an application we find that the special exception may be permitted.

APPEAL 3061.

Appeal of Madeleine G. Refferty for variance of front and side yard requirements to permit use of an existing accessory building as a single family dwelling following division of a tract on the westerly side of Glenville Road at Robert Drive, Greenwich, in an RA-1 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
Because this building exists and is substantial and is capable of use as a residence and can be so used without injury to the neighborhood the variances requested are granted.

APPEAL 3062.

Appeal of Merritt Construction Corporation for variance of front and rear yard requirements to permit erection of a dwelling on Lots 3 and 4 on the northerly side of Meadowbank Road, Old Greenwich, in an R-12 zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
This is allowed on the same grounds given in our decision on App. No. 2994, relating to the same property.

APPEAL 3063.

Appeal of Marion Zatorsky for variance of side yard requirement to permit addition to an existing dwelling on the easterly side of Locust Street, Greenwich, in an R-6 zone.

It was unanimously RESOLVED that said appeal be denied on the following grounds:
Although the lot is large enough to accommodate a garage in the rear yard, without variance, the access to it from the street suffers such topographical hardship as would warrant variance of side yard to permit its erection in the place proposed, but such variance, if granted, would be so injurious to the property of his neighbor on that side that permission must be withheld.
We have previously indicated under decision #2595 that the area of this tract is insufficient under the circumstances of the case and the character of the neighborhood to warrant a division into two lots; and it now appearing that applicant actually has a house to be moved to the site of Lot 39-A and that a rear yard variance will not be required, the variance of area as indicated on the plot plan is granted.

APPEAL 2627

Appeal of Elies B. Griffin for variance of side yard requirements to permit a dwelling to continue as located on the west side of Ridge Brook Road, Greenwich, in an R-20 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

This was a slight error of measurement due to no fault of the applicant, and it would entail hardship to rectify.

APPEAL 2628

Appeal of St. Catherine's Church Corp. for authorization as a special exception to permit an addition to a parochial school located on the west side of Riverside Avenue, Riverside, in an R-12 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

This is an application for a special exception in the R-12 Zone to permit an addition to an existing school as part of an educational institution and after weighing all the factors required to be considered on such an application we find that the special exception may be permitted.

APPEAL 2629

Appeal of George Gordon for variance of front yard requirements to permit a side addition to an existing business building located on the north side of West Putnam Avenue, Greenwich, in a B-6 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

The addition to this existing non-conforming building will not aggravate the present front yard deficiency and variance is granted.

APPEAL 2630

Appeal of Arthur V. and Mary Jane L. Wallace for variance of front yard requirements to permit erection of a dwelling on Lot 14 and Part of 12 on the north side of Bruce Park Avenue Extension, Greenwich, in an R-6 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:

We find hardship exists because of the topography and the proposed setback will average with others in the neighborhood.

APPEAL 2631

Appeal of John I. and Doris L. Gedney for variance of front yard requirements to permit a dwelling to continue as located on the west side of Laddine Rock Road, Old Greenwich, in an R-7 Zone.

It was unanimously RESOLVED that said appeal be granted on the following grounds:
APPLICATION NO. 1778

Application of Beatrice E. Eltingen for variance of the yard requirements of the RA-1 Zone to permit a new side yard and front setback, resulting from a subdivision of property and a new road, for existing dwelling located on a private road off the south side of Hillcrest Avenue and Knoll Avenue, in the Palmer Hill section of town.

It was unanimously RESOLVED that said application be granted on the following grounds:
The application is granted with the provision that the right of way be made 20 feet which is all that is required by the zoning regulations in order to lessen the amount of the side yard variance since it is a house existing prior to zoning.

APPLICATION NO. 1779

Application of Dewey L. Pierce for variance of the yard requirements of the R-12 Zone as they apply to existing buildings on Lot No. 11, south side of Pierce Road, Riverside, shown on map of "Property of Dewey Pierce", made by S. E. Minor & Co., Civil Engrs., dated July 28, 1950.

It was unanimously RESOLVED that said application be granted on the following grounds:
The application is granted provided it is limited to 1-family. The yard variance is justified because it results from the building of a roadway.

APPLICATION NO. 1780

Application of the Round Hill Community Church for authorization (a), to permit proposed addition to church as shown on plans and plot plan filed; (b), permission to vary the rear yard requirements of the RA-4 Zone as shown on plot plan filed, all of which is located on the northwest corner of Round Hill Road and John Street, Greenwich.

It was unanimously RESOLVED that said application be granted on the following grounds:
This is an application for our approval of a church use and it appearing that the proposed use will not create or aggravate a traffic, fire or panic hazard; or block highway circulation, or be detrimental to the neighborhood, or alter its essential characteristics, it is granted.

We grant the rear yard as shown on plot plan filed.

APPLICATION NO. 1781

Application of St. Catherine's Catholic Church of Riverside for authorization to add 4 class rooms to rear of existing school building located on the west side of Riverside Avenue approx. 200 feet south of the Post Road, Riverside, in the R-12 Zone.

It was unanimously RESOLVED that said application be granted on the following grounds:
This is an application for our approval of an educational use and it appearing that same will not be operated for commercial profit and that the proposed use will not create or aggravate a traffic, fire or panic hazard or block highway circulation, or be detrimental to the neighborhood.

RE: St. Catherine's Church Corp; applications PLPZ 2012 00237 and PLPZ 2012 00238, for a final site plan and special permit, to create a headquarters for the Transportation Association of Greenwich (TAG) in space that was previously used for the Church's religious education program on a 2.1 acre property located at 13 Riverside Avenue in the R-12 zone

Gentlemen:

At a regular meeting of the Planning and Zoning Commission held on June 12, 2012 and upon a motion made by Maitland, and seconded by Brooks the following resolution was unanimously adopted: (Voting on this item: Messrs. Heller, Marchese, Maitland, and Brooks and Mrs. Alban).

Whereas the Commission held a public meeting/hearing on June 12, 2012 and took all testimony as required by law; and

Whereas the applicants, St. Catherine of Sienna Church Corp. and TAG (Transportation Association of Greenwich) are requesting Commission approval to allow TAG to use the second and third floors totaling 1,991 sq. ft. of the O'Malley Center, which has a total of 3,761 sq. ft., and to use up to 25 parking spaces in the St. Catherine Church Parking lot on Riverside Avenue for TAG vans and buses; and

Whereas TAG has been occupying space in this building and using the parking spaces, which lies in the R-12 zone, for some time and this applicant has now submitted a site plan and special permit application under Section 6-94 (b) as a non-profit philanthropic and charitable institution to use the 2nd and 3rd floors
having a total of 1,991 sq. ft. of this O’Malley Center which floors were formally used by the Religious Education staffs for the Church and the 1st and 4th floors still have Church uses; and

Whereas TAG will have four (4) staff members in the offices from 6:30 AM to 6:30 PM for dispatch of shuttle vans and Norwalk Transit buses using 25 parking spaces. TAG parks their vehicles overnight on the lot 7 days a week and therefore takes up some of the required parking for the Church on weekends; and

Whereas TAG owns 18 buses and the TAG drivers swap their cars for the vans and buses they drive in terms of parking spaces; and

TAG owns 18 vans/buses and operates 28 commuter passenger buses (CCX program) nine (9) 10-20 passenger handicapped modified buses and five (5) handicapped accessible, seven (7) passenger mini-vans and the four (4) large commuter shuttles are parked directly behind the building as they have diesel engines which require being plugged in at night. The other vehicles are parked at the most south/easterly end of the parking lot adjoining the hotel and office building and I-95; and

Whereas the applicant TAG is a major transportation provider to the elderly, handicapped and disadvantaged in Greenwich and operates the Commuter Shuttle program in Greenwich for the Norwalk Transit. It serves a quasi municipal function receiving over $160,000 in annual funding from the Town of Greenwich and provides services to the Commission on Aging, the Board of Education, Nathaniel Witherell, and the Department of Social Services. It also serves as the designated transportation coordinator under the Town’s Emergency Management Plan.

Whereas the Commission notes that this Church parking lot is used by the Church on Saturdays, Sundays and Holy Days and all the lot and parking is required to meet the Building Zone Regulations for the number of seats in the church and school building uses; and

Whereas during the week, this particular parking lot is used by:

1- The Children’s Day School staff and parents with 25 parking spaces specifically assigned for this Day School for pre-school students and staff and was approved by the Commission years ago with hours similar to TAG (6:30AM to 6:30PM).

2- The Board of Education Arch Street Alternate High School (which leases part of the former school building) and has 28 parking spaces for their staff and students who drive. This was approved by administrative site plan submission to the Planning and Zoning and other Town agencies and reflected a change from the Stanwich School to the Arch Street Alternative High School. Hours are 8:00 AM to 3:00 PM.

However, these two uses do not use the parking lot overnight nor on Saturdays or Sundays when Church services and activities require use of these parking spaces; and

Whereas the Commission finds that TAG is a philanthropic non-profit institution serving Greenwich residents per Section 6-94 (b) and that the impact to the Church parking lot is minimal and the vans are parked at the furthest distance on the lot and the drivers swap their cars for these vehicles and there is no traffic impact upon Riverside Avenue and no impact on the adjoining residential properties or commercial properties; and
Whereas the Commission finds that this use of TAG in the O'Malley Center for two floors of use and 23 parking spaces with four office staff and 14 drivers may be approved per Section 6-94(b), 6-15, and 6-17 of the Town of Greenwich Building Zone Regulations.

Therefore Be It Resolved that the applications of James B. Dougherty, Esq., authorized agent, for St. Catherines Church Corp., record owner, and the Transportation Association of Greenwich, for a final site plan and special permit, PLPZ 2012 00237 and PLPZ 2012 00238, to create a headquarters for (TAG) in space that was previously used for the Church's religious education program per Section 6-13 through 6-15, 6-17, and 6-94(b) of the Town of Greenwich Building Zone Regulations on a 2.1 acre property located at 13 Riverside Avenue in the R-12 zone as shown on a parking layout plan dated 05/09/12 are hereby approved with modifications.

The modifications are as follows and will be addressed on the three sets of final plans for building permit approval or Certificate of Occupancy sign-off by staff. The following notes be placed on the 3 sets of plans submitted to Planning and Zoning:

1- No expansion of office area or staff or drivers or buses/vans or relocation of parked TAG vehicles is permitted without Planning and Zoning Commission review and approval.

2- When and if TAG leaves the O'Malley Center, any new tenant must secure new approvals from the Planning and Zoning Commission. Because this property is in the R-12 residential zone, any new use of the same floors should be either residential or non-profit or Church related uses with limited staff and parking requirements.

3- This parking lot and building may not be used for profit or commercial uses.

This letter has been reviewed and approved by those Commission members seated and voting on this item at its June 12, 2012 meeting.

If you have any questions, please call the office.

Very truly yours,

PLANNING AND ZONING - LAND USE DEPARTMENT

VIA CERTIFIED MAIL

September 25, 2018

Mr. Thomas Heagney, Esq.
Heagney, Lennon & Slane LLP
248 Greenwich Avenue
Greenwich, CT 06830

RE: The application of Thomas Heagney, Esq., authorized agent, for St. Catherines Church Corp., record owners, for a final site plan, PLPZ 2018 00375, for approval of a change of tenants as imposed by the Commission’s prior decision (PLPZ 2012 00327, 328) per Sections 6-13, 6-14, 6-94(b), 6-100, 6-141, and 6-158 of the Town of Greenwich Building Zone Regulations on a 0.23-acre property located at 13 Riverside Avenue in the R-12 zone as shown on floor plans previously approved on 8/9/12.

Dear Mr. Heagney:

At a regular meeting held on September 11, 2018, the Planning and Zoning Commission considered the above referenced application and took the following action:

Upon a motion made by Alban and seconded by Fox, the following resolution was unanimously adopted 5-0 (Voting on this item: Maitland, Alban, Levy, Fox and Yeskey (for Macri));

WHEREAS the Commission held a regular meeting on September 11, 2018 and took all testimony as required by law; and

WHEREAS the subject property is located in the R-12 zone, and is therefore subject to the following conditions 6-13, 6-14, 6-94(b), 6-100, 6-141 and 6-158 of the Building Zone Regulations; and

WHEREAS the applicant is proposing a change of use for a 501c3 organization to occupy four office spaces on the second floor; and
WHEREAS the current tenant, Transportation Association of Greenwich, which occupies the first and second floors, is reducing in size; and

WHEREAS the proposed use is for the second floor only of the O’Malley Center building located at 13 Riverside Avenue; and

WHEREAS the Commission noted that the proposed change of use is for supplemental counseling use by the Greenwich Center for Hope and Renewal; and

WHEREAS the Commission noted that the proposed counseling sessions shall not include group sessions; and

WHEREAS the proposed change of use does not include any change to the building or exterior alterations; and

WHEREAS the previous approval for final site plan PLPZ 2012 000327 and special permit PLPZ 2012 00328 noted that any change of tenant would require approval by the Planning and Zoning Commission; and

WHEREAS the applicant presented and the Commission noted the hours for all uses within the O’Malley Center building; and

WHEREAS the Commission noted that the current parking is suited to meet the demand for use

WHEREAS the previous approval allocated 25 parking spaces for TAG use; and

WHEREAS the proposed change of use would require 8 parking spaces per Sec 6-158 of the Building Zone Regulations; and

WHEREAS the parking required by TAG would be reduced to 17 parking spaces; and

WHEREAS the ZEO indicated in comments dated 8/28/18 that the site plan meets the requirements of the Building Zone Regulations excluding sections 6-15 and 6-17; and

WHEREAS the Commission noted department and staff comments; and

THEREFORE BE IT RESOLVED the application of Thomas Heagney, Esq, authorized agent, for St. Catherines Church Corp., record owners, for a final site plan, PLPZ 2018 00375, for approval of a change of tenants as imposed by the Commission’s prior decision (PLPZ 2012 00327, 328) per Sections 6-13, 6-14, 6-94(b), 6-100, 6-141, and 6-158 of the Town of Greenwich Building Zone Regulations on a 0.23-acre property located at 13 Riverside Avenue in the R-12 zone as shown on floor plans previously approved on 8/9/12 is hereby approved with the following modifications:

1. Any future change of tenant shall require the applicant to come before the Commission unless the parking requirements are equivalent to a one-for-one exchange in parking need and the proposed tenant is a 501c3 organization. The Town Planner may waive full Commission review for any proposed change of tenant but reserves the right to refer the applicant for full Commission review;

2. The proposed change of use shall require 8 parking spaces for use by the Greenwich Center for Hope and Renewal;
3. The parking requirements for TAG shall be reduced to 17 spaces.

Prior to any activity on site or Zoning Permit issuance, the applicant shall make an appointment with Planning and Zoning staff to submit documentation to address the Commission's decision. This submittal shall include:

1. Four (4) sets of the survey showing the parking layout with spaces clearly marked for the proposed tenant use;
2. Three (3) sets of building floor plans for the second floor;
3. Any other pertinent documentation necessary to address the Commission's decision; and
4. Any outstanding comments from the ZEO, and/or staff.
5. Any changes to the proposed plans shall be reviewed with Planning and Zoning.
6. Any exterior changes must be reviewed by the ARC.

In accordance with Section 6-14.1(e) of the Building Zone Regulations of the Town of Greenwich, failure to complete all approved work within five years of the approval date shall result in automatic expiration of the approval. Upon a written request to extend the site plan approval beyond five years, the Planning and Zoning Commission may grant one or more extensions of time to complete all work not to exceed ten years from the effective date of approval.

The contents of this letter have been reviewed by members of the Commission and reflect the decision the Commission made at its meeting on September 11, 2018.

If you have any questions, please call.

Sincerely,

[signature]

Planner II
hour activities include an English proficiency test, about 6 times/year: Open School for parents, twice a year; school/cultural festival, once a year; occasional lecture/workshop for the students by prominent persons).

For the avoidance of any doubt, JEI and St. Catherine’s has no concerns in regards to the other conditions set out in your letter.

Thank you again for your assistance and cooperation.

Sincerely,

Re: PLPZ 2019 00377 – Request for Change of Tenant
8 Riverside Avenue – Saint Catherine of Siena R. C. Church

Dear Katie:

Thank you for sending us a copy of your August Memorandum to Jodi Couture. I have had the opportunity to consult with Pat Grasso, the representative of Saint Catherine’s and representatives of our client, The Japanese Educational Institute of New York (“JEI”) concerning the memorandum. They have asked that I correspond with you and request certain revisions to the memorandum, which, for the most part, are clarifications really pertaining to overall utilization of the facility once JEI takes over occupancy.

The first requested revision is to add to the end of the first condition at the end of the first page of the memorandum the following: “St. Catherine’s use of the School Building for religious education and Church-related activities after 3:30 pm on weekdays, on Sundays, and such other times when the school is not in session is permitted and shall have no effect on the enrollment limitations expressed in this Memorandum as they are consistent with past practices.”

The second request is from Pat Grasso; he requests changing “200” to “300” in the second condition. His concern is that by conceding a reduced limitation to 200, St. Catherine’s could find itself in a compromised position at some point in the future given the current occupancy rights granted previously. This change would be consistent with the discussion we had in your office.

The third request is to modify the third condition to read as follows: The hours of the operation of the school sessions are form 8:00 am to 3:30 pm” with limited activities to take place during the evenings or weekends; such after-hours activities of the school would be for the students and their parents only with no general public activities (specific permitted after-

DATE: December 21, 2014

RE: Sign-off for Zoning Permit
PLPZ2014-00687 - 8 Riverside Ave, Riverside, CT
Zone: R-12

Center for Educational Equality d/b/a Greenwich Education Group
Located within St. Catherine of Sienna Church

APPROVAL IS SUBJECT TO THE FOLLOWING:

1. Greenwich Education Group was one of the adjunct uses approved in August of 2010 according to a document submitted by Robinson & Cole, dated August 18, 2010, and signed by the Acting Zoning Enforcement Officer, Joe Potenza. Document located in file #PLPZ2011-397.

2. Greenwich Education Group will continue to occupy rooms 103, 106, and 107 with an average of nine students in class at any given time.

3. Rooms previously used as Religious Classrooms, 104 & 105, are to be altered to provide four college counseling rooms/offices and a conference room for the Greenwich Education Group.

4. Typical occupation of rooms 104 & 105 will consist of up to 4 employees and up to 5 high school aged children for an hour at a time each day.

5. General hours of operation are 10am-6pm.

6. Parking is provided in lot across the street. Stalls furthest from Riverside Ave are designated as parking for GEG staff.

7. The Zoning Enforcement Officer has determined that Greenwich Education Group does not need a new Special Exception for the use of these spaces. The Educational institutions are still subject to previous PZBA approvals, #8430 and #6085.

8. Center for Educational Equality d/b/a Greenwich Education Group must retain its non-profit status as a 501(c)(3) institution.
9. It is acknowledged that St. Catherine of Sienna Church continues to use all of the above noted classrooms on Sundays and when deemed necessary to meet the needs of the church.

PRIOR TO C.O. THE APPLICANT SHALL MEET WITH STAFF AND FOLLOWING CONDITIONS MUST BE MET:

1. Submit three (3) copies of As-built floor plans of rooms 104 & 105.
