

Create an Account for a Personalized Experience When You Shop for a Medicare Plan

When you visit Medicare.gov and create an account, you can:

- Build a better drug list. We'll make suggestions based on prescriptions you filled within the last 12 months.
- Update your drug list any time.
- Compare benefits and costs in your current plan to other plans available in your area.
- See costs based on any help you get.

Create your new account

If you want access to personalized information and features, you'll need to create an account. Visit **Medicare.gov** and select "Log in."

Have the following information ready (for yourself or the person you're helping):

1. Medicare Number – You can find this on your red, white, and blue Medicare card. If you're new to Medicare and don't have your Medicare card yet, you can get your Medicare Number by logging into your Social Security account at **socialsecurity.gov/myaccount**.
2. Last name
3. Date of birth
4. Current address with ZIP code or city
5. Part A or Part B coverage start date as shown on your Medicare card

Once you add this information and select "Next," you can create a username and password and use your new Medicare account. You can write your username and password hint below. Just remember to keep this sheet in a safe place to protect your privacy.

My username:

My password:

Forgot your username or password?

If you have an account, but forgot the username or password, you'll need this information:

1. Medicare Number
2. Last name
3. Date of birth
