CDC recommends everyone stay up to date with COVID-19 vaccination, including all primary series doses and boosters for their age group:

- People ages **6 months through 4 years** should get all COVID-19 primary series doses.
- People ages **5 years and older** should get all primary series doses, and the booster dose recommended for them by CDC.
  - People are recommended to receive the **updated Pfizer (ages 5 years and older) or Moderna (ages 6 years and older) bivalent booster.**
    - This includes people who have received all primary series doses

Note: The Pharmacies listed above have been provided as a matter of convenience to the Greenwich area and is not all inclusive of the number of facilities that carry and administer COVID-19 vaccines. The Greenwich Department of Health does not endorse these facilities and does not guarantee the availability of vaccine supplies at these locations. It is strongly suggested that each facility be contacted to verify vaccine type and availability.

Effective 10/19/22
