WHEREAS, T-Mobile USA is proposing to build a wireless telecommunications facility, comprised of an estimated 100-foot structure, at 328 Palmer Hill Road, this location being 230 feet from North Mianus Elementary School, a school with 454 Kindergarten to Fifth Grade students plus staff, 160 feet from the North Mianus School Kindergarten playground, and 600 feet from the Bridges Pre-School which will be opening in the fall of 2010 with 50-70 students from two to five years old plus staff; and

WHEREAS, serious concerns exist about the effects of constant exposure to electromagnetic radiation from wireless telecommunications structures, specifically the negative impact on the health of children and adults within a 1,500 foot radius; and

WHEREAS, there are numerous documented instances of wireless telecommunications structures falling or otherwise suffering catastrophic damage that poses an unacceptable risk to children and adults in the fall zone of the structure and surrounding area; and

WHEREAS, the health and safety of our children is of the highest priority relative to other concerns; and

WHEREAS, the Greenwich Board of Education has consistently stated that it opposes similar wireless telecommunications structures on its properties, adjacent properties or in close proximity to such properties; and

WHEREAS, property values may be degraded by wireless telecommunications structures in denser residential neighborhoods due to the negative perception over health concerns and community aesthetics; and

WHEREAS, the Town of Greenwich’s Grand List is based on the accumulation of property values, the wireless telecommunications structure could result in shifting a proportion of the Grand List and related tax burden to the remaining areas of the Town of Greenwich;
NOW THEREFORE, we, the members of the Representative Town Meeting of the Town of Greenwich, hereby resolve that wireless telecommunications structures not be constructed within 1,500 feet of any school located in the Town of Greenwich.
